

(ii) evidence submitted in support of allegations; (iii) publicly available information to value factors under 19 CFR 351.408(c) or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2); (iv) evidence placed on the record by the Department; and (v) evidence other than factual information described in (i)–(iv). The regulation requires any party, when submitting factual information, to specify under which subsection of 19 CFR 351.102(b)(21) the information is being submitted and, if the information is submitted to rebut, clarify, or correct factual information already on the record, to provide an explanation identifying the information already on the record that the factual information seeks to rebut, clarify, or correct. Time limits for the submission of factual information are addressed in 19 CFR 351.301, which provides specific time limits based on the type of factual information being submitted. Please review the regulations prior to submitting factual information in this investigation.

Extensions of Time Limits

Parties may request an extension of time limits before the expiration of a time limit established under Part 351, or as otherwise specified by the Secretary. In general, an extension request will be considered untimely if it is filed after the expiration of the time limit established under Part. For submissions that are due from multiple parties simultaneously, an extension request will be considered untimely if it is filed after 10:00 a.m. on the due date. Under certain circumstances, we may elect to specify a different time limit by which extension requests will be considered untimely for submissions which are due from multiple parties simultaneously. In such a case, we will inform parties in the letter or memorandum setting forth the deadline (including a specified time) by which extension requests must be filed to be considered timely. An extension request must be made in a separate, stand-alone submission; under limited circumstances we will grant untimely-filed requests for the extension of time limits. Review *Extension of Time Limits; Final Rule*, 78 FR 57790 (September 20, 2013), available at <http://www.gpo.gov/fdsys/pkg/FR-2013-09-20/html/2013-22853.htm>, prior to submitting factual information in this segment.

Certification Requirements

Any party submitting factual information in an AD or CVD proceeding must certify to the accuracy

and completeness of that information.²⁶ The Department intends to reject factual submissions if the submitting party does not comply with the certification requirements provided in 19 CFR 351.303(g) and implemented in the *Final Rule*.²⁷

Notification to Interested Parties

Interested parties must submit applications for disclosure under APO in accordance with 19 CFR 351.305. On January 22, 2008, we published *Antidumping and Countervailing Duty Proceedings: Documents Submission Procedures; APO Procedures*, 73 FR 3634 (January 22, 2008). Parties wishing to participate in this investigation should ensure that they meet the requirements of these procedures (e.g., the filing of letters of appearance as discussed at 19 CFR 351.103(d)).

This notice is issued and published pursuant to sections 702 and 777(i) of the Act.

Dated: March 18, 2015.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The merchandise covered by this investigation is supercalendered paper (SC paper). SC paper is uncoated paper that has undergone a calendering process in which the base sheet, made of pulp and filler (typically, but not limited to, clay, talc, or other mineral additive), is processed through a set of supercalenders, a supercalender, or a soft nip calender operation.²⁸

The scope of this investigation covers all SC paper regardless of basis weight, brightness, opacity, smoothness, or grade, and whether in rolls or in sheets. Further, the scope covers all SC paper that meets the scope definition regardless of the type of pulp fiber or filler material used to produce the paper.

Specifically excluded from the scope are imports of paper printed with final content of printed text or graphics.

Subject merchandise primarily enters under Harmonized Tariff Schedule of the United States (HTSUS) subheading 4802.61.3035, but may also enter under subheadings 4802.61.3010, 4802.62.3000,

²⁶ See section 782(b) of the Act.

²⁷ See *Certification of Factual Information to Import Administration During Antidumping and Countervailing Duty Proceedings*, 78 FR 42678 (July 17, 2013) (*Final Rule*); see also frequently asked questions regarding the *Final Rule*, available at http://enforcement.trade.gov/lei/notices/factual_info_final_rule_FAQ_07172013.pdf.

²⁸ Supercalendering and soft nip calendering processing, in conjunction with the mineral filler contained in the base paper, are performed to enhance the surface characteristics of the paper by imparting a smooth and glossy printing surface. Supercalendering and soft nip calendering also increase the density of the base paper.

4802.62.6020, and 4802.69.3000. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the investigation is dispositive.

National Oceanic and Atmospheric Administration

RIN 0648-XD852

Endangered and Threatened Species; Take of Anadromous Fish

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; availability of NMFS evaluation of joint state/tribal hatchery plans and request for comment.

SUMMARY: Notice is hereby given that the Washington Department of Fish and Wildlife (WDFW), with the Jamestown S’Klallam Tribe, the Lummi Nation, the Nooksack Tribe, the Stillaguamish Tribes, and the Tulalip Tribes as the *U.S. v. Washington* salmon resource co-managers, has submitted three Hatchery and Genetic Management Plans, to be considered jointly, to NMFS pursuant to the limitation on take prohibitions for actions conducted under Limit 6 of the 4(d) Rule for salmon and steelhead promulgated under the Endangered Species Act (ESA). The plans specify the propagation of early-returning (“early”) winter steelhead in the Dungeness, Nooksack, and Stillaguamish River watersheds of Washington State. This document serves to notify the public of the availability for comment of the proposed evaluation of the Secretary of Commerce (Secretary) as to whether implementation of the joint plans will appreciably reduce the likelihood of survival and recovery of ESA-listed Puget Sound steelhead, Puget Sound Chinook salmon, and Hood Canal summer chum salmon.

This notice further advises the public of the availability for review of a draft Environmental Assessment of the effects of the NMFS determination on the subject joint plans.

DATES: Comments must be received at the appropriate address or email mailbox (see **ADDRESSES**) no later than 5 p.m. Pacific time on April 27, 2015.

ADDRESSES: Written comments on the proposed evaluation and pending determination should be addressed to the NMFS Sustainable Fisheries

Division, 510 Desmond Dr., Suite 103, Lacey, WA 98503, or faxed to (360) 753-9517. Comments may be submitted by email. The mailbox address for providing email comments is: EWSteelheadHatcheries.wcr@noaa.gov. Include in the subject line of the email comment the following identifier: Comments on Early Winter Steelhead Hatchery Programs. When commenting on the draft environmental assessment, please refer to the specific page number and line number of the subject of your comment. The Secretary's proposed evaluation of effects on listed steelhead and salmon, and the draft Environmental Assessment are also available on the Internet at www.westcoast.fisheries.noaa.gov. Comments received will also be available for public inspection, by appointment, during normal business hours by calling (503) 230-5418.

FOR FURTHER INFORMATION CONTACT: Tim Tynan at (360) 753-9579 or email: tim.tynan@noaa.gov.

SUPPLEMENTARY INFORMATION:

ESA-Listed Species Covered in This Notice

Steelhead (*Oncorhynchus mykiss*): Threatened, naturally produced and artificially propagated Puget Sound.

Chinook salmon (*O. tshawytscha*): Threatened, naturally produced and artificially propagated Puget Sound.

Chum salmon (*O. keta*): Threatened, naturally produced and artificially propagated Hood Canal summer-run.

Bull trout (*Salvelinus confluentus*): Threatened Puget Sound/Washington Coast.

The WDFW, with the Jamestown S'Klallam Tribe, the Lummi Nation, the Nooksack Tribe, the Stillaguamish Tribes, and the Tulalip Tribes as the *U.S. v. Washington* salmon resource co-managers, has submitted to NMFS plans for three jointly operated hatchery programs in the Dungeness, Nooksack, and Stillaguamish river basins. The plans were submitted in July 2014, pursuant to limit 6 of the 4(d) Rule for the listed Puget Sound steelhead distinct population segment (DPS), and the listed Puget Sound Chinook Salmon and listed Hood Canal Summer Chum Salmon evolutionarily significant units (ESU). The plans reflect refinements of draft versions of the plans provided previously and evaluated pursuant to the 4(d) Rule. The hatchery programs would release early winter steelhead that are not included as part of the ESA-listed Puget Sound Steelhead Distinct Population Segment into the Dungeness River, Nooksack River, and Stillaguamish River watersheds. All

three programs would release fish that are not native to the watersheds.

As required by the ESA 4(d) rule (65 FR 42422, July 10, 2000, as updated in 70 FR 37160, June 28, 2005), the Secretary is seeking public comment on her pending determination as to whether the joint plans for early winter steelhead hatchery programs in the Dungeness River, Nooksack River, and Stillaguamish River would appreciably reduce the likelihood of survival and recovery of ESA-listed Puget Sound steelhead and Puget Sound salmon.

Under section 4(d) of the ESA, the Secretary is required to adopt such regulations as she deems necessary and advisable for the conservation of species listed as threatened. NMFS has issued a final ESA 4(d) Rule for salmon and steelhead, adopting in Limit 6 regulations necessary and advisable to harmonize statutory conservation requirements with tribal rights and the Federal trust responsibility to tribes (50 CFR 223.209).

This 4(d) Rule applies the prohibitions enumerated in section 9(a)(1) of the ESA. NMFS did not find it necessary and advisable to apply the take prohibitions described in section 9(a)(1)(B) and 9(a)(1)(C) to artificial propagation activities if those activities are managed in accordance with a joint plan whose implementation has been determined by the Secretary to not appreciably reduce the likelihood of survival and recovery of the listed salmonids. As specified in limit 6 of the 4(d) Rule, before the Secretary makes a decision on the joint plan, the public must have an opportunity to review and comment on the pending determination.

Authority

Under section 4 of the ESA, the Secretary of Commerce is required to adopt such regulations as she deems necessary and advisable for the conservation of species listed as threatened. The ESA salmon and steelhead 4(d) rule (65 FR 42422, July 10, 2000, as updated in 70 FR 37160, June 28, 2005) specifies categories of activities that contribute to the conservation of listed salmonids and sets out the criteria for such activities. Limit 6 of the updated 4(d) rule (50 CFR 223.203(b)(6)) further provides that the prohibitions of paragraph (a) of the updated 4(d) rule (50 CFR 223.203(a)) do not apply to activities associated with a joint state/tribal artificial propagation plan provided that the joint plan has been determined by NMFS to be in accordance with the salmon and steelhead 4(d) rule (65 FR 42422, July 10, 2000, as updated in 70 FR 37160, June 28, 2005).

We also apply this notice in accordance with the requirements of NEPA as amended (42 U.S.C. 4371 *et seq.*) and its implementing regulations (40 CFR 1506.6), and other appropriate Federal laws and regulations, and policies and procedures of NMFS for compliance with those regulations.

Dated: March 23, 2015.

Angela Somma,

Chief, Endangered Species Division, Office of Protected Resources, National Marine Fisheries Service.

Bureau of Economic Analysis

[Docket No. 150128086-5086-01]

RIN 0691-XC034]

BE-45: Quarterly Survey of Insurance Transactions by U.S. Insurance Companies With Foreign Persons

AGENCY: Bureau of Economic Analysis, Commerce.

ACTION: Notice of reporting requirements.

SUMMARY: By this Notice, the Bureau of Economic Analysis (BEA), Department of Commerce, is informing the public that it is conducting the mandatory survey titled Quarterly Survey of Insurance Transactions by U.S. Insurance Companies with Foreign Persons (BE-45). This survey is authorized by the International Investment and Trade in Services Survey Act.

SUPPLEMENTARY INFORMATION: This Notice constitutes legal notification to all United States persons (defined below) who meet the reporting requirements set forth in this Notice that they must respond to, and comply with, the survey. Reports are due 60 days after the end of the U.S. person's fiscal quarter, except for the final quarter of the U.S. person's fiscal year when reports must be filed within 90 days. This notice is being issued in conformance with the rule BEA issued in 2012 (77 FR 24373) establishing guidelines for collecting data on international trade in services and direct investment through notices, rather than through rulemaking. Additional information about BEA's collection of data on international trade in services and direct investment can be found in the 2012 rule, the International Investment and Trade in Services Survey Act (22 U.S.C. 3101 *et seq.*), and 15 CFR part 801.
