Food and Nutrition Service

Title: The Integrity Program (TIP) Data Collection.

OMB Control Number: 0584-0401.

Summary of Collection: This is a request for extension, without revision, to an existing collection. The Women, Infant, and Children (WIC) Program regulations at 7 CFR 246.12(j)(5), requires State agencies to report annually on their vendor monitoring efforts. The data collected is used by States agencies as a management tool and at the national level to provide Congress, senior FNS officials, as well as the general public, assurances that every reasonable effort is being made to ensure integrity in the WIC Program.

Need and Use of the Information: The Food and Nutrition Service (FNS) will collect information using forms FNS 698, Profile of Integrity Practices and Procedures; FNS 699, the Integrity Profile Report Form; and FNS 700, TIP Data Entry Form. The collected information from the forms will be analyzed and a report is prepared by FNS annually that (1) assesses State agency progress in eliminating abusive vendors, (2) assesses the level of activity that is being directed to ensure program integrity, and (3) analyzes trends over a 5-year period. The information is used at the national level in formulating program policy and regulations. At the FNS regional office level, the data is reviewed to identify possible vendor management deficiencies so that technical assistance can be provided to States, as needed. Without the information, FNS would not have timely and accurate data needed to identify

and correct State agency vendor management and monitoring deficiencies and to implement corrective actions.

Description of Respondents: State, Local or Tribal Government.

Number of Respondents: 90.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 38.
