

information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written comments should be submitted on or before April 29, 2015. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contacts below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicholas A. Fraser, OMB, via email Nicholas_A_Fraser@omb.eop.gov; and to Nicole Ongele, FCC, via email PRA@fcc.gov and to Nicole.Ongele@fcc.gov. Include in the comments the OMB control number as shown in the "Supplementary Information" section below.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection, contact Nicole Ongele at (202) 418-2991.

To view a copy of this information collection request (ICR) submitted to OMB: (1) Go to the Web page <<http://www.reginfo.gov/public/do/PRAMain>>, (2) look for the section of the Web page called "Currently Under Review," (3) click on the downward-pointing arrow in the "Select Agency" box below the "Currently Under Review" heading, (4) select "Federal Communications Commission" from the list of agencies presented in the "Select Agency" box, (5) click the "Submit" button to the right of the "Select Agency" box, (6) when the list of FCC ICRs currently under review appears, look for the OMB control number of this ICR and then click on the ICR Reference Number. A copy of the FCC submission to OMB will be displayed.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0400.
Title: Part 61, Tariff Review Plan (TRP).

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents: 2,840 respondents; 8,554 responses.

Estimated Time per Response: 0.5 hours to 53 hours.

Frequency of Response: On occasion, annual, biennial, and one time reporting requirements.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. Sections 201, 202, 203, and 251(b)(5) of the Communications Act of 1934, as amended.

Total Annual Burden: 121,656 hours.

Total Annual Cost: No cost.

Privacy Impact Assessment: No impact.

Nature and Extent of Confidentiality: Respondents are not being asked to submit confidential information to the Commission. If the Commission requests respondents to submit information which respondents believe are confidential, respondents may request confidential treatment of such information under 47 CFR 0.459 of the Commission's rules.

Needs and Uses: On November 18, 2011, the Commission released the USF/ICC Transformation Order, FCC 11-61 and the Second Order on Reconsideration, FCC 12-47, released on April 25, 2012, required incumbent and competitive local exchange carriers to submit supporting documentation as part of their Tariff Review Plans (TRPs).

Certain local exchange carriers are required to submit a biennial or annual TRP in partial fulfillment of cost support material required by 47 CFR part 61. Sections 201, 202, and 203 of the Communications Act of 1934, as amended, require common carriers to establish joint and reasonable charges, practices, and regulations for their interstate telecommunications services provided. For services that are still covered under Section 203, tariff schedules containing charges, rates, rules, and regulations must be filed with the Commission. If the FCC takes no action within the notice period, then the filing becomes effective. The Commission is granted broad authority to require the submission of data showing the value of property used to provide the services, some of which are automatically required by its rules and some of which can be required through individual requests. All filings that become effective are considered legal but only those filed pursuant to Section 204(a)(3) of the Act are deemed lawful.

For services that are detariffed, no tariffs are filed at the FCC and determination of reasonableness and any unreasonable discrimination is generally addressed through the complaint process. Incumbent local exchange carriers (ILECs) can make a

voluntary filing at any time, but are required to update rates annually or biennially. See 47 CFR 69.3.

Among other reforms, the Commission developed the TRP to minimize reporting burdens on reporting ILECs. TRPs set forth the summary material ILECs file to support revisions to the rates in their interstate access service tariffs. For those services still requiring cost support, TRPs assist the Commission in determining whether ILEC access charges are just and reasonable as required under the Communications Act of 1934, as amended.

The Commission also minimized reporting burdens by developing incentive-based regulation (price caps), which simplifies the process of determining the reasonableness of rates and rate structures for ILECs subject to price caps. Supporting material requirements for price cap ILECs having 50,000 or fewer access lines do not have to file any supporting material unless requested to do so. Price cap carriers can elect to be subject to Title I versus Title II of the Act for certain forms of internet access in order to offer their internet service on a detariffed basis pursuant to private contracts. Rate-of-return ILECs can choose to charge from tariffed to detariffed for the same internet services, but are subject to Title II regulation. Through forbearance, the Commission has allowed those ILECs whose petition has been granted to choose mandatory detariffing of certain broadband and packet services.

Federal Communications Commission.

Sheryl D. Todd,

Deputy Secretary, Office of the Secretary, Office of the Managing Director.

FEDERAL COMMUNICATIONS COMMISSION

[3060-1147]

Information Collection Being Submitted for Review and Approval to the Office of Management and Budget

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission (FCC or the Commission) invites the general public and other

Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written PRA comments should be submitted on or before April 29, 2015. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Submit your PRA comments to Nicholas A. Fraser, Office of Management and Budget, via fax at 202-395-5167 or via Internet at *Nicholas.A.Fraser@omb.eop.gov* and to Benish Shah, Federal Communications Commission, via the Internet at *Benish.Shah@fcc.gov*. To submit your PRA comments by email send them to: *PRA@fcc.gov*.

FOR FURTHER INFORMATION CONTACT: Benish Shah, Office of Managing Director, (202) 418-7866.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060-1147.
Title: Wireless E911 Location Accuracy Requirements.
Form Nos.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit and state, local or tribal government.

Number of Respondents: 4,294 Respondents; 4,510 Responses.

Estimated Time per Response: 1 hour to 8 hours.

Frequency of Response: On occasion reporting requirement and third party disclosure requirement.

Obligation to Respond: Mandatory. Statutory authority for this collection is contained in 47 U.S.C. Sections 151, 154, and 332 of the Communications Act of 1934, as amended.

Total Annual Burden: 31,668 hours.

Total Annual Cost: N/A.

Privacy Impact Assessment: Not applicable.

Nature and Extent of Confidentiality: No confidentiality is required for this collection.

Needs and Uses: The Commission is seeking Office of Management and Budget (OMB) approval for an extension of this information collection (no change in the reporting requirement).

The Commission has adjusted its previous burden estimates. The total annual burden has been reduced by 21,484 hours since 2012 because of fewer respondents and responses.

The Commission's *Third Report and Order* in PS Docket No. 07-114 adopted a rule, providing that new CMRS network providers, meeting the definition of covered CMRS providers in Section 20.18 and deploying new stand-alone networks subsequent to the effective date of the *Third Report and Order* that are not an expansion or upgrade of an existing CMRS network, must meet from the start the handset-based location accuracy standard in delivering emergency calls for Enhanced 911 service. The adopted rule requires that the new stand-alone CMRS providers in delivering emergency calls for Enhanced 911 service, must satisfy the handset-based location accuracy standard at either a county-based or Public Safety Answering Point (PSAP)-based geographic level. Additionally, in accordance with the pre-existing requirements for CMRS providers using handset-based location technologies, new stand-alone CMRS providers are permitted to exclude up to 15 percent of the counties or PSAP areas they serve due to heavy forestation that limits handset-based technology accuracy in those counties or areas but are required to file a an initial list of the specific counties or portions of counties where they are utilizing their respective exclusions.

A. Updated Exclusion Reports. Under the this information collection, and pursuant to current rule section 20.18(h), new stand-alone CMRS providers and existing CMRS providers that have filed initial exclusion reports are required to file reports informing the Commission of any changes to their exclusion lists within thirty days of discovering such changes. The permitted exclusions properly but narrowly account for the known technical limitations of either the

handset-based or network-based location accuracy technologies chosen by a CMRS provider, while ensuring that the public safety community and the public at large are sufficiently informed of these limitations.

B. Confidence and Uncertainty Data. Under the this information collection, and pursuant to current rule section 20.18(h), all CMRS providers and other entities responsible other responsible for transporting confidence and uncertainty data between the wireless carriers and PSAPs, including LECs, CLECs, owners of E911 networks, and emergency service providers (collectively, System Service Providers (SSPs)) must continue to provide confidence and uncertainty data of wireless 911 calls to Public Safety Answering Points (PSAP) on a per call basis upon a PSAP's request. New stand-alone wireless carriers also incur this obligation. The transport of the confidence and uncertainty data is needed to ensure the delivery of accurate location information with E911 service.

Federal Communications Commission.

Marlene H. Dortch,

Secretary, Office of the Secretary, Office of the Managing Director.

BILLING CODE 6712-01-P

FEDERAL DEPOSIT INSURANCE CORPORATION

Agency Information Collection Activities: Proposed Collection Renewal; Comment Request (3064-0124)

AGENCY: Federal Deposit Insurance Corporation (FDIC).

ACTION: Notice and request for comment.

SUMMARY: The FDIC, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on the renewal of an existing information collection, as required by the Paperwork Reduction Act of 1995. Currently, the FDIC is soliciting comment on renewal of the information collection described below.

DATES: Comments must be submitted on or before April 29, 2015.

ADDRESSES: Interested parties are invited to submit written comments to the FDIC by any of the following methods:

- <http://www.FDIC.gov/regulations/laws/federal/>.
