

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act¹⁴ and Rule 19b-4(f)(6) thereunder.¹⁵ Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁶ and Rule 19b-4(f)(6)(iii) thereunder.¹⁷ The Exchange represents that this proposed rule change will be implemented during the Second Quarter of 2015 subject to the issuance of an Equity Trader Alert that will provide at least 30 days of notice prior to the operative date for the respective amendments to Rule 4751(h).

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

[Release No. 34-74632; File No. SR-MIAX-2015-24]

Self-Regulatory Organizations; Miami International Securities Exchange LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Its Fee Schedule

April 2, 2015.

Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on March 31, 2015, Miami International Securities Exchange LLC ("MIAX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") a proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange is filing a proposal to modify the Market Maker Trading Permit Fee.

The text of the proposed rule change is available on the Exchange's Web site at http://www.miaxoptions.com/filter/wotitle/rule_filing, at MIAX's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to modify its Trading Permit fees to increase the monthly Trading Permit fees that apply

¹⁷ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

to Market Makers (“MMs”). Specifically, the Exchange proposes to: (i) Increase the monthly Trading Permit fee that applies to MMs for MM Assignments in up to 250 options classes from \$5,500 to \$15,000; (ii) increase the monthly Trading Permit fee that applies to MMs for MM Assignments in all classes from \$7,000 to \$22,000; (iii) eliminate the Trading Permit fee that applies to MMs for MM Assignments in up to 100 options classes; and (iv) add some clarifying language to the Fee Schedule regarding the fee applicable to MM Assignments above 250.

The Exchange issues Trading Permits that confer the ability to transact on the Exchange.³ Currently, all MMs, whether they are a RMM, LMM or PLMM, are assessed \$4,000 per month for a Trading Permit for an assignment in up to 100 option classes, \$5,500 per month for a Trading Permit for an assignment in up to 250 option classes, or \$7,000 per month for a Trading Permit for an assignment in all option classes listed on the Exchange.⁴ The Exchange notes that the current monthly Trading Permit fees are in some instances substantially lower than monthly trading permit fees in place at other competing options exchanges.⁵ The Exchange established these lower rates in order to encourage additional market participants to become Members of the Exchange and register as MIAX Market Makers. Now that the Exchange has grown its market share and membership base, the Exchange proposes to modify its

³ There is no limit on the number of Trading Permits that may be issued by the Exchange; however the Exchange has the authority to limit or decrease the number of Trading Permits it has determined to issue provided it complies with the provisions set forth in Rule 200(a) and Section 6(c)(4) of the Exchange Act. See 15 U.S.C. 78(f)(c)(4). For a complete description of MIAX Trading Permits, see MIAX Rule 200.

⁴ The monthly Trading Permit Fee is in addition to the one-time application fee for MIAX Membership. The Exchange charges a one-time application fee based upon the applicant’s status as either an Electronic Exchange Member (“EEM”) or as a Market Maker. Applicants for MIAX Membership as an EEM are assessed a one-time Application Fee of \$2,500.00. Applicants for MIAX Membership as a Market Maker are assessed a one-time Application Fee of \$3,000.00. The difference in the fee charged to EEMs and Market Makers reflects the additional review and processing effort needed for Market Maker applications.

⁵ See e.g., NYSE Arca Options Fees and Charges, p.1 (assessing market makers \$6,000 for up to 100 option issues, an additional \$5,000 for up to 250 option issues, an additional \$4,000 for up to 750 option issues, and an additional \$3,000 for all option issues on the exchange); NYSE Amex Options Fee Schedule, p. 19 (assessing market makers \$8,000 for up to 60 plus the bottom 45%, an additional \$6,000 for up to 150 plus the bottom 45%, an additional \$5,000 for up to 500 plus the bottom 45%, and additional \$4,000 for up to 1,000 [sic] plus the bottom 45%, and an additional \$3,000 for all issues traded on the exchange).

Trading Permit fee for MMs so that it is more aligned with the rates charged by competing options exchanges.

The Exchange proposes to modify its MM Trading Permit fee to increase the monthly Trading Permit fee that applies to MMs. Specifically, the Exchange proposes to: (i) Increase the monthly Trading Permit fee that applies to MMs for MM Assignments in up to 250 options classes from \$5,500 to \$15,000; (ii) increase the monthly Trading Permit fee that applies to MMs for MM Assignments in all classes from \$7,000 to \$22,000; and (iii) eliminate the Trading Permit fee that applies to MMs for MM Assignments in up to 100 options classes.

Members receiving Trading Permits during the month will be assessed Trading Permit Fees according to the above schedule, except that the calculation of the Trading Permit fee for the first month in which the Trading Permit is issued will be pro-rated based on the number of trading days occurring after the date on which the Trading Permit was in effect during that first month divided by the total number of trading days in such month multiplied by the monthly rate.

Finally, the Exchange proposes to add some clarifying language to the Fee Schedule in order to specify that the \$22,000 Trading Permit Fee applies to MMs Assignments over 250 up to all options classes listed on MIAX. The Exchange believes that the proposed change will help avoid the potential for confusion on behalf of MMs as to which fee level applies to MMs Assignments over 250 options classes.

The Exchange proposes to implement the Trading Permit fees beginning April 1, 2015.

2. Statutory Basis

The Exchange believes that its proposal to amend its fee schedule is consistent with Section 6(b) of the Act⁶ in general, and furthers the objectives of Section 6(b)(4) of the Act⁷ in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members.

The Exchange believes that the proposed Trading Permit fee is reasonable, equitable and not unfairly discriminatory. The proposed Trading Permit fees are reasonable in that they are within the range of comparable fees at other competing options exchanges.⁸

⁶ 15 U.S.C. 78f(b).

⁷ 15 U.S.C. 78f(b)(4).

⁸ See *supra* note 5. NYSE Arca Options charges \$11,000 for up to 250 option issues and \$18,000 for all options issues on the exchange. NYSE Amex Options charges \$26,000 for all option issues on the exchange.

As such, the proposal is reasonably designed to continue to compete with other options exchange by incentivizing market participants to register as Market Makers on the Exchange in a manner that enables the Exchange to improve its overall competitiveness and strengthen its market quality for all market participants. The proposed fee is fair and equitable and not unreasonably discriminatory because it applies equally to all Market Makers regardless of type. All similarly situated Market Makers, with the same number of assignments, will be subject to the same Trading Permit fee, and access to the Exchange is offered on terms that are not unfairly discriminatory.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that the proposal increases both intermarket and intramarket competition by increasing Trading Permit fees for Market Makers on the Exchange in a manner that allows all Market Makers to be subject to the same fee based on the number of assignments regardless of type and yet still be in the range of comparable fees on other exchanges. The Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive. In such an environment, the Exchange must continually adjust its fees to remain competitive with other exchanges and to attract order flow to the Exchange. The Exchange believes that the proposal reflects this competitive environment because it increases the Exchange’s fees in a manner that continues to encourage market participants to register as Market Makers on the Exchange, to provide liquidity, and to attract order flow. To the extent that this purpose is achieved, all the Exchange’s market participants should benefit from the improved market liquidity.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section

19(b)(3)(A)(ii) of the Act.⁹ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

[Release No. 34-74633; File No. SR-MIAX-2015-25]

Self-Regulatory Organizations; Miami International Securities Exchange LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Its Fee Schedule

April 2, 2015.

Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on March 31, 2015, Miami International Securities Exchange LLC ("MIAX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") a proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange is filing a proposal to amend the MIAX Options Fee Schedule (the "Fee Schedule").

The text of the proposed rule change is available on the Exchange's Web site at http://www.miaxoptions.com/filter/wotitle/rule_filing, at MIAX's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements

concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the MIAX Options Fee Schedule (the "Fee Schedule") to increase the fees for MEI Ports to Market Makers. Specifically, the Exchange proposes to: (i) Increase the MEI Port Fee for the first matching engine used, from \$1,000 to \$2,500 per month; (ii) increase the MEI Port Fee for each of matching engines 2 through 5, from \$500 to \$1,200 per month; (iii) increase the MEI Port Fee for each of matching engines 6 and above, from \$250 to \$700 per month; and (iv) increase the fee for additional Limited Service MEI Ports from \$10 to \$50 per month.

Currently, MIAX assesses monthly MEI Port Fees on Market Makers based upon the number of MIAX matching engines³ used by the Market Maker. MEI Port users are allocated two Full Service MEI Ports⁴ and two Limited Service MEI Ports⁵ per matching engine to which they connect. The Exchange currently assesses a fee of \$1,000 per month on Market Makers for the first matching engine they use; \$500 per month for each of matching engines 2 through 5; and \$250 per month for each of matching engines 6 and above. For

³ A "matching engine" is a part of the MIAX electronic system that processes options quotes and trades on a symbol-by-symbol basis. Some matching engines will process option classes with multiple root symbols, and other matching engines will be dedicated to one single option root symbol (for example, options on SPY will be processed by one single matching engine that is dedicated only to SPY). A particular root symbol may only be assigned to a single designated matching engine. A particular root symbol may not be assigned to multiple matching engines.

⁴ Full Service MEI Ports provide Market Makers with the ability to send Market Maker quotes, eQuotes, and quote purge messages to the MIAX System. Full Service MEI Ports are also capable of receiving administrative information. Market Makers are limited to two Full Service MEI Ports per matching engine.

⁵ Limited Service MEI Ports provide Market Makers with the ability to send eQuotes and quote purge messages only, but not Market Maker Quotes, to the MIAX System. Limited Service MEI Ports are also capable of receiving administrative information. Market Makers initially receive two Limited Service MEI Ports per matching engine.
