SUPPLEMENTARY INFORMATION:**Background**

On December 28, 1994, the Department published the *Order* on pencils from the PRC.⁵ On July 18, 2013, the Department revoked the *Order* on pencils from the PRC with respect to pencils exported by Beijing Dixon.⁶

On November 27, 2014, Beijing Dixon requested that the Department conduct a CCR pursuant to section 751(b)(1) of the Tariff Act of 1930, as amended (the Act), 19 CFR 351.216(b), and 19 CFR 351.221, to determine whether it is the successor-in-interest to Beijing Dixon for purposes of the Order.⁷ On February 26, 2015, the Department concurrently initiated and published the *Preliminary Results* of the CCR of the antidumping duty *Order* on pencils exported by Beijing Dixon.⁸ We invited comments from interested parties, but no party commented on the *Preliminary Results* or requested a hearing. This CCR is being conducted in accordance with section pursuant to section 751(b) of the Act, 19 CFR 351.216, and 19 CFR 351.221(c)(3).

Scope of the Order

The merchandise subject to the order includes pencils from the PRC. Pencils are currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheading 9609.1010. Although the HTSUS subheadings are provided for convenience and customs purposes, the written product description is dispositive.⁹

Final Results of Changed Circumstances Review

Because no interested parties submitted comments on the Department's *Preliminary Results*, and because there is no other information or evidence on the record that calls into question the *Preliminary Results*, the Department adopts the reasoning and findings of fact outlined in the

Preliminary Results and Preliminary Decision Memorandum, and determines that Beijing Dixon is the successor-in-interest to Beijing Dixon at the time of the *Revocation*.¹⁰

Application of the Revocation of the Order

As explained in the *Preliminary Results* and the Preliminary Decision Memorandum, the *Revocation* of the antidumping duty *Order* with respect to Beijing Dixon, as that entity existed at the time of *Revocation*, continues to apply to Beijing Dixon as currently structured.

Instructions to U.S. Customs and Border Protection

As a result of this determination, the Department finds that entries of subject merchandise exported by Beijing Dixon as currently structured should receive the same antidumping duty treatment with respect to cased pencils as its predecessor-in-interest. Accordingly, the Department will continue to instruct U.S. Customs and Border Protection to liquidate entries for Beijing Dixon without regard to antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. See 19 CFR 351.305(a)(3). Failure to comply with the regulations and the terms of an APO is a sanctionable violation. See 19 CFR part 354.

These final results of administrative review are issued and published in accordance with sections 751(b)(1) and 777(i) of the Act and 19 CFR 351.216(e).

Dated: April 3, 2015.

Assistant Secretary for Enforcement and Compliance.

SUPPLEMENTARY INFORMATION:**I. Abstract**

This request is for extension of a current information collection.

National Marine Fisheries Service (NMFS) requires, as codified under 50 CFR part 665, any person (1) fishing for, taking, retaining, or using a vessel to fish for Western Pacific coral reef ecosystem management unit species in the designated low-use Marine Protected Areas, (2) fishing for any of these species using gear not specifically allowed in the regulations, or (3) fishing for, taking, or retaining any Potentially Harvested Coral Reef Taxa in the coral reef ecosystem regulatory area, to obtain and carry a permit. A receiving vessel owner must also have a transshipment permit for at-sea transshipment of coral reef ecosystem management unit species. The permit application form provides basic information about the permit applicant, vessel, fishing gear and method, target species, projected fishing effort, *etc.*, for use by NMFS and the Western Pacific Fishery Management Council in determining eligibility for permit issuance. SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for extension of a currently approved information collection.

Federal regulations at Title 50, Part 665, of the Code of Federal Regulations require that owners of vessels fishing for, or landing, pelagic squid in the western Pacific region obtain a permit from NOAA Fisheries Service (NMFS). In addition, the regulations require vessel operators to report fishing activity and harvest on daily logbooks and mark their vessels for identification.

The information collected is used to identify participants in the fishery,
