

§ 542.532 Authorized transactions necessary and ordinarily incident to publishing.

(a) Subject to the restrictions set forth in paragraphs (b) through (d) of this section, U.S. persons are authorized to engage in all transactions necessary and ordinarily incident to the publishing and marketing of manuscripts, books, journals, and newspapers in paper or electronic format (collectively, “written publications”). This section does not apply if the parties to the transactions described in this paragraph include the Government of Syria or any other person whose property and interests in property are blocked pursuant to § 542.201. For the purposes of this section, the term “Government of Syria” includes the state and the Government of the Syrian Arab Republic, as well as any political subdivision, agency, or instrumentality thereof, which includes the Central Bank of Syria, and any person acting or purporting to act directly or indirectly on behalf of any of the foregoing with respect to the transactions described in this paragraph. For the purposes of this section, the term “Government of Syria” does not include any academic or research institutions and their personnel. Pursuant to this section, the following activities are authorized, provided that U.S. persons ensure that they are not engaging, without separate authorization, in the activities identified in paragraphs (b) through (d) of this section:

(1) Commissioning and making advance payments for identifiable written publications not yet in existence, to the extent consistent with industry practice;

(2) Collaborating on the creation and enhancement of written publications;

(3)(i) Augmenting written publications through the addition of items such as photographs, artwork, translation, explanatory text, and, for a written publication in electronic format, the addition of embedded software necessary for reading, browsing, navigating, or searching the written publication; and

(ii) Exporting embedded software necessary for reading, browsing, navigating, or searching a written publication in electronic format, provided that the software is designated as “EAR99” under the Export Administration Regulations, 15 CFR parts 730 through 774 (the “EAR”), or is not subject to the EAR;

(4) Substantive editing of written publications;

(5) Payment of royalties for written publications;

(6) Creating or undertaking a marketing campaign to promote a written publication; and

(7) Other transactions necessary and ordinarily incident to the publishing and marketing of written publications as described in this paragraph (a).

(b) This section does not authorize transactions involving the provision of goods or services not necessary and ordinarily incident to the publishing and marketing of written publications as described in paragraph (a) of this section. For example, this section does not authorize U.S. persons:

(1) To provide or, if involving blocked property, to receive individualized or customized services (including accounting, legal, design, or consulting services), other than those necessary and ordinarily incident to the publishing and marketing of written publications, even though such individualized or customized services are delivered through the use of information or informational materials;

(2) To create or undertake for any person a marketing campaign with respect to any service or product other than a written publication, or to create or undertake a marketing campaign of any kind for the benefit of the Government of Syria;

(3) To engage in the exportation or, if involving blocked property, the importation of goods to or from Syria other than the exportation of embedded software described in paragraph (a)(3)(ii) of this section; or

(4) To operate a publishing house, sales outlet, or other office in Syria.

Note to paragraph (b) of § 542.532: The importation from Syria and the exportation to Syria of information or informational materials, as defined in § 542.307, whether commercial or otherwise, regardless of format or medium of transmission, are exempt from the prohibitions and regulations of this part. See § 542.211(b).

(c) This section does not authorize U.S. persons to engage the services of publishing houses or translators in Syria that involves dealing in property unless such activity is primarily for the dissemination of written publications in Syria.

(d) This section does not authorize:

(1) The exportation from or, if involving blocked property, the importation into the United States of services for the development, production, or design of software;

(2) Transactions for the development, production, design, or marketing of technology specifically controlled by the International Traffic in Arms Regulations, 22 CFR parts 120 through 130 (the “ITAR”), the EAR, or the

Department of Energy Regulations set forth at 10 CFR part 810;

(3) The exportation of information or technology subject to the authorization requirements of 10 CFR part 810, or Restricted Data as defined in section 11 y. of the Atomic Energy Act of 1954, as amended, or of other information, data, or technology the release of which is controlled under the Atomic Energy Act and regulations therein;

(4) The exportation of any item (including information) subject to the EAR where a U.S. person knows or has reason to know that the item will be used, directly or indirectly, with respect to certain nuclear, missile, chemical, or biological weapons or nuclear-maritime end-uses as set forth in part 744 of the EAR. In addition, U.S. persons are precluded from exporting any item subject to the EAR to certain restricted end-users, as set forth in part 744 of the EAR, as well as certain persons whose export privileges have been denied pursuant to parts 764 or 766 of the EAR, without authorization from the Department of Commerce; or

(5) The exportation of information subject to licensing requirements under the ITAR or exchanges of information that are subject to regulation by other government agencies.

John E. Smith,

Acting Director, Office of Foreign Assets Control.

BILLING CODE 4810-AL-P

DEPARTMENT OF DEFENSE

Department of the Navy

32 CFR Part 706

Certifications and Exemptions Under the International Regulations for Preventing Collisions at Sea, 1972

AGENCY: Department of the Navy, DoD.

ACTION: Final rule.

SUMMARY: The Department of the Navy (DoN) is amending its certifications and exemptions under the International Regulations for Preventing Collisions at Sea, 1972, as amended (72 COLREGS), to reflect that the Deputy Assistant Judge Advocate General (DAJAG) (Admiralty and Maritime Law) has determined that USS CORONADO (LCS 4) is a vessel of the Navy which, due to its special construction and purpose, cannot fully comply with certain provisions of the 72 COLREGS without interfering with its special function as a naval ship. The intended effect of this

rule is to warn mariners in waters where 72 COLREGS apply.

DATES: This rule is effective April 13, 2015 and is applicable beginning April 1, 2015.

FOR FURTHER INFORMATION CONTACT:

Commander Theron R. Korsak, (Admiralty and Maritime Law), Office of the Judge Advocate General, Department of the Navy, 1322 Patterson Ave. SE., Suite 3000, Washington Navy Yard, DC 20374-5066, telephone 202-685-5040.

SUPPLEMENTARY INFORMATION: Pursuant to the authority granted in 33 U.S.C. 1605, the DoN amends 32 CFR part 706.

This amendment provides notice that the DAJAG (Admiralty and Maritime Law), under authority delegated by the Secretary of the Navy, has certified that USS CORONADO (LCS 4) is a vessel of the Navy which, due to its special construction and purpose, cannot fully comply with the following specific provisions of 72 COLREGS without interfering with its special function as a naval ship: Annex I, paragraph 3(c), pertaining to the task light's horizontal distance from the fore and aft centerline of the vessel in the athwartship direction. The DAJAG (Admiralty and Maritime Law) has also certified that the lights involved are located in closest possible compliance with the applicable 72 COLREGS requirements.

Moreover, it has been determined, in accordance with 32 CFR parts 296 and 701, that publication of this amendment for public comment prior to adoption is impracticable, unnecessary, and contrary to public interest since it is based on technical findings that the placement of lights on this vessel in a manner differently from that prescribed herein will adversely affect the vessel's ability to perform its military functions.

List of Subjects in 32 CFR Part 706

Marine safety, Navigation (water), Vessels.

For the reasons set forth in the preamble, the DoN amends part 706 of title 32 of the Code of Federal Regulations as follows:

PART 706—CERTIFICATIONS AND EXEMPTIONS UNDER THE INTERNATIONAL REGULATIONS FOR PREVENTING COLLISIONS AT SEA, 1972

■ 1. The authority citation for part 706 continues to read as follows:

Authority: 33 U.S.C. 1605.

■ 2. Section 706.2 is amended in Table Five by revising the entry for USS CORONADO (LCS 4) to read as follows:

§ 706.2 Certifications of the Secretary of the Navy under Executive Order 11964 and 33 U.S.C. 1605.

* * * * *
* * * * *

TABLE FOUR

Vessel	Number	Horizontal distance from the fore and aft centerline of the vessel in the athwart ship direction
USS CORONADO	LCS 4	0.18

Approved: April 1, 2015.

A.B. Fischer,

Captain, JAGC, U.S. Navy, Deputy Assistant Judge Advocate, General (Admiralty and Maritime Law).

Dated: April 6, 2015.

N. A. Hagerty-Ford,

Commander, Office of the Judge Advocate General, U.S. Navy, Federal Register Liaison Officer.

BILLING CODE 3810-FF-P

DEPARTMENT OF VETERANS AFFAIRS

38 CFR Part 38

RIN 2900-A099

Reimbursement for Caskets and Urns for Burial of Unclaimed Remains in a National Cemetery

AGENCY: Department of Veterans Affairs.

ACTION: Final rule.

SUMMARY: The Department of Veterans Affairs (VA) National Cemetery Administration (NCA) amends its regulations to establish a new program to provide reimbursement for caskets and urns for the interment of the remains of veterans with no known next-of-kin and where sufficient financial resources are not available for this purpose.

DATES: *Effective date:* The final rule is effective May 13, 2015. *Applicability date:* The final rule applies to claims for reimbursement for burial receptacles for individuals who died on or after January 10, 2014.

FOR FURTHER INFORMATION CONTACT:

Andrina Brown, Office of Field Programs (41A), National Cemetery Administration (NCA), Department of Veterans Affairs, 810 Vermont Avenue NW., Washington, DC 20420. Telephone: (202) 461-6833 (this is not a toll-free number).

SUPPLEMENTARY INFORMATION: In a document published on July 2, 2014 (79 FR 37698), VA proposed revising its regulations governing burial in national cemeteries to implement new authority under section 2306 of title 38, United States Code (U.S.C.), to furnish a casket or urn for interment in a VA national cemetery of the unclaimed remains of veterans for whom VA cannot identify a next-of-kin and determines that sufficient financial resources for the furnishing of a casket or urn for burial are not otherwise available. The 30-day public comment period ended on August 1, 2014. VA received fourteen comments from interested individuals and organizations. To address some of those comments, as will be explained in detail below, VA added a new paragraph (b) and redesignated proposed paragraphs (b), (c), and (d) as paragraphs (c), (d), and (e), respectively.

Eight commenters expressed support for the proposed amendment. We thank these individuals for taking the time to review and comment on the rulemaking. We make no changes to the regulation based on these comments.

One commenter suggested that VA contract with online providers of caskets and urns to make bulk purchases of caskets and urns, which would then be shipped to individuals who apply online. As discussed in the preamble to the proposed rulemaking, VA considered the direct purchase option but determined that would be a less efficient and economical means of administering this benefit. Development of an online application portal and establishment of contractual relationships with suppliers would require considerable time and would delay VA's ability to timely provide this benefit as needs arise. The expense required to contract and to build an online portal would decrease the resources available to provide the benefit itself. The commenter stated that he felt the suggestion would allow for "quality control." As we indicated in the preamble to the proposed rulemaking, unclaimed veteran remains are often in the custody of funeral homes or others who are authorized under state law to dispose of unclaimed remains. 79 FR at 37699. Therefore, we believe they are likely familiar with procuring burial receptacles. We further
