

to cover countermeasure dispensers, radar warning, incoming/on-way missile warning and on-fuselage laserspot warning systems.

c. The AN/AAQ-30 Target Sight System (TSS) is the multi-sensor electro-optical/infrared (EO/IR) fire control system. The TSS provides target sighting in day, night or adverse weather conditions. It has a large aperture midwave Forward-Looking Infrared (FLIR) sensor, color television, laser designator/rangefinder and an on-gimbal inertial measurement unit integrated into a highly stabilized turret mounted to the nose of the aircraft. The TSS provides the capability to identify and laser-designate targets at maximum weapon range, significantly enhancing platform survivability and lethality. The TSS hardware is unclassified, but the laser designation implementation is classified Confidential.

d. The AN/AAR-47 Missile Warning System is unclassified. The AN/AAR-47 is a missile approach warning system used to notify the pilot of threats and to trigger the aircraft's countermeasures systems. The Operational Flight Program (OFP) and User Data Files used on the AN/AAR-47 are classified Secret. The software programs contain threat parametric data used to identify and establish priority of detected radar emitters.

e. The AN/ALE-47 Countermeasures Dispensing System is Unclassified. AN/AAR-47 is a threat-adaptive dispensing system that dispenses chaff, and flares for self-protection against airborne and ground-based Radio Frequency and Infrared threats. The AN/AAR-47 OFP and Mission Data Files used in the AN/AAR-47 are classified Secret.

f. The AN/APR-39C(V)2 Radar Warning Receiver is unclassified. The AN/APR-39C(V)2 system detects the radio emissions of radar systems that might be a threat. The warning can then be used, manually or automatically, to evade the detected threat. The AN/APR-39C(V)2, OFP, and Mission Data Files used in the AN/AAR-47 are classified Secret.

g. The Rockwell Collins 629F-23 is an exportable version the ARC-210 programmable digital communication system. The 629F-23 is a fully digital transceiver, with performance from 30 to 512 MHz and provides interoperability between ground and airborne military forces and land-based civil agencies. The 629F-23 is Unclassified. This version does not offer a SAT COM or COMSEC capability.

h. The AN/APX-117 is a combined interrogator/transponder and is unclassified. The AN/APX-117 Identification Friend or Foe (IFF) is an

exportable version of the USMC AN/APX-118 IFF with Modes 1,2,3,4, and Mode 5 capable being provided.

i. The H-1 Technical Refresh Mission Computer (TRMC) is an upgrade to the H-1 weapon system. The TRMC will contain the mission processor, video/graphics processing, and I/O required interfacing the TRMC with other elements of the Integrated Avionics Suite. The TRMC hardware is Unclassified. The OFP and Data Files used in the TRMC are classified Secret.

j. The crew is equipped with the Optimized Top Owl (OTO) helmet-mounted sight and display system. The OTO has a Day Display Module (DDM) and a Night Display Module (NDM to provide day/night capability.)

k. The H764 Embedded Global Positioning System/Inertial Navigation Systems (EGIs) is a modification of the H-1 CN-1689(V)13 units used on the USMC AH-1Z and UH-1Y to meet export requirements. The export version will remove the Precise Positioning Service-Security Module (PPS_SM) and replace it with a Standard Positioning service (SPS) GPS Receiver. The classification of the EGI is Unclassified.

l. The AGM-114 R Hellfire II missile is an air-to-surface missile with a multi-mission, multi-target, precision strike capability. The Hellfire can be launched from multiple air platforms and is the primary precision weapon for the United States Army.

m. The highest level for release of the AGM-114 R Hellfire II is Secret, based upon the software. The highest level of classified information that could be disclosed by a proposed sale or by testing of the end item is Secret; the highest level that must be disclosed for production, maintenance, or training is Confidential. Reverse engineering could reveal Confidential information. Vulnerability data, countermeasures, vulnerability/susceptibility analyses, and threat definitions are classified Secret or Confidential.

n. The M197 20mm Gun System is a three-barreled electric Gatling-type rotary cannon used by the USMC AH-1Z aircraft. The Gun System incorporates a link less feed system that corrects problems with jamming. The system is capable of holding 650 rounds in the storage unit. The Gun system is Unclassified.

o. The Joint Mission Planning Systems (JMPS) provide support for unit-level mission planning for all phases of military flight operations and have the capability to provide necessary mission data for the aircrew. JMPS will support the downloading of data to electronics data transfer devices for transfer to aircraft and weapon systems.

The JMPS will be tailored to the specific releasable configuration for the AH-1Z. The Joint Mission Planning System is Secret.

2. If a technologically advance adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures or equivalent system with might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

3. A determination has been made that the Government of Pakistan can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

4. All defense articles and services listed in this transmittal have been authorized for release and export to the Government of Pakistan.

BILLING CODE 5001-06-P

DEPARTMENT OF DEFENSE

Office of the Secretary

Independent Review Panel on Military Medical Construction Standards; Notice of Federal Advisory Committee Meeting

AGENCY: Department of Defense (DoD).

ACTION: Notice of meeting.

SUMMARY: The Department of Defense is publishing this notice to announce the following Federal Advisory Committee meeting of the Independent Review Panel on Military Medical Construction Standards ("the Panel").

DATES:

Thursday, April 30, 2015

8:00 a.m.–8:45 a.m. EDT (Preparatory Session)

8:45 a.m.–11:45 a.m. EDT (Open Session)

11:45 a.m.–5:00 p.m. EDT (Preparatory Session)

ADDRESSES: Defense Health Headquarters (DHHQ), Pavilion Executive Conference Room 4P143, 7700 Arlington Blvd., Falls Church, Virginia 22042 (escort required; see guidance in **SUPPLEMENTARY INFORMATION**, "Public's Accessibility to the Meeting").

FOR FURTHER INFORMATION CONTACT: The Executive Director is Ms. Christine Bader, 7700 Arlington Boulevard, Suite 5101, Falls Church, Virginia 22042,

Christine.e.bader.civ@mail.mil, (703) 681-6653, Fax: (703) 681-9539. For meeting information, please contact Ms. Kendal Brown, 7700 Arlington Boulevard, Suite 5101, Falls Church, Virginia 22042, *Kendal.l.brown2.ctr@mail.mil*, (703) 681-6670, Fax: (703) 681-9539.

SUPPLEMENTARY INFORMATION: This meeting is being held under the provisions of the Federal Advisory Committee Act of 1972 (5 U.S.C., Appendix, as amended), the Government in the Sunshine Act of 1976 (5 U.S.C. 552b, as amended), and 41 CFR 102-3.150.

Purpose of the Meeting

At this meeting, the Panel will address the Ike Skelton National Defense Authorization Act (NDAA) for Fiscal Year 2011 (Pub. L. 111-383), Section 2852(b) requirement to provide the Secretary of Defense independent advice and recommendations regarding a construction standard for military medical centers to provide a single standard of care, as set forth in this notice:

a. Reviewing the unified military medical construction standards to determine the standards consistency with industry practices and benchmarks for world class medical construction;

b. Reviewing ongoing construction programs within the DoD to ensure medical construction standards are uniformly applied across applicable military centers;

c. Assessing the DoD approach to planning and programming facility improvements with specific emphasis on facility selection criteria and proportional assessment system; and facility programming responsibilities between the Assistant Secretary of Defense for Health Affairs and the Secretaries of the Military Departments;

d. Assessing whether the Comprehensive Master Plan for the National Capital Region Medical (“the Master Plan”), dated April 2010, is adequate to fulfill statutory requirements, as required by section 2714 of the Military Construction Authorization Act for Fiscal Year 2010 (division B of Pub. L. 111-84; 123 Stat. 2656), to ensure that the facilities and organizational structure described in the Master Plan result in world class military medical centers in the National Capital Region; and

e. Making recommendations regarding any adjustments of the Master Plan that are needed to ensure the provision of world class military medical centers and delivery system in the National Capital Region.

Agenda

Pursuant to 5 U.S.C. 552b, as amended, and 41 CFR 102-3.140 through 102-3.165 and subject to availability of space, the Panel meeting is open to the public from 8:45 a.m. to 11:45 a.m. on April 30, 2015, as the Panel will meet in an open forum to receive briefings on the Military Health System plan and Defense Health Agency’s Facilities Division flexibility studies.

Availability of Materials for the Meeting

A copy of the agenda or any updates to the agenda for the April 30, 2015, meeting, as well as any other materials presented, may be obtained at the meeting.

Public’s Accessibility to the Meeting

Pursuant to 5 U.S.C. 552b, as amended, and 41 CFR 102-3.140 through 102-3.165 and subject to availability of space, this meeting is open to the public. Seating is limited and is on a first-come basis. All members of the public who wish to attend the public meeting must contact Ms. Kendal Brown at the number listed in the section **FOR FURTHER INFORMATION CONTACT** no later than 12:00 p.m. on Thursday, April 23, 2015, to register and make arrangements for an escort, if necessary. Public attendees requiring escort should arrive with sufficient time to complete security screening no later than 30 minutes prior to the start of the meeting. To complete security screening, please come prepared to present two forms of identification and one must be a picture identification card.

Special Accommodations

Individuals requiring special accommodations to access the public meeting should contact Ms. Kendal Brown at least five (5) business days prior to the meeting so that appropriate arrangements can be made.

Written Statements

Any member of the public wishing to provide comments to the Panel may do so in accordance with 41 CFR 102-3.105(j) and 102-3.140 and section 10(a)(3) of the Federal Advisory Committee Act, and the procedures described in this notice.

Individuals desiring to provide comments to the Panel may do so by submitting a written statement to the Executive Director (see the **FOR FURTHER INFORMATION CONTACT** section). Written statements should address the following details: the issue, discussion, and a recommended course of action.

Supporting documentation may also be included, as needed, to establish the appropriate historical context and to provide any necessary background information.

If the written statement is not received at least five (5) business days prior to the meeting, the Executive Director may choose to postpone consideration of the statement until the next open meeting.

The Executive Director will review all timely submissions with the Panel Chairperson and ensure they are provided to members of the Panel before the meeting that is subject to this notice. After reviewing the written comments, the Panel Chairperson and the Executive Director may choose to invite the submitter to orally present their issue during an open portion of this meeting or at a future meeting. The Executive Director, in consultation with the Panel Chairperson, may allot time for members of the public to present their issues for review and discussion by the Panel.

Dated: April 9, 2015.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001-06-P

ELECTION ASSISTANCE COMMISSION

Voting System Test Laboratory Program Manual, 2.0, for the U.S. Election Assistance Commission’s Voting System Testing and Certification Program

AGENCY: United States Election Assistance Commission (EAC).

ACTION: Notice; publication of Voting System Test Laboratory Program Manual, Version 2.0, for 30 day public comment period on EAC Web site.

SUMMARY: The U.S. Election Assistance Commission (EAC) is publishing a procedural manual for its Voting System Testing and Certification Program. This manual sets the administrative procedures for voting system test laboratories in the EAC testing and certification program. Participation in the program is strictly voluntary. The program is mandated by the Help America Vote Act (HAVA) at 42 U.S.C. 15371.

SUPPLEMENTARY INFORMATION:

Background

HAVA requires that the EAC certify and decertify voting systems. Section
