

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-74693; File No. SR-NYSEMKT-2015-26]

Self-Regulatory Organizations; NYSE MKT LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Modifying the NYSE Amex Options Fee Schedule To Adopt Fees for Certain Manual Transactions in Options Overlying IWM

April 9, 2015.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the “Act”)² and Rule 19b-4 thereunder,³ notice is hereby given that, on April 1, 2015, NYSE MKT LLC (the “Exchange” or “NYSE MKT”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to modify the NYSE Amex Options Fee Schedule (“Fee Schedule”) to adopt fees for certain Manual transactions in options overlying IWM (the iShares Russell 2000 ETF). The Exchange proposes to implement the fee change effective April 1, 2015. The text of the proposed rule change is available on the Exchange’s Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to adopt fees for certain Manual transactions in options overlying IWM (the iShares Russell 2000 ETF). The Exchange proposes to implement the fee change effective April 1, 2015.

Currently, Manual trades in IWM are subject to the same fees as any other listed option that is traded Manually. However, the Exchange is proposing to offer special pricing to encourage increased Manual trading in the product and to offset losses of Manual transactions associated with options in the iShares Russell Index (RUT), which is exclusively trading on another venue.

Accordingly, for Manual transactions in IWM executed by Broker-Dealers, Firms, NYSE Amex Options Market Makers, non-NYSE Amex Options Market Makers and Professional Customers (collectively, the “IWM Participants”), the Exchange proposes to charge \$0.125 per contract. The Exchange also proposes to offer IWM Participants certain incentives for increased monthly volumes of Manual transactions in IWM. Specifically, the Exchange proposes to instead offer the enhanced rates of (a) \$0.075 for each contract in excess of 74,999 contracts; and (b) \$0.025 for each contract in excess of 99,999 contracts, for Manual executions in IWM transacted during the month. As is the case today, Customers will not be charged for Manual transactions in IWM.

The Exchange notes that Strategy Executions, Firm Facilitation and Qualified Contingent Crosses are excluded from the proposed fee change and would not count towards calculations of the total monthly Manual transactions in IWM. Further, after calculating fees associated with Manual transactions in IWM, at the end of the month, the Exchange will round to the nearest penny when applicable.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁴ in general, and furthers the objectives of Sections 6(b)(4) and (5) of the Act,⁵ in particular, because it provides for the equitable allocation of reasonable dues, fees, and other charges among its members, issuers and other persons using its facilities and does not unfairly

discriminate between customers, issuers, brokers or dealers.

Overall, the Exchange believes that the proposed changes to IWM pricing for Manual transactions are reasonable, equitable and not unfairly discriminatory because the reduced rates are based on the executions in IWM transacted on the Exchange. In addition, the Exchange believes the proposed fees are reasonable, equitable and not unfairly discriminatory because the fees are designed to incentivize IWM Participants to conduct Manual trades in IWM and apply equally to all IWM Participants. The Exchange believes the proposed fee changes may result in an increase in volume and liquidity to the Exchange, which would provide more trading opportunities and tighter spreads, to the benefit of all market participants even non-IWM Participants, all of which perfects the mechanism for a free and open market and national market system.

For these reasons, the Exchange believes that the proposal is consistent with the Act.

B. Self-Regulatory Organization’s Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,⁶ the Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes the proposed fees associated with IWM are pro-competitive as they may attract more volume and liquidity to the Exchange through the proposed reduced rates, which would benefit all Exchange participants through increased opportunities to trade as well as enhancing price discovery.

The Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues. In such an environment, the Exchange must continually review, and consider adjusting, its fees and credits to remain competitive with other exchanges. For the reasons described above, the Exchange believes that the proposed rule change reflects this competitive environment.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)⁷ of the Act and subparagraph (f)(2) of Rule 19b-4⁸ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)⁹ of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

[Release No. 34-74687; File No. SR-ICC-2015-007]

Self-Regulatory Organizations; ICE Clear Credit LLC; Notice of Filing of Proposed Rule Change To Provide for the Clearance of Additional Western European Sovereign Single Names

April 9, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 7, 2015, ICE Clear Credit LLC ("ICC") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared primarily by ICC. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The purpose of the proposed rule change is to adopt rules that will provide the basis for ICC to clear additional credit default swap contracts.

Specifically, ICC is proposing to amend Subchapter 26I of its rules to provide for the clearance of additional Standard Western European Sovereign CDS contracts (collectively, "SWES Contracts"). ICC currently clears six SWES Contracts: the Republic of Ireland, the Italian Republic, the Portuguese Republic, the Kingdom of Spain, the Kingdom of Belgium, and the Republic of Austria. The proposed changes to the ICC Rules would provide for the clearance of additional SWES Contracts, specifically the Kingdom of the Netherlands, the Republic of Finland, the Kingdom of Sweden, and the Kingdom of Denmark.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, ICC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. ICC has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of these statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

The purpose of the proposed rule change is to adopt rules that will provide the basis for ICC to clear additional credit default swap contracts. ICC currently clears six SWES Contracts: the Republic of Ireland, the Italian Republic, the Portuguese Republic, the Kingdom of Spain, the Kingdom of Belgium, and the Republic of Austria. ICC proposes amending Subchapter 26I of its Rules to provide for the clearance of additional SWES Contracts, specifically the Kingdom of the Netherlands, the Republic of Finland, the Kingdom of Sweden, and the Kingdom of Denmark. ICC plans to offer these additional SWES Contracts on the 2003 and 2014 ISDA Credit Derivatives Definitions. The addition of these SWES Contracts will benefit the market for credit default swaps by providing market participants the benefits of clearing, including reduction in counterparty risk and safeguarding of margin assets pursuant to clearing house rules.

These additional SWES Contracts have terms consistent with the other SWES Contracts approved for clearing at ICC and governed by Subchapter 26I of the ICC Rules, namely the Republic of
