

Request for Information

To ensure that a 5-year review is complete and based on the best available scientific and commercial information, we request new information from all sources. See What Information Do We Consider in Our Review? for specific criteria. If you submit information, please support it with documentation such as maps, bibliographic references, methods used to gather and analyze the data, and/or copies of any pertinent publications, reports, or letters by knowledgeable sources.

How do I ask questions or provide information?

If you wish to provide information for any species listed above, please submit your comments and materials to the appropriate contact in the table above. You may also direct questions to those contacts. Individuals who are hearing impaired or speech impaired may call the Federal Relay Service at 800-877-8339 for TTY assistance.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Comments and materials received will be available for public inspection, by appointment, during normal business hours at the offices where the comments are submitted.

Completed and Active Reviews

A list of all completed and currently active 5-year reviews addressing species for which the Southwest Region of the Service has lead responsibility is available at http://www.fws.gov/southwest/es/ElectronicLibrary_Main.cfm (under “Select a Document Category,” select “5-Year Review”).

Authority

This document is published under the authority of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*).

Dated: March 19, 2015.

Joy E. Nicholopoulos,

Regional Director, Southwest Region, U.S. Fish and Wildlife Service.

Announcement of USGS National Geospatial Program (NGP) 3D Elevation Program (3DEP) FY15 Public Meetings in Preparation for the Upcoming Release of the USGS Broad Agency Announcement for 3D Elevation

ACTION: Notice of Meeting(s).

SUMMARY: The 3D Elevation Program (3DEP) initiative is being developed to respond to needs for high-quality topographic data and for a wide range of other three-dimensional representations of the Nation’s natural and constructed features. The primary goal of 3DEP is to systematically collect enhanced elevation data in the form of high-quality light detection and ranging (lidar) data over the conterminous United States, Hawaii, and the U.S. territories, as well as interferometric synthetic aperture radar (ifsar) data over Alaska. The 3DEP initiative is based on the results of the National Enhanced Elevation Assessment (NEEA), which indicated an optimal benefit to cost ratio for Quality Level 2 (QL2) data collected over 8-years to complete national coverage. The implementation model for 3DEP is based on multi-agency partnership funding for acquisition, with the USGS acting in a lead program management role to facilitate planning and acquisition for the broader community, through the use of government contracts and partnership agreements. The annual Broad Agency Announcement (BAA) is a competitive solicitation issued to facilitate the collection of lidar and derived elevation data for the 3D Elevation Program (3DEP). Federal agencies, state and local governments, tribes, academic institutions and the private sector are eligible to submit proposals. The 3DEP public meetings will introduce this opportunity to the broadest stakeholder community possible and provide a forum for interested parties to discuss elevation data collection needs of mutual interest that could be addressed by a coordinated investment.

Advanced Registration is required for meeting attendance. National Webinars will be recorded and made available for viewing.

DATES: USGS Broad Agency Announcement (BAA) for 3D Elevation Program (3DEP) FY15 National Webinars—Notice of Proposed Public Acquisition Opportunity: April 24th 12:00–1:00 ET, April 29th 2:00–3:00 ET. Virtual meeting information posted on

<https://www.geoplatform.gov/elevation/3DEP>.

3DEP Public Workshops in support of upcoming BAA: To be held throughout the US between May 4th and June 26th. Locations, Dates, Times and Registration Information posted on: <https://www.geoplatform.gov/elevation/3DEP>. Registration available beginning May 1st.

USGS Broad Agency Announcement for 3D Elevation Program FY15 National Webinars—Instructions for proposal submissions: July 23rd 12:00–1:00 ET, July 28th 2:00–3:00 ET. Virtual meeting information posted on <https://www.geoplatform.gov/elevation/3DEP>.

FOR FURTHER INFORMATION CONTACT: 3D Elevation Program, gs_baa@usgs.gov.

SUPPLEMENTARY INFORMATION: The BAA is issued under the provisions of FAR Part 35. Proposals selected for eventual award are considered to be the result of full and open competition and in full compliance with the provision of Public Law 98–369, “The Competition in Contracting Act of 1984” and subsequent amendments. For additional information on the 3DEP program <http://nationalmap.gov/3DEP/index.html>.

Dated: April 10, 2014.

Julia Fields,

Deputy Director, National Geospatial Program.

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

[RR01113000, XXXR0680R1, RR.R0336A1R.7WRMP0032]

Notice To Reopen the Public Comment Period and Notice of Additional Public Meetings for the Kachess Drought Relief Pumping Plant and Keechelus Reservoir-to-Kachess Reservoir Conveyance Draft Environmental Impact Statement, Kittitas and Yakima Counties, Washington

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice.

SUMMARY: The Bureau of Reclamation is reopening the public comment period for the Kachess Drought Relief Pumping Plant and Keechelus Reservoir-to-Kachess Reservoir Conveyance Draft Environmental Impact Statement (EIS) for another 60 days to allow the public more time to comment. We are also announcing four additional public meetings to be held in May 2015.

DATES: Submit written comments on the scope of the Draft EIS on or before June 15, 2015.

Four public meetings will be held on the following dates and times:

- Monday, May 4, 2015, 1:30 p.m. to 3:30 p.m., and 5 p.m. to 7 p.m., Ellensburg, Washington
- Tuesday, May 5, 2015, 1:30 p.m. to 3:30 p.m., and 5 p.m. to 7 p.m., Cle Elum, Washington

ADDRESSES: Send written comments on the scope of the Draft EIS to Ms. Candace McKinley, Bureau of Reclamation, 1917 Marsh Road, Yakima, WA 98901; or via email to kGBT@usbr.gov. The Draft EIS is accessible on the following Web sites: <http://www.usbr.gov/pn/programs/eis/kdrpp/index.html>; and <http://www.usbr.gov/pn/programs/eis/kkc/index.html>.

The public meetings will be held at the following locations:

- Ellensburg—Hal Holmes Community Center, 209 N. Ruby Street, Ellensburg, Washington 98926
- Cle Elum—U.S. Forest Service, Cle Elum Ranger District, Tom Craven Conference Room, 803 W. 2nd Street, Cle Elum, Washington 98922

FOR FURTHER INFORMATION CONTACT: Ms. Candace McKinley, 509-575-5848, ext. 603; or by email at kGBT@usbr.gov.

SUPPLEMENTARY INFORMATION: The Bureau of Reclamation published a notice of availability in the **Federal Register** on January 9, 2015 (80 FR 1431). The public comment period ended on March 10, 2015. We received numerous comments from the public requesting more time to comment on the project. In response to those comments, we are reopening the public comment period for an additional 60 days.

Public Disclosure

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: March 9, 2015.

Lorri J. Lee,
Regional Director, Pacific Northwest Region.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-432 and 731-TA-1024-1028 (Second Review) and AA1921-188 (Fourth Review)]

Prestressed Concrete Steel Wire Strand From Brazil, India, Japan, Korea, Mexico, and Thailand

Determinations

On the basis of the record¹ developed in the subject five-year reviews, the United States International Trade Commission (“Commission”) determines, pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)), that revocation of the countervailing duty order on prestressed concrete steel wire strand (“PC strand”) from India, the antidumping duty orders on PC strand from Brazil, India, Korea, Mexico, and Thailand, as well as the antidumping duty finding on PC strand from Japan, would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

Background

The Commission instituted these reviews on November 3, 2014 (79 FR 65246) and determined on February 6, 2015, that it would conduct expedited reviews (80 FR 9747, February 24, 2015).

The Commission completed and filed its determinations in these reviews on April 10, 2015. The views of the Commission are contained in USITC Publication 4527 (April 2015), entitled *Prestressed Concrete Steel Wire Strand from Brazil, India, Japan, Korea, Mexico, and Thailand: Investigation Nos. 701-TA-432 and 731-TA-1024-1028 (Second Review) and AA1921-188 (Fourth Review)*.

By order of the Commission.
Issued: April 10, 2015.

Lisa R. Barton,
Secretary to the Commission.

¹The record is defined in sec. 207.2(f) of the Commission’s Rules of Practice and Procedure (19 CFR 207.2(f)).

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response, Compensation, and Liability Act

On April 9, 2015, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Eastern District of Wisconsin in the lawsuit entitled *United States and the State of Wisconsin v. NCR Corp., et al.*, Case No. 10-cv-910 (E.D. Wis.).

In 2010, the United States and the State of Wisconsin filed a lawsuit against multiple defendants that had contributed to polychlorinated biphenyl (“PCB”) contamination in sediment at the Lower Fox River and Green Bay Superfund Site in northeastern Wisconsin (the “Site”). That lawsuit—brought under the Comprehensive Environmental Response, Compensation, and Liability Act (“CERCLA”), 42 U.S.C. 9601-75—sought enforcement of a U.S. Environmental Protection Agency order requiring cleanup work at the Site, reimbursement of response costs that the United States and the State have incurred in addressing the PCB contamination at the Site, and recovery of damages for injuries to natural resources resulting from the PCB contamination. The proposed Consent Decree is a partial settlement that requires two defendants, NCR Corporation and Georgia-Pacific Consumer Products LP, to fund and perform an estimated \$67 million in sediment remediation work at the Site in 2015. This partial settlement does not resolve all aspects of the ongoing lawsuit or all potential liabilities of NCR Corporation or Georgia-Pacific Consumer Products LP.

The publication of this notice opens a period for public comment on the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States and the State of Wisconsin v. NCR Corp., et al.*, D.J. Ref. No. 90-11-2-1045/3. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:
