Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

## 11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

## 12. Energy Effects

This action is not a "significant energy action" under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

## 13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

## 14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.lD, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA)(42 U.S.C. 4321-4370f), and have concluded this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. This rule involves the establishment of a special local regulation issued in conjunction with a regatta or marine parade, and, therefore it is categorically excluded from further review under paragraph 34(h) of Figure 2-1 of the Commandant Instruction. During the annual permitting process for this event an environmental analysis was conducted, and thus, no preliminary environmental analysis checklist or Categorical Exclusion Determination (CED) are required for this rulemaking action. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 100 as follows:

## PART 100-SAFETY OF LIFE ON NAVIGABLE WATERS

■ 1. The authority citation for part 100 continues to read as follows:
Authority: 33 U.S.C. 1233.
■ 2. Add § 100.35T09-0190 to read as follows:

## §100.35T09-0190 Special Local

 Regulation; Hebda Cup Rowing Regatta, Trenton Channel; Wyandotte, MI.(a) Regulated Area. A regulated area is established to include all waters of the Detroit River, Trenton Channel between the following two lines going from bank-to-bank: The first line is drawn directly across the channel from position $42^{\circ} 10^{\prime} 58^{\prime \prime} N ., 083^{\circ} 9^{\prime} 23^{\prime \prime} W$.; the second line, to the north, is drawn directly across the channel from position $42^{\circ} 11^{\prime} 44^{\prime \prime} N$., $083^{\circ} 8^{\prime} 56^{\prime \prime} W$. All geographic coordinates are North American Datum of 1983 (NAD 83). Two thirds of the Trenton Channel on the western portion of the regulated area, from the Wyandotte shoreline to a point approximately 670 feet east into the channel, will be designated as the race zone, while the remaining third portion on the eastern side of the of the regulated area, approximately 330 feet in width, will be designated as a spectator zone for pleasure crafts.
(b) Enforcement period. This regulation will be enforced from 7 a.m. until 4:30 p.m. on April 25, 2015.
(c) Regulations. (1) No vessel may enter, transit through, or anchor within the race zone of the regulated area unless authorized by the Captain of the Port Detroit, or his designated on-scene representative.
(2) No vessels may enter and transit through the spectator zone on the eastern side of regulated area without authorization of the Captain of the Port or his designated on scene representative. Any vessel granted permission to enter the spectator zone must not exceed a no-wake speed.
(3) The "on-scene representative" of the Captain of the Port, Sector Detroit is any Coast Guard commissioned, warrant or petty officer or a Federal, State, or local law enforcement officer designated by or assisting the Captain of the Port, Sector Detroit to act on his behalf.
(4) Vessel operators desiring to enter or operate within the regulated area shall contact the Coast Guard Patrol Commander to obtain permission to do so. The Captain of the Port, Sector Detroit or his on-scene representative
may be contacted via VHF Channel 16 or at 313-568-9464.
(5) Vessel operators given permission to enter or operate in the regulated area must comply with all directions given to them by the Captain of the Port, Sector Detroit, or his on-scene representative.
(6) If the Captain of the Port, Sector Detroit grants permission for a deep draft vessel to transit through the regulated area in the shipping lanes, the race event will be temporarily stopped during deep draft vessel's transit.

Dated: March 27, 2015.

## Special Local Regulations and Safety Zones; Recurring Marine Events and Fireworks Displays Within the Fifth Coast Guard District

Agency: Coast Guard, DHS.
ACTION: Final rule.
SUMMARY: The Coast Guard is issuing a final rule that revises the list of special local regulations and safety zones established for recurring marine events and fireworks displays that take place within the Fifth Coast Guard District area of responsibility. Under this rule, the list of recurring marine events requiring special local regulations or safety zones is updated with revisions, additional events, and removal of events that no longer take place in the Fifth Coast Guard District. When these regulations are enforced, certain restrictions are placed on marine traffic in specified areas. This rulemaking project promotes efficiency by eliminating the need to produce a separate rule for each individual recurring event, and serves to provide notice of the known recurring events requiring a special local regulation or safety zone throughout the year.
DATES: This rule is effective May 18, 2015.

ADDRESSES: Documents mentioned in this preamble are part of docket [USCG-2014-1011]. To view documents mentioned in this preamble as being

## SUPPLEMENTARY INFORMATION:

## Table of Acronyms

DHS Department of Homeland Security FR Federal Register
NPRM Notice of Proposed Rulemaking

## A. Regulatory History and Information

The special local regulations listed in 33 CFR 100.501 and safety zones listed in 33 CFR 165.506 were last amended on July 21, 2014 (79 FR 42197).
On February 13, 2015, we published a notice of proposed rulemaking (NPRM) entitled "Special Local Regulations and Safety Zones; Recurring Marine Events and Fireworks Displays within the Fifth Coast Guard District" in the Federal Register (80 FR 7994). We received one favorable comment on the proposed rule.
No public meeting was requested, and none was held.

## B. Basis and Purpose

This rulemaking is authorized by 33 U.S.C. 1231, 1233; 33 CFR 1.05-1, 160.5; and DHS Delegation No. 0170.1. It updates the list of permanent special local regulations at 33 CFR 100.501 and safety zones at 33 CFR 165.506, established for recurring marine events and fireworks displays at various locations within the Fifth Coast Guard District area of responsibility (AOR). The Fifth Coast Guard District AOR is defined in 33 CFR 3.25.

Publishing these regulatory updates in a single rulemaking promotes efficiency and provides the public with notice through publication in the Federal Register of the upcoming recurring marine events and fireworks displays and their accompanying regulations, special local regulations, and safety zones.

## C. Discussion of Comments, Changes and the Final Rule

Coast Guard Sector Baltimore, MD submitted changes for a special local regulation for marine event and a safety zone for fireworks display that were published on February 13, 2015 in the notice of proposed rulemaking. The changes are included in the Table to $\S 100.501$, (b.) line 23, Date. The date for this marine event was expanded to include the 3rd Sunday. Change was made to the Table to § 165.506 , (b.) line 1, Regulated Area. The regulated area for this fireworks display was changed to 500 yard radius. This change was made to provide a larger safety buffer within Washington Channel due to the anticipated high density of spectator vessels that typically congregate for this event. These changes do not affect the location or total number of regulated areas previously listed in the NPRM.

One commenter generally supported the proposed listing of all marine events
in the Fifth District area of responsibility. No changes were made to the proposed rule based upon this comment.

## Special Local Regulations

This rule adds 2 new special local regulations for marine events, removes 1 regulation and revises 10 previously established regulations for marine events listed in the Table to § 100.501. Other than changes to the dates and locations of certain events, the other provisions in 33 CFR 100.501 remain unchanged.

The Coast Guard has revised regulations at 33 CFR 100.501 by adding 2 new special local regulations. The special local regulations are listed in Table 1, including reference by section as printed in the Table to §100.501.

Table 1

| 2. (b.) $23 \ldots \ldots .$. | Nanticoke River, Bivalve <br> channel and harbor, Bi- <br> valve, MD. |

One previously published special local regulation for marine event was removed from 33 CFR 100.501, i.e. "Ragin on the River" power boat race that took place on the Susquehanna River, near Port Deposit, MD.
This rule revises 10 preexisting special local regulations that involve change to marine event date(s) and/or coordinates. These events are listed in Table 2, with reference by section as printed in the Table to § 100.501.

Based on the nature of marine events, large number of participants and
spectators, and event locations, the Coast Guard has determined that the
events listed in this rule could pose a risk to participants or waterway users if
normal vessel traffic were to interfere with the event. Possible hazards include risks of participant injury or death resulting from near or actual contact with non-participant vessels traversing through the regulated areas. In order to protect the safety of all waterway users including event participants and spectators, this rule establishes special local regulations for the time and location of each marine event.

This rule prevents vessels from entering, transiting, mooring or anchoring within areas specifically designated as regulated areas during the periods of enforcement unless authorized by the Captain of the Port (COTP), or designated Coast Guard Patrol Commander. The designated "Patrol Commander" includes Coast Guard commissioned, warrant, or petty officer who has been designated by the COTP to act on their behalf. On-scene patrol commander may be augmented by local, State or Federal officials authorized to act in support of the Coast Guard.

## Safety Zones

This rule adds 6 new safety zones, removes 1 safety zone and revises 12 previously established safety zones listed in the Table to § 165.506. Other than changes to the dates and locations of certain safety zones, the other provisions in 33 CFR 165.506 remain unchanged.

The Coast Guard has revised the regulations at 33 CFR 165.506 by adding 6 new safety zone locations to the permanent regulations listed in this section. The new safety zones are listed in Table 3, including reference by section as printed in the Table to §165.506.

Each year, organizations in the Fifth Coast Guard District sponsor fireworks displays in the same general location and time period. Each event uses a barge or an on-shore site near the shoreline as the fireworks launch platform. A safety zone is used to control vessel movement within a specified distance surrounding the launch platforms to ensure the safety of persons and property. Coast Guard personnel on scene may allow boaters within the safety zone if conditions permit.
The enforcement period for these safety zones is from 5:30 p.m. to 1 a.m. local time. However, vessels may enter, remain in, or transit through these safety zones during this time frame if authorized by the COTP or designated Coast Guard patrol commander on scene, as provided for in 33 CFR 165.23.

This rule provides for the safety of life on navigable waters during the events.

## D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes and executive orders.

## 1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866

Table 3-Continued
[Safety zones added to 33 CFR 165.506]

| Table to <br> § 165.506 <br> section | Location |
| :---: | :---: |
| 2. (c.) $22 \ldots \ldots .$. | Urbanna Creek, Urbanna, <br> VA. <br> Elizabeth River—Eastern <br> Branch, Norfolk, VA. |
| 4. (c.) $23 \ldots \ldots .$. (d.) $16 \ldots \ldots .$. | Shallowbag Bay, Manteo, <br> NC. <br> 5asquotank River, Elizabeth <br> City, NC. |
| 6. (d.) $18 \ldots \ldots .$. | Atlantic Intracoastal Water- <br> way, Bogue Inlet, <br> Swansboro, NC. |

One safety zone was removed from 33 CFR 165.506, specifically, the fireworks display that took place over the Potomac River, near Newburg, MD.
The rule revises 12 preexisting safety zones that involve change to event date(s) and coordinates. These revised safety zones are shown in Table 4, with reference by section as printed in the Table to § 165.506.
events will typically be made by local newspapers, radio and TV stations. The Coast Guard anticipates that these special local regulated areas and safety zones will only be enforced one to three times per year.

## 2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601-612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received no comments from the Small Business Administration on this rule. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.
(1) This rule will affect the following entities some of which may be small entities: The owners and operators of vessels intending to transit or anchor in these regulated areas during the times the zones are enforced.
(2) These special local regulated areas and safety zones will not have a significant economic impact on a substantial number of small entities for the following reasons: The Coast Guard will ensure that small entities are able to operate in the areas where events are occurring to the extent possible while ensuring the safety of event participants and spectators. The enforcement period will be short in duration and, in many of the areas, vessels can transit safely around the regulated area. Generally, blanket permission to enter, remain in, or transit through these regulated areas will be given, except during the period that the Coast Guard patrol vessel is present. Before the enforcement period, we will issue maritime advisories widely.

## 3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the FOR FURTHER INFORMATION CONTACT, above.
Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine
compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

## 4. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

## 5. Federalism

A rule has implications for federalism under Executive Order 13132,
Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and determined that this rule does not have implications for federalism.

## 6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the FOR FURTHER
INFORMATION CONTACT section to
coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

## 7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of $\$ 100,000,000$ (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

## 8. Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

## 9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

## 10. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children From Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

## 11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

## 12. Energy Effects

This action is not a "significant energy action" under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

## 13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

## 14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National
Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321-4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves implementation of regulations within 33 CFR part 100 that apply to organized marine events on the navigable waters of the United States. Some marine events by their nature may introduce potential for adverse impact on the safety or other interest of waterway users or waterfront infrastructure within or close proximity to the event area. The category of water activities includes but is not limited to sail boat regattas, boat parades, power boat racing, swimming
events, crew racing, and sail board racing. This section of the rule is categorically excluded from further review under paragraph 34(h) of Figure $2-1$ of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are not required for this section of the rule.
This rule involves implementation of regulations at 33 CFR part 165 that establish safety zones on navigable waters of the United States for fireworks events. These safety zones are enforced for the duration of fireworks display events. The fireworks are generally launched from or immediately adjacent to navigable waters of the United States. The category of activities includes fireworks launched from barges or at the shoreline that generally rely on the use of navigable waters as a safety buffer. Fireworks displays may introduce
potential hazards such as accidental discharge of fireworks, dangerous projectiles, and falling hot embers or other debris. This section of the rule is categorically excluded from further review under paragraph $34(\mathrm{~g})$ of Figure $2-1$ of the Commandant Instruction. A preliminary environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under ADDRESSES. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

## RIN 1625-AA09

Drawbridge Operation Regulation; Coquille River, Bandon, OR

AGENCY: Coast Guard, DHS.
ACTION: Final rule.

SUMMARY: The Coast Guard is changing the operating schedule that governs the U.S. 101 highway drawbridge also known as Bullard's Drawbridge, near Bandon, Oregon. The change will allow the drawbridge to permanently remain in the closed-to-navigation position, no longer opening for vessel traffic. While there is vessel traffic on this waterway, no one has requested a drawbridge opening since 1998. Oregon Department of Transportation (ODOT) owns the bridge and requested to update the operating schedule accordingly.
DATES: This rule is effective May 18, 2015.
