[Docket No. CP15-152-000]

Gulf South Pipeline Company, LP; Notice of Request Under Blanket Authorization

Take notice that on April 3, 2015, Gulf South Pipeline Company, LP (Gulf South) filed in Docket No. CP15-152-000, a Prior Notice request pursuant to section 157.205 of the Commission's Regulations under the Natural Gas Act (NGA), and Gulf South's blanket certificate issued in Docket No. CP82-430-000. Gulf South seeks authorization to increase its maximum storage capacity in the Petal Salt Dome Cavern 12A, located in Forest County in the State of Mississippi, all as more fully set forth in the application which is on file with the Commission and open to public inspection. Specifically, Gulf South proposes to increase the total certificated storage capacity of the cavern from 9.26 Billion cubic feet (Bcf) to 9.75 Bcf. Gulf South proposes the increase because the cavern size was determined to be slightly larger than originally anticipated based upon temperature survey data obtained after cavern dewatering operations were completed. No construction of facilities is required for the proposal.

Any questions regarding this application should be directed to Kyle Stephens, Vice President, Regulatory Affairs, Gulf South Pipeline Company, LP, 9 Greenway Plaza, Suite 2800, Houston, TX 77046 by telephone at (713) 479-8033, by FAX at (713) 479-1745 or by email at kyle.stephens@bwpmlp.com.

Any person or the Commission's Staff may, within 60 days after the issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice

of intervention and, pursuant to section 157.205 of the Commission's Regulations under the NGA (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the NGA.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding, or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such motions or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed

documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission encourages electronic submission of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. McClellan Air Force Base Superfund Site; Proposed Notice of Administrative Order on Consent

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice; Request for Public Comment.

SUMMARY: Notice is hereby given that a proposed administrative order on consent concerning portions of the McClellan Air Force Base Superfund Site ("Site") in McClellan, California has been negotiated by the Agency and the Respondent, McClellan Business Park, LLC, a Delaware limited liability company. The proposed administrative order on consent concerns cleanup of portions of the Site pursuant to the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. 9604, 9606 and 9622 ("CERCLA"). Pursuant to a Federal Facilities Agreement ("FFA"), the U.S.

Air Force is performing the CERCLA response actions for the Site; however, the FFA was amended to suspend the obligations of the Air Force to conduct the response actions undertaken by the Respondent.

For 30 calendar days following the date of publication of this notice, EPA will receive written comments relating to the proposed administrative order on consent. If requested prior to the expiration of this public comment period, EPA will provide an opportunity for a public meeting in the affected area. EPA's response to any comments received will be available for public inspection at the U.S. Environmental Protection Agency, 75 Hawthorne Street, San Francisco, CA 94105.

DATES: Comments must be submitted on or before May 22, 2015.

Availability: The proposed administrative order on consent may be obtained from Bob Fitzgerald, Project Manager, at (415) 947-4171. Comments regarding the proposed administrative order on consent should be addressed to Thelma Estrada (ORC-3) at United States EPA Region IX, 75 Hawthorne Street, San Francisco, California 94105, and should reference "FOSET #3 Privatization, McClellan Superfund Site," and "Docket No. 2014-09".

SUPPLEMENTARY INFORMATION: The Air Force has prepared a Finding of Suitability for Early Transfer ("FOSET"), which has been subject to a public comment period. The Air Force submitted the FOSET to the Environmental Protection Agency ("EPA"), Region 9, and the State of California for their approval and upon approval of the FOSET, the Air Force will transfer portions of the Site to the County of Sacramento, which will then transfer those portions to the Respondent. The Air Force and the County of Sacramento have entered into an Environmental Services Cooperative Agreement, which requires the County of Sacramento to perform certain CERCLA response actions on the transferred portions of the Site, using funds supplied by the Air Force. The County of Sacramento has contracted with Respondent to conduct those CERCLA response actions. The proposed administrative order on consent would require the Respondent to prepare and perform removal actions and one or more remedial designs and

remedial actions for certain contaminants present on the transferred portions of the Site, under the oversight of EPA and the State of California. The administrative order on consent also commits the Respondent to reimburse direct and indirect future response costs incurred by EPA in connection with actions conducted under CERCLA at the transferred portions of the Site.
