#### SUPPLEMENTARY INFORMATION:

##### I. Background

The Military Construction Authorization Act, as amended by the National Defense Authorization Act for Fiscal Year 2010, prohibits contractors engaged in construction projects related to the realignment of U.S. military forces from Okinawa to Guam from hiring workers holding H-2B visas under the Immigration and Nationality Act, 8 U.S.C. 1101(a)(15)(H)(ii)(b), unless the Governor of Guam (Governor), in consultation with the Secretary of Labor (Secretary), certifies that: (1) There is an insufficient number of U.S. workers that are able, willing, qualified, and available to perform the work; and (2) that the employment of workers holding H-2B visas will not have an adverse effect on either the wages or the working conditions of workers in Guam.

In order to allow the Governor to make this certification, the NDAA requires contractors to recruit workers in the U.S., including in Guam, the Commonwealth of the Northern Mariana Islands, American Samoa, the U.S. Virgin Islands, and Puerto Rico, according to the terms of a recruitment plan developed and approved by the Secretary. This recruitment plan was published as a set of Contractor Recruitment Standards in the **Federal Register** on January 8, 2013 (78 FR

1256) and is available at: <https://www.federalregister.gov/articles/2013/01/08/2013-00114/guam-military-base-realignment-contractor-recruitment-standards>. Under the NDAA, no Guam base realignment construction project work may be performed by a person holding an H-2B visa under the Immigration and Nationality Act until the contractor complies with the Department's Contractor Recruitment Standards and the Governor of Guam issues a certification of that compliance.
