

The Number of Crude Oil Cars Damaged/Derailed—When the train for which this report is being prepared contained cars carrying crude oil, including cars carrying any residue amounts of crude oil, the number of those cars that were damaged or derailed, including a derailment of only one wheel. (Code = BBB)

The Number of Cars Releasing Crude Oil—When the train for which this report is being prepared contained cars carrying crude oil, including cars carrying any residue amounts of crude oil, the number of those cars that released any portion of their contents (*i.e.*, leaks of any type and amount), including vapor. (Code = CCC)

Selected Instructions for Completing the Form

The current instructions in the *FRA Guide for Preparing Accident/Incident Reports* (Published May 23, 2011) (Reporting Guide) for completing Blocks 8 (Cars Carrying HAZMAT [Hazardous Material]), 9 (HAZMAT Cars Damaged/Derailed), 10 (Cars Releasing HAZMAT), 11 (People Evacuated), and 52 (Narrative Description) remain unchanged. Crude oil is a regulated HAZMAT. Accordingly, shipments of crude oil will be aggregated with other HAZMAT in the train in blocks 8, 9, and 10. Block 11, People Evacuated, remains unchanged. Detailed instructions for completing these blocks are provided in the *Reporting Guide*.

The format for Block 49b is—AAA—BBB—CCC—a total of eleven characters including the dashes to indicate the number of crude oil cars in the train as specified below:

- AAA is the count of the Number of Cars Carrying Crude Oil (similar to block 8, but limited to cars carrying crude oil and with leading zeros).
- BBB is the count of the Number of Crude Oil Cars Damaged/Derailed (similar to block 9, but limited to cars carrying crude oil that were damaged/derailed and with leading zeros).
- CCC is the count of the Number of Cars Releasing Crude Oil (similar to block 10, but limited to the number of cars releasing crude oil and with leading zeros).

When there is no crude oil in the train and the equipment in the train meets the qualification of Type of Equipment listed below under section “Applicability” on the Form (*i.e.*, the equipment qualifies as a freight train, work train, single car, cut of cars, or yard/switching equipment), Block 49b must be coded as “000–000–000.”

All other rules for reporting HAZMAT releases and injuries apply, regardless of HAZMAT commodity involved,

including the description of the hazardous material released in Form FRA F 6180.54 Block 52 (*i.e.*, Narrative Description by name or Standard Transportation Commodity Code (STCC)), identification of the initial and number of any car releasing hazardous materials, and identification of the name and quantity of hazardous material released. Further instructions are provided in the *Reporting Guide*.

Additionally, the number of fatalities and injuries resulting from direct exposure to the released substance would still need to be reported in Blocks 46, 47, and 48 on the Form FRA F 6180.54 and in Block 5q (Exposure to Hazmat) on the Railroad Injury and Illness Summary (Continuation Sheet) Form FRA F 6180.55a.

Applicability

Whenever block 25 (Type of Equipment) on the Form FRA F 6180.54 is equal to 1 (Freight Train), or 4 (Work Train), or 5 (Single Car), or 6 (Cut of Cars), or 7 (Yard/switching), then the required information on crude oil in the train must be completed in Block 49b.

Special Study Block 49b Reporting Example: A train carrying three cars of corrosive acid and four cars of crude oil is involved in an FRA reportable train accident, as described—one of the cars carrying the corrosive acid is damaged with no release of product; two cars carrying crude oil are damaged; one of these cars releases crude oil; and there is an evacuation of 25 people, including an injury to a railroad employee due to direct exposure and injury to another employee as a result of the accident, but not related to the release. Accordingly, on the Form FRA F 6180.54 the following information must be entered:

Block 8 enter “7” (representing the 3 cars carrying corrosive acid and the 4 cars carrying crude oil);

Block 9 enter “3” (representing the 1 car derailed carrying corrosive acid, 2 cars damaged carrying crude oil);

Block 10 enter “1” (representing no corrosive acid released, 1 car releasing crude oil);

Block 11 enter “25” (representing the 25 people who were evacuated during the cleanup);

Block 46 (Nonfatal) enter “2” (representing the 2 employees injured);

Block 49b enter “004–002–001” (representing the 4 cars in the train carrying crude oil, the 2 crude oil cars damaged/derailed, and the 1 crude oil car that released product); and Block 52 (Narrative Description) enter a description of the accident in accordance with the *Reporting Guide* instructions for block 52. For this example, the narrative would include,

but not be limited to, the initial and number of the one car that released the crude oil, the name of the HAZMAT released (or STCC) (*i.e.*, crude oil), the quantity of crude oil released, the number of fatalities and injuries resulting from a direct exposure to the released substance (*i.e.*, the one railroad employee injury as a result of direct exposure to the released crude oil), and an estimate of the size of the affected area evacuated and the length of the evacuation. If, in this example, the cars carrying corrosive acid released any hazardous materials, in accordance with the *Reporting Guide*, the initial and number of any car releasing that material, as well as the name and quantity of that material released would also need to be identified in this block.

On the related Form FRA F 6180.55a, for the employee injured due to exposure to HAZMAT enter “Y” in Block 5q. On another Form FRA F 6180.55a, for the employee injured, not due to exposure, enter “N” in Block 5q.

Issued in Washington, DC, on April 17, 2015.

Brenda Moscoso,

Director, Office of Safety Analysis.

BILLING CODE 4910–06–P

DEPARTMENT OF THE TREASURY

Alcohol and Tobacco Tax and Trade Bureau

[Docket No. TTB–2015–0001]

Proposed Information Collections; Comment Request (No. 52)

AGENCY: Alcohol and Tobacco Tax and Trade Bureau (TTB); Treasury.

ACTION: Notice and request for comments.

SUMMARY: As part of our continuing effort to reduce paperwork and respondent burden, and as required by the Paperwork Reduction Act of 1995, we invite comments on the proposed or continuing information collections listed below in this notice.

DATES: We must receive your written comments on or before June 23, 2015.

ADDRESSES: As described below, you may send comments on the information collections listed in this document using the “Regulations.gov” online comment form for this document, or you may send written comments via U.S. mail or hand delivery. TTB no longer accepts public comments via email or fax.

- <http://www.regulations.gov>: Use the comment form for this document posted

within Docket No. TTB-2015-0001 on "Regulations.gov," the Federal e-rulemaking portal, to submit comments via the Internet;

- *U.S. Mail:* Michael Hoover, Regulations and Rulings Division, Alcohol and Tobacco Tax and Trade Bureau, 1310 G Street NW., Box 12, Washington, DC 20005.

- *Hand Delivery/Courier in Lieu of Mail:* Michael Hoover, Alcohol and Tobacco Tax and Trade Bureau, 1310 G Street NW., Suite 200-E, Washington, DC 20005.

Please submit separate comments for each specific information collection listed in this document. You must reference the information collection's title, form or recordkeeping requirement number, and OMB number (if any) in your comment.

You may view copies of this document, the information collections listed in it and any associated instructions, and all comments received in response to this document within Docket No. TTB-2015-0001 at <http://www.regulations.gov>. A link to that docket is posted on the TTB Web site at <http://www.ttb.gov/forms/comment-on-form.shtml>. You may also obtain paper copies of this document, the information collections described in it and any associated instructions, and any comments received in response to this document by contacting Michael Hoover at the addresses or telephone number shown below.

FOR FURTHER INFORMATION CONTACT:

Michael Hoover, Alcohol and Tobacco Tax and Trade Bureau, 1310 G Street NW., Box 12, Washington, DC 20005; telephone 202-453-1039, ext. 135; or email informationcollections@ttb.gov (please *do not* submit comments on this notice to this email address).

SUPPLEMENTARY INFORMATION:

Request for Comments

The Department of the Treasury and its Alcohol and Tobacco Tax and Trade Bureau (TTB), as part of their continuing effort to reduce paperwork and respondent burden, invite the general public and other Federal agencies to comment on the proposed or continuing information collections listed below in this notice, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Comments submitted in response to this notice will be included or summarized in our request for Office of Management and Budget (OMB) approval of the relevant information collection. All comments are part of the public record and subject to disclosure. Please do not include any confidential

or inappropriate material in your comments.

We invite comments on: (a) Whether this information collection is necessary for the proper performance of the agency's functions, including whether the information has practical utility; (b) the accuracy of the agency's estimate of the information collection's burden; (c) ways to enhance the quality, utility, and clarity of the information collected; (d) ways to minimize the information collection's burden on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide the requested information.

Information Collections Open for Comment

Currently, we are seeking comments on the following forms, recordkeeping requirements, or questionnaires:

Title: Change of Bond (Consent of Surety).

OMB Number: 1513-0013.

TTB Form Number: TTB F 5000.18.

Abstract: A bond is required in certain circumstances to cover Federal excise tax liabilities incurred from such things as the production, removal, or transfer of certain taxable commodities. A Change of Bond (Consent of Surety), TTB F 5000.18, is executed by both the bonding company and a proprietor when there is a change to a bond filed with TTB. The TTB F 5000.18 acts as a binding legal agreement between the two parties to extend the terms of a bond. TTB F 5000.18 is filed with TTB and a copy is retained by TTB as long as it remains current and in force.

Current Actions: TTB is submitting this collection as a revision. The form remains unchanged. However, we are updating the number of respondents and the total annual burden to reflect a decrease in the number of respondents.

Type of Review: Revision of a currently approved collection.

Affected Public: Businesses or other for-profits.

Estimated Number of Respondents: 2,000.

Estimated Total Annual Burden Hours: 1,330.

Title: Application for and Certification/Exemption of Label/Bottle Approval.

OMB Number: 1513-0020.

TTB Form Number: TTB F 5100.31.

Abstract: To provide consumers with adequate information as to the identity of alcohol beverage products and to prevent consumer deception and unfair advertising practices, the Federal

Alcohol Administration Act at 27 U.S.C. 205(e) requires that alcohol beverages sold or introduced into interstate or foreign commerce be labeled in conformity with regulations issued by the Secretary of the Treasury. Further, the producer, bottler, or importer of alcohol beverages must receive approval of the label for such products from TTB prior to their introduction into commerce. TTB F 5100.31 is a dual-use form; industry members use it to request and to obtain the required label approval. The form serves as both an application for and, if approved by TTB, a certificate of label approval (or exemption from a certificate of label approval).

Current Actions: TTB is submitting this collection as a revision. On the TTB F 5100.31 form, TTB is making additions and clarifications to the list of allowable revisions listed in part V of the form. TTB also is updating the number of respondents and the total annual burden to reflect an increase in the number of respondents.

Type of Review: Revision of a currently approved collection.

Affected Public: Businesses or other for-profits.

Estimated Number of Respondents: 8,850.

Estimated Total Annual Burden Hours: 73,618.

Title: Alcohol Fuel Plants (AFP) Records, Reports, and Notices.

OMB Number: 1513-0052.

TTB Form Number: TTB F 5110.75.

TTB Recordkeeping Requirement Number: TTB REC 5110/10.

Abstract: To safeguard Federal alcohol excise tax revenue, 26 U.S.C. 5181 and 5207 require that a proprietor of an alcohol fuel plant (AFP) make such application, maintain such records, and render such reports as the Secretary of the Treasury shall prescribe. The TTB regulations in 27 CFR, part 19, subpart Y, implement those statutory requirements. The information collected under these regulations is necessary to identify and determine that persons are qualified to produce alcohol for fuel purposes, to account for distilled spirits produced and verify its proper disposition, to keep registrations current, and to evaluate permissible variations from prescribed procedures.

Current Actions: TTB is submitting this information collection for extension purposes only. The information collection, estimated number of respondents, and the estimated total annual burden hours remain unchanged.

Type of Review: Extension of a currently approved collection.

Affected Public: Businesses or other for-profits; farms.

Estimated Number of Respondents: 2,618.

Estimated Total Annual Burden Hours: 2,784.

Title: Monthly Report—Tobacco Products or Processed Tobacco Importer.

OMB Number: 1513–0107.

TTB Form Number: TTB F 5220.6.

Abstract: Reports on the importation and disposition of tobacco products and processed tobacco are used, along with other information, to determine whether those persons issued the permits required by 26 U.S.C. 5713 are complying with TTB regulations. Those engaged in importing tobacco products and processed tobacco are required to account for the importation and disposition of such products on a monthly basis.

Current Actions: TTB is submitting this collection as a revision. The form remains unchanged. However, we are updating the number of respondents and the total annual burden to reflect a decrease in the number of respondents.

Type of Review: Revision of a currently approved collection.

Affected Public: Businesses or other for-profits.

Estimated Number of Respondents: 330.

Estimated Total Annual Burden Hours: 3,696.

Title: Formulas for Fermented Beverage Products.

OMB Number: 1513–0118.

TTB Recordkeeping Requirement Number: TTB REC 5052/1.

Abstract: Section 5052 of the Internal Revenue Code of 1986 (IRC) defines the term “beer” to include, among other things, certain products such as beer, ale, porter, and stout. The TTB regulations at 27 CFR 25.55 set forth the circumstances under which the filing of a formula for beer is required. Section 25.55 require, for example, the filing of a written notice in the form of a formula only for certain products that will undergo any manufacturing process not generally recognized as a tradition process in the production of those products designated as beer, ale, porter, or stout, or for certain other non-traditional fermented products produced at a brewery. Brewers file formulas as needed and only for the types of products specified in the regulations. TTB provides that a brewer operating multiple breweries may file a single formula to cover the production of a specified fermented product at all of their breweries.

Current Actions: TTB is submitting this collection as a revision. While TTB

has reduced the number of formulas requiring submission by increasing the ingredients and processes that do not require approval, the number of brewers and products in the market place has significantly increased. Therefore, we are updating the number of respondents and the total annual burden to reflect an increase in the number of respondents.

Type of Review: Revision of a currently approved collection.

Affected Public: Businesses or other for-profits.

Estimated Number of Respondents: 505.

Estimated Total Annual Burden Hours: 1,326.

Dated: April 21, 2015.

Amy R. Greenberg,

Director, Regulations and Rulings Division.

BILLING CODE 4810–31–P

DEPARTMENT OF VETERANS AFFAIRS

Privacy Act of 1974; System of Records

AGENCY: Department of Veterans Affairs (VA).

ACTION: Notice of amendment to system of records.

SUMMARY: The Privacy Act of 1974 (5 U.S.C. 552(e) (4)) requires that all agencies publish in the **Federal Register** a notice of the existence and character of their systems of records. Notice is hereby given that the Department of Veterans Affairs (VA) is amending the system of records currently entitled “Suicide Prevention Database-VA” (158VA11). VA is amending the system by revising the System Name, System Number, System Location, Categories of Records in the System, Purpose, Storage, Safeguard, Retention and Disposal, System Manager and Address, Notification Procedure, and Record Access Procedure.

DATES: Comments on this new system of records must be received no later than May 26, 2015. If no public comment is received, the new system will become effective May 26, 2015.

ADDRESSES: Written comments concerning the proposed amended system of records may be submitted by: mail or hand-delivery to Director, Regulations Management (02REG), Department of Veterans Affairs, 810 Vermont Avenue NW., Room 1068, Washington, DC 20420; fax to (202) 273–9026; or email to <http://www.Regulations.gov>. All comments received will be available for public

inspection in the Office of Regulation Policy and Management, Room 1063B, between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday (except holidays). Please call (202) 461–4902 (this is not a toll-free number) for an appointment.

FOR FURTHER INFORMATION CONTACT: Janet Kemp RN, Ph.D., Department of Veterans Affairs, 400 Fort Hill Avenue, Canandaigua, NY 14424; telephone (585) 393–7939.

SUPPLEMENTARY INFORMATION: The system name is being changed from “Suicide Prevention Database-VA” to “Veterans Crisis Line Database-VA.” The system number is changed from 158VA11 to 158VA10NC5 to reflect the current Organizational alignment.

The System Location section is being amended to include the Veterans Crisis Line Database being maintained at the VA Austin Information Technology Center (AITC) in Austin, Texas. Also, back-up copies of the database are maintained in accordance with VA OIT enterprise management policies.

The Categories of Records in the System is being amended to replace the National Suicide Hotline Web Application Program with the VCL Application. Data is now collected in the AITC standard query language (SQL) database instead of the Statistical Package for the Social Sciences (SPSS) statistical package.

The purpose section is being amended to update the National Suicide Hotline to the Veterans Crisis Line. The Storage section is amended to reflect that records are maintained on an SQL server at VA AITC in Austin, Texas. The Safeguards section is being amended to state that access to computer rooms at the VA AITC is limited in accordance with VA OIT national security policies.

The Retention and Disposal section is being amended to remove that paper records and information are maintained and disposed of in accordance with records disposition authority approved by the Archivist of the United States. The new language will state that these records are maintained as a permanent record, pending approval of a new records schedule by the National Archives and Records Administration.

The System Manager and Address is being amended from stating “VISN 2 Center of Excellence at Canandaigua VA Medical Center (528A5), 400 Fort Hill Avenue, Canandaigua, NY 14424. Officials responsible for the system of records include Craig S. Howard, Director, Canandaigua VA Medical Center; Kerry L. Knox, Ph.D., Director, VISN 2 Center of Excellence; Janet Kemp, RN, Ph.D., Associate Director
