

minimum of 120 days to process the full background. This does not include the time to transmit the form and any other administrative functions associated with the SF-86 process. In emergencies the information needs to be collected and processed quickly in order to facilitate the sharing of urgent and potentially time sensitive information.

This collocation requires emergency approval because waiting an additional 90 days for comment period will further extend the risk of attack or other emergency where information needs to be shared and cannot due to the long process currently in place to clear un-cleared personnel. Once approved, the FBI will have the capability to issue temporary clearances to individuals with the immediate need. Emergency approval is requested by May 15, 2015. The proposed information collection is published to obtain comments from the public and affected agencies.

DATES: Comments are encouraged and will be accepted for 60 days until June 26, 2015.

FOR FURTHER INFORMATION CONTACT: If you have additional comments, especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please contact Jamie B. Benn, Management and Program Analyst, FBI, Security Division, Executive Staff Unit, 935 Pennsylvania Ave. NW., Washington, DC 20535 (facsimile: 202-651-4047).

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

Evaluate whether and if so how the quality, utility, and clarity of the information to be collected can be enhanced; and

Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of this information collection:

(1) *Type of Information Collection:* Approval of a new collection.
