This action would provide for public safety during demolition and reclamation activities occurring at the site.

DATES: The temporary closure will go into effect upon publication in the **Federal Register**, not to exceed a period of 24 months.

FOR FURTHER INFORMATION CONTACT: Leon Thomas, 775–885–6000, email: l70thoma@blm.gov. SUPPLEMENTARY INFORMATION: The American Flat Mill is an abandoned

mining feature located within the Virginia City National Historic Landmark. At the time of its completion in 1922, it was the largest concrete mill structure in the world utilizing cyanide extraction to process silver ore. Following a substantial decrease in silver prices in 1924, the operation never recovered and the mill was dismantled in 1927. Only the deteriorated concrete skeleton of the mill remains today. The BLM plans on abating the substantial physical safety hazard posed by the American Flat Mill by demolishing the remaining buildings. Public land surrounding and including the American Flat Mill will be closed to public entry for the duration of demolition and reclamation activities. The public land affected by this closure is described as follows:
