This rule is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. A preliminary environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**. Please explain why you believe a public meeting would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the **Federal Register**.

B. Regulatory History and Information

This is a first time event with no regulatory history.

C. Basis and Purpose

The legal basis for the proposed rule is *33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5*; Department of Homeland Security Delegation No. 0170.1, which collectively authorize the Coast Guard to establish regulatory safety zones.

By establishing a temporary safety zone, the Coast Guard will ensure the protection of the event participants, support vessels, and maritime public from the hazards associated with the event.

D. Discussion of Proposed Rule

For the reason discussed above, the COTP, Sector Boston, is proposing to establish a temporary safety zone in the navigable waters of Manchester Bay, Manchester, Massachusetts. This rule is necessary to ensure the protection of the event participants, support vessels, and maritime public from the hazards associated with the event. Vessels not associated with the event shall maintain a distance of at least 100 yards from the participants. Specific geographic locations are specified in the regulatory text. This rule will be effective on August 1, 2015, from 7:30 a.m. to 11:30 a.m.

E. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes or executive orders.

1. Regulatory Planning and Review

This proposed rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory

Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders.

We expect the economic impact of this rule to be minimal. This regulation may have some impact on the public, but that potential impact will likely be minimal for several reasons. First, this safety zone will be in effect for only 4 hours in the morning when vessel traffic is expected to be light. Second, vessels may enter or pass through the safety zone during an enforcement period with the permission of the COTP or the designated representative. Finally, the Coast Guard will provide notification to the public through Broadcast Notice to Mariners well in advance of the event.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule will not have a significant economic impact on a substantial number of small entities.

For all of the reasons discussed in the REGULATORY PLANNING AND REVIEW section, the Coast Guard certifies under 5 U.S.C. 605(b) that this rule would not have a significant economic impact on a substantial number of small entities.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for

compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

4. Collection of Information

This proposed rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520.).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and determined that this rule does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This proposed rule would not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation,

eliminate ambiguity, and reduce burden.

10. Protection of Children From Environmental Health Risks

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

11. Indian Tribal Governments

This proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This proposed rule is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This proposed rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves the establishment of a temporary safety zone. This rule may be categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. A preliminary environmental analysis checklist supporting this assessment is available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

I. Introduction

The Commission establishes a rulemaking docket pursuant to the Postal Accountability and Enhancement Act (PAEA), Public Law 109-435, 120 Stat. 3198 (2006), which authorizes the Commission to develop rules and establish procedures that it deems necessary and proper to carry out Commission functions.¹

The primary purpose of this rulemaking is to establish procedures that would simplify the docket closure process by permitting automatic closure of a docket where there has been no activity in the docket for at least 12 months. The proposed rule would ensure that the information provided to the public concerning active dockets remains current. The proposed rule promotes sound and efficient administrative practice, and would serve the public interest by reducing uncertainty over the status of inactive dockets.

II. Background

Currently, there are no regulations in place that allow for the automatic closure of an inactive docket. In recent years, the Commission has initiated closure of inactive dockets by issuing an order to that effect. For example, on January 29, 2015, the Commission issued an order closing Docket No. PI2012-1 after nearly two years of inactivity.² On January 30, 2015, the Commission issued an order closing Docket No. PI2010-1 as there had been no activity in the docket since June 2011.³ Certain other long-standing dockets, such as the ones noted above, remain open and are identified on the Commission's Web site as active dockets, despite years of inactivity. The

proposed rule would establish a maximum inactive period that would automatically initiate docket closure, without Commission action, thereby preventing dormant dockets from remaining open without productive activity. It would also establish an opportunity for interested persons to request the reopening of an automatically closed docket for good cause.

III. Proposed Rules

Proposed § 3001.44(a) sets an inactive period of 12 months as the triggering event for automatic docket closure. Proposed § 3001.44(b) provides interested persons with an opportunity to request that an inactive docket remain open at least 10 days prior to automatic closure. Proposed § 3001.44(c) provides interested persons with an opportunity to request that an automatically closed docket be reopened for good cause.

IV. Comments Requested

Interested persons are invited to provide written comments concerning the proposed rules. Comments are due no later than 30 days after the date of publication of this notice in the **Federal Register**. All comments and suggestions received will be available for review on the Commission's Web site, <http://www.prc.gov>.

Pursuant to 39 U.S.C. 505, Anne C. O'Connor is appointed to serve as an officer of the Commission (Public Representative) to represent the interests of the general public in the above-captioned docket.

VI. Ordering Paragraphs

It is ordered:

1. Docket No. RM2015-8 is established for the purpose of receiving comments on the proposed changes to part 3001, as discussed in this Order.

2. Interested persons may submit comments no later than 30 days from the date of publication of this notice in the **Federal Register**.

3. Pursuant to 39 U.S.C. 505, Anne C. O'Connor is appointed to serve as Public Representative in this proceeding.

4. The Secretary shall arrange for publication of this Order in the **Federal Register**.

By the Commission.

Secretary.

Concurring Opinion of Commissioner Goldway

I believe due process and transparency in public proceedings obliges a notice to the public when a
