j. Description of Project Facilities: (1) A 35-foot-high by 170-foot-long dam, with 7-inch-high flashboards; (2) a 6.5-acre reservoir with a storage capacity of 130 acre-feet; (3) two outlet works with an overall length of 23 feet; (4) a 5-foot-diameter by 70-foot-long penstock; (5) a powerhouse containing one 60-kilowatts generating unit; (6) a tailrace; and (7) appurtenant facilities.

k. Description of Proceeding: The exemptee is in violation of Standard Article 1 of its exemption, which was granted on December 9, 1987 (41 FERC ¶ 62,224). Article 1 provides, among other things, that the Commission may terminate an exemption if any term or condition of the exemption is violated.

Commission records show that Congdon Dam Hydroelectric Project has been non-operational since May 2002. After several years of correspondence regarding restoring project operation, the exemptee has become non-responsive. The exemptee most recently filed with the Commission on September 18, 2014 a plan and schedule to restore project operation. In its filing, the exemptee also requested to extend the date to restore project operation to October 1, 2015. By letter dated October 8, 2014, the Commission acknowledged the filing and required the exemptee to file a status update by January 15, 2015 to show continued progress towards restoring project operation. The filing should also include an application to amend the exemption to reflect the new transmission line alignment. The exemptee did not do so. By letter dated April 9, 2015, the Commission again required the exemptee to file by April 24, 2014, a plan and schedule to restore operational status, and an application to amend the exemption if the exemptee still intends to change the transmission line alignment. The exemptee was notified that failure to do so would result in an implied surrender of the project exemption. To date, the exemptee has not filed a response and the project remains inoperable.

In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular proceeding.
