

d. Increase the enrollment in education opportunities at the baccalaureate and master's level?

e. Increase the availability of hands-on training opportunities in accelerator technology?

Other Factors

15. Other than the actual award of funding, is there any specific funding agency behavior that impacts positively or negatively on the success of an accelerator science program?

16. Are there other factors, not addressed by the questions above, which contribute to the strength or weakness of U.S. academic accelerator science?

This RFI is issued to gather information that may be used to help formulate DOE-HEP funding practices and grant mechanisms to strengthen academic accelerator science.

Issued in Washington, DC, on April 30, 2015.

[Docket Number EERE-2015-BT-BC-0001]

Request for Information: Updating and Improving the DOE Methodology for Assessing the Cost-Effectiveness of Building Energy Codes

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Extension of public comment period.

SUMMARY: This notice announces an extension of the time period for submitting comments on the request for information on the DOE Methodology for Assessing the Cost-effectiveness of Building Energy Codes, which was originally published in the **Federal Register** on April 14, 2015 (80 FR 19974). The comment period is extended to June 3, 2015.

DATES: Comments on the RFI must be received no later than June 3, 2015.

ADDRESSES: *Instructions:* Comments must identify the docket number EERE-2015-BT-BC-0001 and may be submitted using any of the following methods:

1. *Regulations.gov:* <http://www.regulations.gov/>

#!docketDetail;D=EERE-2015-BT-BC-0001. Follow the instructions for submitting comments.

2. *Email:*

FOR FURTHER INFORMATION CONTACT: Mr. Jeremiah Williams; U.S. Department of Energy, Office of Energy Efficiency and Renewable Energy, Building Technologies Office EE-5B, 1000 Independence Avenue SW., Washington, DC 20585; Phone: (202) 287-1941, Email: jeremiah.williams@ee.doe.gov.

For legal matters, contact: Kavita Vaidyanathan; U.S. Department of Energy, Office of the General Counsel, Forrestal Building, Mailstop GC-33, 1000 Independence Ave SW., Washington, DC 20585; Phone: (202) 586-0669, Email: kavita.vaidyanathan@hq.doe.gov.

SUPPLEMENTARY INFORMATION: On April 14, 2015, the U.S. Department of Energy (DOE or the Department) published a

request for information (RFI) in the **Federal Register** (80 FR 19974) to request information on how the Department may update and improve the methodology it intends to use for assessing cost effectiveness (which includes an energy savings assessment) of building energy codes. The RFI provided for the submission of comments by May 14, 2015. One commenter requested an extension of the comment period in order to sufficiently study and understand the proposed changes and their impacts. It was also noted that many interested stakeholders might also be participating in code development hearings held by the International Code Council (ICC) through April 30th. DOE has concluded that an extension of the comment period is warranted based on the timing of the ICC code development hearings, and is hereby extending the public comment period through June 3, 2015.

Issued in Washington, DC, on May 8, 2015.

Federal Energy Regulatory Commission

[Docket No. CP15-272-000]

Regency Field Services, LLC; Notice of Application

Take notice that on April 27, 2015, Regency Field Services, LLC (RFS), 2001 Bryan St., Suite 3700, Dallas, Texas 75201, filed with the Federal Energy Regulatory Commission (Commission) an application pursuant to section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's regulations requesting: (i) A certificate of public convenience and necessity authorizing RFS to own, operate and maintain its 8 mile 20-inch diameter Coyanosa Residue Line, located in Pecos County, Texas, for the purpose of transporting its own natural gas; (ii) a blanket certificate, pursuant to Part 157, Subpart F, of the Commission's regulations; (iii) waivers of certain regulatory requirements; and (iv) confirmation that the Commission's assertion of jurisdiction over the Coyanosa Residue Line will not jeopardize the non-jurisdictional status of RFS's otherwise non-jurisdictional gathering and processing facilities and operations, all as more fully set forth in the application which is on file with the Commission

and open to public inspection. The filing may also be viewed on the Web at <http://www.ferc.gov> using the “eLibrary” link. Enter the docket number excluding the last three digits in the docket number field to access the document.

Any questions regarding this application should be directed to Lianne Crowley, Troutman Sanders LLP, 401 Ninth Street, NW., Suite 1000, Washington, DC 20004, by telephone at 202-274-2814 or by email at lianne.crowley@troutmansanders.com.

Pursuant to section 157.9 of the Commission’s rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission’s public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff’s issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission’s public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff’s FEIS or EA.

There are two ways to become involved in the Commission’s review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission’s Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit seven copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the

Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission’s rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission’s environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission’s environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission’s final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the “eFiling” link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and five copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

Federal Energy Regulatory Commission

[Docket No. TX15-1-000]

Electrical District No. 3 of Pinal County, Arizona; Notice of Filing

Take notice that on May 6, 2015, pursuant to sections 211 and 212 of the Federal Power Act, 16 U.S.C. 824j and 824k and Part 36 of the Federal Energy Regulatory Commission’s (Commission) Regulations, 18 CFR 36, Electrical District No. 3 of Pinal County, Arizona (ED3) filed an application requesting that the Commission direct Arizona Public Service Company (APS) to provide transmission service to ED3 over APS’s transmission system equivalent to the transmission service that APS provided to its merchant affiliate, APS Merchant & Trading, Inc. (APS M&T), under APS Service Agreement No. 216, prior to APS’s amendment of that Service Agreement effective September 19, 2014, in Docket ER15-12-000, in order to allow APS M&T to provide partial requirements service to ED3’s load, as more fully explained in the application.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission’s Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the “eFiling” link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.
