Conclusion

Based on the above, the NRC staff concludes that the proposed exemption meets the eligibility criteria for the categorical exclusion set forth in 10 CFR 51.22(c)(9). Therefore, in accordance with 10 CFR 51.22(b), no environmental impact statement or environmental assessment need be prepared in connection with the NRC's proposed issuance of this exemption.

IV. Conclusions

Accordingly, the Commission has determined that, pursuant to 10 CFR 50.12, the exemption is authorized by law, will not present an undue risk to the public health and safety, and is consistent with the common defense and security. Also, special circumstances pursuant to 10 CFR 50.12(a)(2)(ii) are present. Therefore, the Commission hereby grants Dominion Nuclear Connecticut, Inc., an exemption from the requirements of 10 CFR 50.46 and Appendix K to 10 CFR part 50, to allow the application of those criteria to, and the use of, M5 fuel rod cladding material at MPS2.

This exemption is effective upon issuance.

Dated at Rockville, Maryland, this 12th Day of May, 2015.

OFFICE OF SCIENCE AND TECHNOLOGY POLICY

Microbiome Research

ACTION: Notice of Request for Information

SUMMARY: Advanced sequencing technologies have illuminated vast networks of microorganisms that drive essential functions in all environments on Earth. The study of these communities of microorganisms, or microbiomes, is nascent, and the potential of microbiome research has only begun to be tapped. Primary to achieving this potential is a functional understanding of microbiomes, which would be greatly advanced by addressing fundamental questions common to all fields of microbiome research; developing platform technologies useful to all fields; and identifying gaps in training or fields of research that should be addressed. The Office of Science and Technology Policy (OSTP) is interested in developing an effort to unify and focus microbiome research across sectors. The views of stakeholders—academic and industry researchers, private companies, and charitable foundations—are important to inform an understanding of current and future needs in diverse fields.

DATES: Responses must be received by June 15, 2015, to be considered.

ADDRESSES: You may submit comments by any of the following methods:

- *Email:* MicrobiomeRFT@ostp.eop.gov.

Include [*Microbiome RFT*] in the subject line of the message.

 • *Mail:* Attn: Elizabeth Stulberg, Office of Science and Technology Policy, Eisenhower Executive Office Building, 1650 Pennsylvania Ave., NW., Washington, DC 20504.

Instructions: Electronic responses must be provided as attachments to an email. It is recommended that attachments with file sizes exceeding 25MB be compressed (*i.e.*, zipped) to ensure message delivery. Please identify your answers by responding to a specific question or topic if possible. Respondents may answer as many or as few questions as they wish. Comments of up to two pages or fewer (1,000 words) are requested; longer responses will not be considered. Any information obtained as a result of this RFI is intended to be used by the Government on a non-attribution basis for planning and strategy development. FOR FURTHER INFORMATION CONTACT: Elizabeth Stulberg at *MicrobiomeRFI@ostp.eop.gov*, (202) 456-4444.

SUPPLEMENTARY INFORMATION: The purpose of this RFI is to solicit feedback from industry, academia, research laboratories, and other stakeholder groups on both the overarching questions that unite all microbiome research and the tools, technologies, and training that are needed to answer these questions. OSTP is specifically interested in information that corresponds to the mission statements of multiple Federal agencies, private sector interests, and current White House Policy Initiatives. In particular, respondents may wish to address the following topics:

- What are the most pressing, fundamental questions in microbiome research, common to most or all fields?
- Over the next ten years, what are the most important research gaps that must be addressed to advance this field?
- What tools, platform technologies, or technological advances would propel microbiome research from correlative to predictive?
- What crucial types of scientific and technical training will be needed to take

advantage of harnessing the microbiome's potential?

- What fields of microbiome research are currently underfunded or underrepresented?

- What specific steps could be taken by the federal government, research institutes, universities, and philanthropies to encourage multi-disciplinary microbiome research?

- Is there any additional information, not requested above, that you believe OSTP should consider in identifying crucial areas of microbiome research?

Ted Wackler,

Deputy Chief of Staff and Assistant Director.

May 14, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 29, 2015, the International Securities Exchange, LLC (the “Exchange” or the “ISE”) filed with the Securities and Exchange Commission the proposed rule change, as described in Items I, II, and III below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The ISE proposes to amend the Schedule of Fees to introduce a new “Retail” designation for Priority Customer orders. The text of the proposed rule change is available on the Exchange's Web site (<http://www.ise.com>), at the principal office of the Exchange, and at the Commission's Public Reference Room.

² 17 CFR 240.19b-4.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Schedule of Fees to introduce a new “Retail” designation for Priority Customer orders. A “Priority Customer” is a person or entity that is not a broker/dealer in securities, and does not place more than 390 orders in listed options per day on average during a calendar month for its own beneficial account(s), as defined in Rule 100(a)(37A). This market participant type is one of six currently recognized for purposes of determining applicable fees and rebates, along with: Market Maker,³ Non-ISE Market Maker,⁴ Firm Proprietary,⁵ Broker-Dealer,⁶ and Professional Customer.⁷ The Priority Customer designation was adopted by the Exchange to provide competitive pricing and market structure advantages to retail investors, and to level the playing field between retail investors and market professionals. As such, Priority Customer orders executed on the Exchange are generally afforded more favorable fees and rebates than other market participants, including Professional Customers. The Exchange now believes that it is appropriate to introduce a further distinction between

³ The term “Market Makers” refers to “Competitive Market Makers” and “Primary Market Makers” collectively. See Rule 100(a)(25).

⁴ A “Non-ISE Market Maker” is a market maker as defined in Section 3(a)(38) of the Securities Exchange Act of 1934, as amended, registered in the same options class on another options exchange. See Schedule of Fees, Preface.

⁵ A “Firm Proprietary” order is an order submitted by a member for its own proprietary account. See Schedule of Fees, Preface.

⁶ A “Broker-Dealer” order is an order submitted by a member for a broker-dealer account that is not its own proprietary account. See Schedule of Fees, Preface.

⁷ A “Professional Customer” is a person or entity that is not a broker/dealer and is not a Priority Customer. See Schedule of Fees, Preface.
