

be approximately 2,240 hours per year when annualized over three years.

New paragraph (a)(3)(iii)(E) of Rule 17g-5 also requires issuers, sponsors, and underwriters to post on the Rule 17g-5 Web sites any executed Form ABS Due Diligence-15E delivered by a person employed to provide third-party due diligence services. The Commission estimates that issuers, sponsors, and underwriters will need to post approximately 715 Forms ABS Due Diligence-15E on Rule 17g-5 Web sites per year (in addition to the information that is already posted to the Web sites). The Commission estimates that it will take the issuer, sponsor, or underwriter approximately ten minutes to upload each form and post it to the Web site, for a total industry-wide annual disclosure burden of approximately 119 hours.

As a consequence of the new absolute prohibition in paragraph (c)(8) of Rule 17g-5, the Commission believes that an NRSRO will need to update the written policies and procedures to address and manage conflicts of interest the NRSRO must establish, maintain, and enforce under Section 15E(h) of the Exchange Act and Rule 17g-5. The Commission estimates that updating the conflicts of interest policies and procedures would take an NRSRO an average of approximately 100 hours, for an industry-wide one-time reporting burden of approximately 1,000 hours. In addition, Exhibit 7 to Form NRSRO requires an NRSRO to provide a copy of the written policies and procedures in the exhibit. Paragraph (e) of Rule 17g-1 requires an NRSRO to promptly file with the Commission an update of its registration on Form NRSRO when information on the form is materially inaccurate. The update of registration must be filed electronically on the Commission's EDGAR system. The Commission estimates that it would take an NRSRO an average of approximately twenty-five hours on a one-time basis to prepare and file the update of registration to account for the update of the NRSRO's written policies and procedures to address and manage conflicts of interest, for an industry-wide one-time reporting burden of approximately 250 hours. The Commission therefore estimates that the total one-time reporting burden to update the conflicts of interest policies and procedures and to prepare and file an update of registration to account for the update of the NRSRO's written policies and procedures would be 1,250 hours, or approximately 417 hours per year when annualized over three years.

Finally, paragraph (f) of Rule 17g-5 permits an NRSRO to apply for an

exemption from the prohibited conflict under paragraph (c)(8) of Rule 17g-5. The Commission estimated that an NRSRO would likely spend an average of approximately 150 hours to draft and submit the application to the Commission. If all 10 NRSROs apply for an exemption, this would result in a one-time industry-wide reporting burden of 1,500 hours, or approximately 500 hours per year when annualized over 3 years.

Accordingly, the total estimated burden associated with Rule 17g-5 is 50,270 hours on a one-time basis (40,800 + 6,720 + 1,250 + 1,500 = 50,270) and 261,295 hours on an annual basis (2,436 + 6,720 + 252,000 + 20 + 119 = 261,295).
