**ACTION:** Notice.

**SUMMARY:** This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for use to assist the homeless.

**SUPPLEMENTARY INFORMATION:** In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, and suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Where

property is described as for "off-site use only" recipients of the property will be required to relocate the building to their own site at their own expense.

Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to: Ms. Theresa M. Ritta, Chief Real Property Branch, the Department of Health and Human Services, Room 5B-17, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857, (301) 443-2265 (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

 Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Ann Marie Oliva at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.

### Notice of Availability of the Winnemucca District Resource Management Plan and Record of Decision, Nevada

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice.

**SUMMARY:** The Bureau of Land Management (BLM) announces the availability of the Record of Decision (ROD) for the Approved Resource Management Plan (RMP) for the Winnemucca District located in northern Nevada. The Nevada State Director signed the ROD on May 21, 2015, which constitutes the final decision of the BLM and makes the Approved RMP effective immediately.

**ADDRESSES:** Copies of the ROD/ Approved RMP are available upon request from the Winnemucca District Manager, Bureau of Land Management, 5100 E. Winnemucca Blvd., Winnemucca, NV 89445 or via the Internet at [http://www.blm.gov/nv/st/en/fo/wfo/blm\\_information/rmp.html](http://www.blm.gov/nv/st/en/fo/wfo/blm_information/rmp.html). Copies of the ROD/Approved RMP are available for public inspection at the Winnemucca District at the above address.

**FOR FURTHER INFORMATION CONTACT:** Zwaantje Rorex, RMP Team Lead, telephone 775–623–1727; address 5100 E. Winnemucca Blvd., Winnemucca, Nevada 89445; email [zrorex@blm.gov](mailto:zrorex@blm.gov). Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

**SUPPLEMENTARY INFORMATION:** The Winnemucca District RMP will replace the existing 1982 Sonoma-Gerlach and Paradise-Denio Management Framework Plans (MFPs) and one land use plan amendment titled the Paradise-Denio and Sonoma-Gerlach Management Framework Plan-Lands Amendment (January 1999). The RMP and associated EIS were developed using a collaborative planning process. Collaboration included working with nine cooperating agencies, development of alternatives utilizing a sub-group of the Sierra Front-Northwestern Great Basin Resource Advisory Council and input through coordination and consultation with Native American/ Tribal interests. The RMP planning area encompasses approximately 7.2 million acres of public land administered by the Winnemucca District, located in Humboldt, Pershing, and parts of Lyon, Churchill and Washoe counties, Nevada. The RMP decision area does not include private lands, State lands, Indian Reservations, Federal lands not administered by BLM or lands within the Black Rock Desert-High Rock Canyon, Emigrant Trails National

Conservation Area (NCA), except for administratively combining portions of two herd management areas (HMAs) into one HMA. The NCA is covered under the ROD and RMP for the Black Rock Desert-High Rock Canyon Emigrant Trails NCA and associated wilderness, and other contiguous lands in Nevada (July 2004). The RMP describes the actions and landscape-level conservation and management to meet desired resource goals and objectives for natural resources including wildlife habitat, sensitive and threatened or endangered species habitat, watersheds, and wild horses and burros. While the RMP contains some conservation management measures for the Greater Sage-Grouse habitats, the Nevada and Northeastern California Greater Sage-Grouse Plan Amendment and EIS will fully analyze applicable Greater-Sage Grouse conservation measures, consistent with BLM Instruction Memorandum No. 2012–044. The BLM expects to make a comprehensive set of decisions for managing Greater-Sage Grouse on lands administered by the Winnemucca District in the Record of Decision for the Nevada and Northeastern California Greater Sage-Grouse Plan Amendment and EIS. The RMP addresses protection and preservation of cultural resources, scenic values and management of recreation. Multiple uses, including livestock grazing, minerals, and lands and realty actions, are also addressed.

The proposed RMP/Final EIS was made available to the public on September 6, 2013 in 78 FR 54909. Nine valid protest letters were received and 21 issues were identified. No comments were received as a result of the Governor's consistency review. The Director's Protest Resolution Report is available from the Winnemucca District's RMP Web site at: [http://www.blm.gov/nv/st/en/fo/wfo/blm\\_information/rmp.html](http://www.blm.gov/nv/st/en/fo/wfo/blm_information/rmp.html).

As a result of resolving protest issues, the following changes were made to the final RMP: added language to management action for vegetation-riparian/wetlands (action VRW 1.1.1) to clarify adaptive management; included the Snowstorms Mountains-fence for HMA boundary adjustments in action WHB 1.2; clarified management action for cooperative agreements with livestock permittees in action LG 5.4; and corrected response to public comment in Appendix M regarding areas to be closed to livestock grazing within certain allotments. Other minor editorial modifications to provide further clarification of some of the decisions were made. Reformatting of the final RMP resulted in renumbering
