Proposed Projects

Title: Native Language Preservation and Maintenance Grant Application Template Pilot.

OMB No.: New.

Description: Based on feedback from grantees and TA providers, ANA became aware of the fact that many applicants face considerable challenges attempting to respond to Funding Opportunity Announcements (FOAs) to apply for grant funding. In particular, many applicants are overwhelmed by the volume of information in the FOAs, have trouble discerning what information is being requested, and find it difficult to structure the application narratives required by the FOAs.

The proposed Electronic Grant Application Template is intended to be made part of the Grant Application Package through Grants.gov, the OMB-designated government-wide Web site for finding and applying for Federal financial assistance. The Grant Application Template is proposed to be piloted as a consolidated and streamlined pre-formatted electronic application form that is user-friendly and has an interactive interface providing structure and clarity for applicants. The proposed Grant Application Template is not intended to replace the FOA which will still function as the full text of all funding opportunities for which applications are

sought and considered by the Administration for Native Americans.

The proposed Grant Application Template will be used in a pilot capacity in just one Administration for Native Americans' discretionary program areas: Native American Language Preservation and Maintenance. All applicants applying for funding in that program area will be required to use the Application Template during the pilot competition proposed for FY16 unless they request and receive approval to submit a paper application. By using the Grant Application Template, no applicant will be required to provide any information beyond what is already required by the FOA. Additionally, free training and technical assistance will be available to all applicants on use of the Template. ANA intends to use the project proposals submitted via the Grant Application Template to make funding decisions for Native American Language Preservation and Maintenance grant awards made in the FY 2016 pilot year. In addition, ANA will solicit feedback from applicants and panel reviewers to obtain feedback on the results, outcomes, and their recommendations regarding the Grant Application Template as a user friendly method of applying for funding opportunities. If the pilot is successful in making it easier for applicants to apply, ANA will consider potentially expanding use of the Template to all Administration for Native Americans 'discretionary funding areas in subsequent years.

Respondents: Applicants responding to Native Language Preservation and Maintenance FY 2016 Funding Opportunity Announcement.

Submission for OMB Review; Comment Request

Title: Affordable Care Act Tribal Maternal, Infant and Early Childhood Home Visiting Program Annual Report Guidance.

OMB No.: 0970-0409.

Description: Section 511(e)(8)(A) of the Social Security Act, as added by Section 2951 of the Affordable Care Act and amended by the Protecting Access to Medicare Act of 2014 and the Medicare Access and CHIP Reauthorization Act of 2015, requires that grantees under the Maternal, Infant, and Early Childhood Home Visiting (MIECHV) program for states and jurisdictions submit an annual and final report to the Secretary of Health and Human Services regarding the program and activities carried out under the program, including such data and information as the Secretary shall require. Section 511 (h)(2)(A) further states that the requirements for the MIECHV grants to tribes, tribal organizations, and urban Indian organizations are to be consistent, to the greatest extent practicable, with the requirements for grantees under the MIECHV program for states and jurisdictions.

The Administration for Children and Families, Office of Child Care, in collaboration with the Health Resources and Services Administration, Maternal and Child Health Bureau, has awarded grants for the Tribal Maternal, Infant, and Early Childhood Home Visiting Program (Tribal Home Visiting). The Tribal Home Visiting discretionary grants support cooperative agreements to conduct community needs assessments; plan for and implement high-quality, culturally-relevant, evidence-based home visiting programs in at-risk tribal communities; establish, measure, and report on progress toward meeting performance measures in six legislatively-mandated benchmark areas; and participate in rigorous evaluation activities to build the knowledge base on home visiting among Native populations.

Tribal Home Visiting grantees have been notified that in every year of their grant, after the first year, they must comply with the requirement for submitting an Annual Report to the Secretary that should feature activities carried out under the program during the past reporting period. In order to assist grantees with meeting the requirements of the Annual Report to the Secretary, ACF created guidance for grantees to use when writing their annual reports. ACF is requesting approval to renew and update the existing Tribal Home Visiting Guidance for Submitting an Annual Report to the Secretary (OMB Control No. 0970-0409) that will include instructions for grantees to submit either an annual or final report (in the final year of the grant) on the progress of their program to the Secretary, depending on the reporting period.

This Report Shall Address the Following:

- Update on Home Visiting Program Goals and Objectives
- Update on the Implementation of Home Visiting Program in Targeted Community(ies)
- Update on progress toward meeting Legislatively Mandated Benchmark Requirements
- Update on Rigorous Evaluation Activities
- Update on Home Visiting Program Continuous Quality Improvement (CQI) Efforts
- Update on Dissemination Activities
- Update on Technical Assistance Needs

Respondents: Tribal Maternal, Infant, and Early Childhood Home Visiting Program Managers (The information collection does not include direct interaction with individuals or families that receive the services).
