SUPPLEMENTARY INFORMATION: The U.S. Department of Energy (DOE) participates in the public process administered by the International Code Council (ICC) which produces the International Energy Conservation Code (IECC). As a participant in this process, the Department considers and evaluates concepts it is considering submitting as proposed changes to the IECC. DOE published a notice in the **Federal Register** on April 14, 2015, outlining the process by which the Department will participate in the development of the 2018 IECC (80 FR 19972). DOE has published its initial concepts at the DOE Building Energy Codes Program Web site and has scheduled several events to discuss 2018 IECC development.

Availability of DOE Proposals for the 2018 IECC

The Department will continue to publish its proposals and supporting information as it becomes available over the coming months. As information will be updated continually, interested parties are urged to monitor the DOE Building Energy Codes Program Web

site and associated stakeholder mailing lists:

- DOE Proposal Web page: www.energycodes.gov/development/2018IECC.

- Stakeholder Updates: <http://www.energycodes.gov/news>.

Submitting Comments on DOE Proposals for the IECC

Interested parties are invited to submit comments on DOE proposals by email or public docket, as outlined in the **ADDRESSES** section of this notice. Comments will be accepted beginning immediately upon publication of this notice, and ongoing through later this year. To allow adequate time to prepare and publish final proposals, the Department will specify a comment deadline on the DOE Proposal Web page. Further instructions for submitting comments on DOE proposals, including identifiers (e.g., DOE proposal numbers) and associated deadlines, are provided on the above DOE Proposal Web page. All DOE proposals and supporting information will be made available to the general public prior to submission to the ICC.

Webinar and Stakeholder Meeting

The Department will host a webinar to present its initial concepts for the 2018 IECC. During the webinar, DOE will present an overview of each concept under consideration for a potential code change proposal. In addition, the Department will convene a public meeting during which stakeholders can present their concepts for the 2018 IECC. As part of these meetings, DOE will also present its own concepts. The goal of the meetings will be to encourage communication amongst stakeholders. These events are scheduled as follows:
