

that have already prepared and submitted a plan and will continue to be subject to this requirement (395 airports), they will need to review and update the plan through the Department's electronic submission system. We estimate .5 hour for these 395 airports to review, update, and submit the plan through the Department's electronic submission system.

For U.S. airlines—40 hours (60 existing carriers × .5 hours) + (5 new carriers × 2 hours) = 40 hours.² Airline plans for submission generally are not very detailed and provide only the level of information required to meet the statutory requirement. Although airlines often choose to prepare more detailed plans for internal use, the submitted plans are brief. In addition, currently operating U.S. carriers are already required to have such plans in place since this is a continuing requirement and the statute has already been in place since 2012. Therefore we estimate that most covered U.S. carriers (an estimated 60) will spend .5 hour to review, update, and submit the plan through the Department's electronic submission system. We estimate that up to 5 U.S. carriers may meet the threshold for the filing requirement in 2015 but may not have submitted a plan previously. We estimate those carriers will spend 2 hours to prepare and submit the plan through the Department's electronic submission system.

2. Requirement to ensure public access to tarmac delay plan after DOT approval (as required by the Act).

Title: Posting of Tarmac Delay Plan on Web sites.

Respondents: Each large, medium, small and non-hub airport in the U.S.; U.S. carriers that operate scheduled passenger service or public charter service and foreign air carriers operating to or from the United States, using any aircraft with a design capacity of 30 or more seats.

Estimated Number of Respondents: 420 U.S. airports and 65 U.S. airlines.

Estimated Total Frequency: Every 5 years for covered U.S. airports; every 3 years for covered U.S. airlines (if not already posted or if there are updates).

Burden on Respondents: 121.25 (Average of 15 minutes per respondent

covered by the Act in 2012 now meet or will meet the threshold and be covered airports by 2017, the next required submission date. This number includes an assumption that a small number of airports that were previously covered will no longer be covered by 2017.

² These estimates are based on the number of airlines that were required to file in the past and the potential for an increased number of airlines that may be covered by the date of the next submission requirement for airlines.

(420 U.S. airports and 65 U.S. airlines) to post current plan on Web site).

We invite comments on (a) whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (b) the accuracy of the Department's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology. All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record on the docket.

Issued this 27 day of May, 2015, at Washington, DC.

Background

On December 3, 1999, the Kingpin Act was signed into law by the President of the United States. The Kingpin Act provides a statutory framework for the President to impose sanctions against significant foreign narcotics traffickers and their organizations on a worldwide basis, with the objective of denying their businesses and agents access to the U.S. financial system and to the benefits of trade and transactions involving U.S. persons and entities.

The Kingpin Act blocks all property and interests in property, subject to U.S. jurisdiction, owned or controlled by significant foreign narcotics traffickers as identified by the President. In addition, the Secretary of the Treasury consults with the Attorney General, the Director of the Central Intelligence Agency, the Director of the Federal Bureau of Investigation, the Administrator of the Drug Enforcement Administration, the Secretary of Defense, the Secretary of State, and the Secretary of Homeland Security when designating and blocking the property or interests in property, subject to U.S. jurisdiction, of persons or entities found to be: (1) Materially assisting in, or providing financial or technological support for or to, or providing goods or services in support of, the international narcotics trafficking activities of a person designated pursuant to the Kingpin Act; (2) owned, controlled, or directed by, or acting for or on behalf of, a person designated pursuant to the Kingpin Act; and/or (3) playing a significant role in international narcotics trafficking.

On May 22, 2015, the Associate Director of the Office of Global Targeting removed from the SDN List the individuals and entities listed below, whose property and/or interests in property were blocked pursuant to the Kingpin Act:
