

Docket Number: 15–006. Applicant: Colorado School of Mines, 1500 Illinois St., Golden, CO 80401. Instrument: Electron Microscope. Manufacturer: FEI Company, Czech Republic. Intended Use: The instrument will be used to elucidate structure-property relationships in a wide variety of materials including metals, ceramics, and semiconductors. Justification for Duty-Free Entry: There are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: February 10, 2015.

Docket Number: 15–008. Applicant: St. Jude Children's Research Hospital, 262 Danny Thomas Place, Memphis, TN 38105. Instrument: Electron Microscope. Manufacturer: FEI Company, Czech Republic. Intended Use: The instrument will be used to study the best course of treatment and prevention of reoccurrence of pediatric cancers, by studying cell and tissue cultures as well as human tumor tissue. Justification for Duty-Free Entry: There are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: February 20, 2015.

Docket Number: 15–009. Applicant: University of Texas Health Science Center, 7703 Floyd Curl Drive, San Antonio, TX 78229. Instrument: Electron Microscope. Manufacturer: JEOL Ltd., Japan. Intended Use: The instrument will be used to document the light and ultrastructural change that occurs in the liver and adipose tissues from various sites under conditions of stress using mice with a targeted deletion of Tmem127. Electron microscopy will be used to document the size and effect of different conditions on lysosomal structure and distribution. Justification for Duty-Free Entry: There are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: May 8, 2015.

Docket Number: 15–013. Applicant: Washington State University, 220 French Administration Building, PO Box 641020, Pullman, WA 99164–1020. Instrument: CTK Reactor, High Pressure Reactor, Diff pump mass spectrometer. Manufacturer: OmniVac, Germany. Intended Use: The instrument will be used to take measurements during an ongoing catalytic reaction, *i.e.* under 'operando' reaction conditions so as to clarify mechanistic details during studies up to 100 bar so as to ensure optimal conditions for the production of

fuels and other chemical feedstock such as detergents or lubricants. Such dynamic reaction studies will help elucidate the mechanisms of catalytic reactions such as the formation of transportation fuels from 'synthesis gas' (Fischer Tropsch synthesis). While CTK informs about the early run-in period in a time-resolved manner, the high pressure reactor allows the study of steady-state reaction behavior at a bench scale for many hours. The Quantachrome system allows measurements of the specific surface areas of materials, which is required for the optimization of catalysts. The CTK reactor comprises a gas cleaning and dosing system, along with gas inlets using mass flow controllers. The central part of the reactor is made of quartz, and temperatures can be varied at choice. The high pressure reactor comprises gas cleaning and inlet pressure up to 100 bar, surrounded by a temperature programmed oven which allows temperatures of up to 500 Celsius. The differential mass spectrometer serves to continuously control gas phase compositions and is equipped with a high-speed turbo molecular pump and rotary forevacuum pump. Sampling occurs with calibrated capillary at pressures controlled by ion gauges. The Quantachrome system allows specific surface areas to be determined using non-selective probe molecule adsorption at cryogenic temperatures. Justification for Duty-Free Entry: There are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: May 8, 2015.

Docket Number: 15–020. Applicant: The City University of New York, 205 East 42nd Street, Room 11–64, New York, NY 10017. Instrument: Electron Microscope. Manufacturer: FEI Company, Japan. Intended Use: The instrument will be used to understand the structural mechanism by which macromolecular complexes, organelles and cells carry out their actions, using single particle analysis and tomography, involving taking many images of biological materials in vitrified ice. Justification for Duty-Free Entry: There are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: May 8, 2015.

Dated: May 28, 2015.

Gregory W. Campbell,

Director of Subsidies Enforcement, Enforcement and Compliance.

DEPARTMENT OF COMMERCE

International Trade Administration

[A–533–823]

Silicomanganese From India: Preliminary Results of Antidumping Duty Administrative Review; 2013–2014

AGENCY: Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty (AD) order on silicomanganese from India. The period of review (POR) is May 1, 2013, through April 30, 2014. This review covers respondent Nava Bharat Ventures Limited (Nava). The Department preliminarily determines that Nava did not make sales of subject merchandise at prices below normal value (NV) during the POR. The preliminary results are listed below in the section titled "Preliminary Results of Review." Interested parties are invited to comment on these preliminary results.

DATES: *Effective Date:* June 4, 2015.

FOR FURTHER INFORMATION CONTACT:

David Lindgren at (202) 482–3870; AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The products subject to the order are all forms, sizes and compositions of silicomanganese, except low-carbon silicomanganese, including silicomanganese briquettes, fines and slag. The silicomanganese subject to the order is currently classifiable under subheading 7202.30.0000 of the Harmonized Tariff Schedule of the United States (HTSUS). The HTSUS subheading is provided for convenience and customs purposes. A full description of the scope of the order is contained in the Preliminary Decision Memorandum, which is hereby adopted by this notice.¹ The written description is dispositive.

¹ See Memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Paul Piquado, Assistant Secretary for Enforcement and Compliance, "Decision Memorandum for the Preliminary Results of the 2013–2014 Administrative Review of the Antidumping Duty Order on Silicomanganese from India (Preliminary Decision Memorandum).

The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). Access to ACCESS is available to registered users at <http://access.trade.gov> and is available to all parties in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the Internet at <http://enforcement.trade.gov/frn/index.html>. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Methodology

The Department conducted this review in accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act). Export price is calculated in accordance with section 772 of the Act. NV is calculated in accordance with section 773 of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.

Preliminary Results of Review

As a result of this review, we preliminarily determine the following weighted-average dumping margin for the period May 1, 2013, through April 30, 2014.

Manufacturer/Exporter	Weighted-average margin
Nava Bharat Ventures Limited ...	0.00%

Disclosure and Public Comment

The Department will disclose to interested parties the calculations performed in connection with these preliminary results within five days of the date of publication of this notice.² Pursuant to 19 CFR 351.309(c), interested parties may submit cases briefs no later than 30 days after the date of publication of this notice.³ Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.⁴ Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the

argument; and (3) a table of authorities.⁵ Case and rebuttal briefs should be filed using ACCESS.⁶ In order to be properly filed, ACCESS must successfully receive an electronically-filed document in its entirety by 5 p.m. Eastern Time.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via ACCESS, within 30 days after the date of publication of this notice.⁷ Requests should contain: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case briefs.

The Department will issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, not later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act, unless that time is extended.

Assessment Rates

Upon completion of the administrative review, the Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries in accordance with 19 CFR 351.212(b)(1). We intend to issue instructions to CBP 15 days after the date of publication of the final results of this review.

If Nava's weighted-average dumping margin is not zero or *de minimis* (i.e., less than 0.5 percent) in the final results of this review, we will calculate an importer-specific assessment rate on the basis of the ratio of the total amount of dumping calculated for the importer's examined sales and the total entered value of the sales in accordance with 19 CFR 351.212(b)(1). Where the respondent's weighted-average dumping margin is zero or *de minimis*, or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of silicomanganese from India entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this

administrative review, as provided for by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for the company under review will be the rate established in the final results of this review (except, if the rate is zero or *de minimis*, i.e., less than 0.5 percent, no cash deposit will be required); (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review, the cash deposit rate will be the all others rate from the investigation of this order, 17.74 percent. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Interested Parties

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: May 29, 2015.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

Appendix

List of Topics Discussed in the Preliminary Decision Memorandum

- I. Summary
- II. Background
- III. Scope of the Order
- IV. Product Comparisons
- V. Discussion of the Methodology
 - A. Determination of Comparison Method
 - B. Results of Differential Pricing Analysis
 - C. Date of Sale
 - D. Export Price
 - E. Product Grades
 - F. Normal Value
 - G. Bona Fides of U.S. Sale
 - H. Currency Conversion
- VI. Recommendation
