

The final bull trout recovery plan will describe the principal actions needed to advance the recovery of bull trout in the six recovery units within the coterminous United States; and will include individual RUIPs for each recovery unit that will provide site-specific detail at the core area scale. The RUIPs for each recovery unit have been developed through an interagency collaboration of interested and knowledgeable Federal, Tribal, State, private, and other parties prior to completion of the final recovery plan. In many parts of the range of bull trout, local interagency bull trout working groups have previously identified and are already implementing recovery actions necessary for local bull trout core area conservation. Much of this existing information has been incorporated into the RUIPs where appropriate. RUIPs incorporated in the final recovery plan will also include an implementation schedule that outline core area specific recovery actions and estimated costs for bull trout recovery.

Request for Public Comments

Section 4(f) of the Act requires us to provide public notice and an opportunity for public review and comment during recovery plan development. In an appendix to the approved final recovery plan, we will summarize and respond to the issues raised by the public and peer reviewers. Substantive comments may or may not result in changes to the recovery plan; comments regarding recovery plan implementation will be forwarded as appropriate to Federal or other entities so that they can be taken into account during the course of implementing recovery actions.

We request written comments on the six draft RUIPs and the proposed modified recovery criteria. We will consider all comments we receive by the date specified in **DATES** prior to final approval of the plan. If you previously submitted comments or information on the revised draft recovery plan during the initial comment period from September 4, 2014, to December 3, 2014 (79 FR 52741), you need not resubmit them. We have incorporated them into our files for the original comment period, and we will fully consider them in development of the final recovery plan.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may

be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

NATIONAL INDIAN GAMING COMMISSION

2015 Final Fee Rate and Fingerprint Fees

AGENCY: National Indian Gaming Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given, pursuant to 25 CFR 514.2, that the National Indian Gaming Commission has adopted its 2015 final annual fee rates of 0.00% for tier 1 and 0.065% (.00065) for tier 2. These rates shall apply to all assessable gross revenues from each gaming operation under the jurisdiction of the Commission. If a tribe has a certificate of self-regulation under 25 CFR part 518, the 2015 final fee rate on Class II revenues shall be 0.0325% (.000325) which is one-half of the annual fee rate. The final fee rates being adopted here are effective June 1, 2015 and will remain in effect until new rates are adopted.

Pursuant to 25 CFR 514.16, the National Indian Gaming Commission has also adopted its fingerprint processing fees of \$21 per card, which is the same as the fingerprint fees announced in March 2015.

FOR FURTHER INFORMATION CONTACT: Yvonne Lee, National Indian Gaming Commission, C/O Department of the Interior, 1849 C Street NW., Mail Stop #1621, Washington, DC 20240; telephone (202) 632–7003; fax (202) 632–7066.

SUPPLEMENTARY INFORMATION: The Indian Gaming Regulatory Act (IGRA) established the National Indian Gaming Commission, which is charged with regulating gaming on Indian lands.

Commission regulations (25 CFR 514) provide for a system of fee assessment and payment that is self-administered by gaming operations. Pursuant to those regulations, the Commission is required to adopt and communicate assessment rates and the gaming operations are required to apply those rates to their revenues, compute the fees to be paid, report the revenues, and remit the fees to the Commission. All gaming operations within the jurisdiction of the Commission are required to self-administer the provisions of these regulations, and report and pay any fees that are due to the Commission.

Pursuant to 25 CFR 514, the Commission must also review annually the costs involved in processing fingerprint cards and set a fee based on fees charged by the Federal Bureau of Investigation and costs incurred by the Commission. Commission costs include Commission personnel, supplies, equipment costs, and postage to submit the results to the requesting tribe. Based on that review, the 2015 fingerprint processing fee will remain the same at \$21 per card.
