SUPPLEMENTARY INFORMATION:

Comments

You may access the information collection instrument with instructions, or additional information by visiting the Federal eRulemaking Portal site at: <http://www.regulations.gov> and enter USCIS-2007-0023 in the search box. Regardless of the method used for submitting comments or material, all submissions will be posted, without change, to the Federal eRulemaking Portal at <http://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to consider limiting the amount of personal information that you provide in any voluntary submission you make to DHS. DHS may withhold information provided in comments from public viewing that it determines may impact the privacy of an individual or is offensive. For additional information, please read the Privacy Act notice that is available via the link in the footer of <http://www.regulations.gov>.

Written comments and suggestions from the public and affected agencies should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Revision of a Currently Approved Collection.

National Wildlife Refuge System; Draft Programmatic Environmental Assessment for the Use of Genetically Modified Crops in National Wildlife Refuge Farming Programs in Region 4 (Southeast Region) of the United States Fish and Wildlife Service; Discontinuation of Preparation of NEPA Document

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of discontinuation of preparation of NEPA Document.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) and in accordance with the negotiated settlement of a lawsuit, we, the U.S. Fish and Wildlife Service (Service), published a notice in the **Federal Register** on April 30, 2013, announcing and inviting comments on our intention to develop a draft programmatic environmental assessment (PEA) of the

effects of the cultivation and use of genetically modified crops (GMCs) on certain refuges in the Southeast Region to meet wildlife management objectives. As part of the settlement agreement, we also agreed to discontinue cultivating and using the GMCs in the Southeast Region after the 2012 crop year and to refrain from such activities until 90 days after completion of an appropriate NEPA analysis of such activities. On July 17, 2014, the Chief of the Service's National Wildlife Refuge System issued a memorandum announcing that the use of GMCs to meet wildlife management objectives within the National Wildlife Refuge System (System) would be phased out and discontinued by January 2016. Accordingly, we have concluded that our NEPA process is no longer necessary and, therefore, are notifying the public that we are discontinuing preparation of the PEA.

SUPPLEMENTARY INFORMATION:

Introduction

On April 30, 2013, we published a notice in the **Federal Register** (78 FR 25297) announcing and inviting comments on our intention to prepare a PEA on the effects of the cultivation and use of GMCs on certain refuges in the Southeast Region. The Southeast Region is comprised of Alabama, Arkansas, Florida, Tennessee, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, and the Caribbean. GMCs were primarily used on certain refuges in Alabama, Arkansas, Tennessee, Kentucky, Louisiana, Mississippi, and North Carolina, to meet Service goals and objectives to provide migratory birds, especially waterfowl, with dependable high-energy food during the winter months.

In 2011, three national nonprofit organizations, the Center for Food Safety, Beyond Pesticides, and Public Employees for Environmental Responsibility, sued the Secretary of the Department of the Interior, the Director of the Service, and the Service in *Center for Food Safety, et al. v. Salazar, et al.*, Civil Action No. 11-1457 (DC 2011), on the Service's decision to allow GMCs to be cultivated on some 44,000 acres of refuge land in the Southeast Region. On November 5, 2012, the Court entered an Order adopting the negotiated settlement agreement of the Parties, which included a prohibition on the use of GMCs in the Southeast Region unless and until ninety (90) days after completion of appropriate NEPA analysis on such use.
