#### Notice of Intent To Rule on Request To Release Airport Property at the Colorado Springs Airport, Colorado Springs, Colorado

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of request to release airport property.

**SUMMARY:** The FAA proposes to rule and invite public comment on the release of land at the Colorado Springs Airport under the provisions of Section 125 of the Wendell H. Ford Aviation Investment Reform Act for the 21st Century (AIR 21), now 49 U.S.C. 47107(h)(2).

**DATES:** Comments must be received on or before July 8, 2015.

**ADDRESSES:** Comments on this application may be mailed or delivered to the FAA at the following address: Mr. John P. Bauer, Manager, Federal Aviation Administration, Northwest Mountain Region, Airports Division, Denver Airports District Office, 26805 E. 68th Avenue, Suite 224, Denver, Colorado 80249-6361.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to Mr. Troy Stover, Colorado Springs Airport, Colorado Springs, Colorado, at the following address: Mr. Troy Stover, Colorado Springs Airport, 7770 Milton E. Proby Parkway, Suite 50, Colorado Springs, Colorado 80916.

**FOR FURTHER INFORMATION CONTACT:** Mr. Marc Miller, Colorado Engineer/Compliance Specialist, Federal Aviation Administration, Northwest Mountain Region, Denver Airports District Office, 26805 E. 68th Avenue, Suite 224, Denver, Colorado 80249-6361.

The request to release property may be reviewed, by appointment, in person at this same location.

**SUPPLEMENTARY INFORMATION:** The FAA invites public comment on the request to release property at the Colorado Springs Airport under the provisions of the AIR 21 (49 U.S.C. 47107(h)(2)).

On June 2, 2015, the FAA determined that the request to release property at the Colorado Springs Airport submitted by the Colorado Springs Airport meets the procedural requirements of the Federal Aviation Administration.

The following is a brief overview of the request:

The Colorado Springs Airport is proposing the release from the terms, conditions, reservations, and restrictions on approximately 9.5 acres of federally obligated land at the Colorado Springs Airport. The proposed release would allow for improvements to be made to the Marksheffel Road corridor adjacent to the east side of the airport. Marksheffel Road is currently a two-lane rural arterial road with unimproved shoulders and roadside ditches. For the majority of the corridor there is an inadequate roadway cross-

section, including areas with no shoulders and a lack of turn lanes, as well as inadequate roadway and intersection capacity, lack of pedestrian/bicycle facilities and sharp curves. These deficiencies contribute to roadway crash incidences along the Marksheffel Road corridor. The proposed airport property is undeveloped and is not needed for present or future aviation purposes. The property will be sold at fair market value and the sponsor will reinvest the revenue into the airport. The property release conveyance will include appropriate continuing right of flight and continuing restriction clauses that will prohibit any activity on the land that would interfere with or be a hazard to the flight of aircraft over the land or to and from the airport, or that interferes with air navigation and communications facilities serving the airport.

Any person may inspect, by appointment, the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**.

In addition, any person may, upon appointment and request, inspect the application, notice and other documents germane to the application in person at the Colorado Springs Airport.

Issued in Denver, Colorado, on June 2, 2015.

### Federal Railroad Administration

[Docket Number FRA-2015-0036]

#### Petition for Waiver of Compliance

In accordance with Part 211 of Title 49 of the Code of Federal Regulations (CFR), this provides the public notice that by a document dated February 27, 2015, the Union Pacific Railroad Company (UPRR) has petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 232—Brake System Standards for Freight and Other Non-Passenger Trains and Equipment. Specifically, UPRR requests to extend the mileage limits specified for certain designated extended haul trains. See 49 CFR 232.213—Extended haul trains. FRA assigned the petition docket number FRA-2015-0036.

In its petition, UPRR requests relief allowing for the moderate extended

movement of trains to operate beyond the 1,500 mile limit specified in section 232.213 (a list of the proposed extended haul trains is posted to the docket at FRA-2015-0036-0001 in Appendix A to UPRR's petition). UPRR states that the requested relief will ensure they continue to meet customer and national expectation for deliveries of coal, grain, intermodal and other commodities while safely allowing for improved fluidity with increased velocity. UPRR notes that similar relief was granted to BNSF Railway in docket number FRA-2006-24812. UPRR further states that its proposal will result in a moderate mileage increase of between 21 and 180 additional miles beyond the present 1,500 mile limit, which would involve less than 2 percent of UPRR daily train originations.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at [www.regulations.gov](http://www.regulations.gov) and in person at the Department of Transportation's Docket Operations Facility, 1200 New Jersey Ave. SE., W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

- *Web site:* <http://www.regulations.gov>. Follow the online instructions for submitting comments.
- *Fax:* 202-493-2251.

- *Hand Delivery:* 1200 New Jersey Avenue SE., Room W12-140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Communications received by July 23, 2015 will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable.

Anyone is able to search the electronic form of any written

communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its processes.
