Estimated Total Annual (Non-hour) Cost Burden: \$8,475.50. The USPTO estimates that the total annualized (non-hour) cost burden for this collection is due to postage costs of \$8,475.50 per year. Customers may incur postage costs when submitting some of the items covered by this collection to the USPTO by mail. The USPTO expects that approximately 97 percent of the responses in this collection will be submitted electronically. Of the remaining 3 percent, the vast majority—98 percent—will be submitted by mail, for a total of 1,474 mailed submissions. The average first class USPS postage cost for these items is estimated at \$5.75; the cost of a one pound mailed submission in a flat rate envelope. Therefore, the USPTO estimates that the postage costs for the mailed submissions in this collection will total \$8,475.50.

SUPPLEMENTARY INFORMATION:

I. Abstract

The USPTO is required by 35 U.S.C. 131 and 151 to examine applications and, when appropriate, issue applications as patents. The Leahy-Smith America Invents Act, which was enacted into law on September 16, 2011, provided for many changes to the procedures of the Patent Trial and Appeal Board ("PTAB" or "Board", formerly the Board of Patent Appeals and Interference) procedures. See Public Law 112-29, 125 Stat. 284 (2011). These changes included the introduction of *inter partes* review, post-grant review, derivation proceedings, and the transitional program for covered business method patents. In 2012, six rulemaking actions were taken to propose and implement new rules of practice for the multiple reviews and proceedings impacted by the items contained within this information collection.

This renewal seeks to enable the continuation of the review and proceeding processes outlined in the information collection below. The public will use this information collection to petition the Board to initiate *inter partes* reviews, post-grant reviews, covered business method patent reviews, and derivation proceedings, as well as initiate other actions, and to ensure that the

associated fees and documentation are submitted to the USPTO.

II. Method of Collection

Electronically if applicants submit the information using the Patent Review Processing System (PRPS). Applicants may be able to submit the information via email if PRPS is unavailable, or by Priority Mail Express® if both PRPS and the Board's email address are unavailable.

III. Data

OMB Number: 0651-0069.
