

III. What is the agency's authority for taking this action?

Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, the EPA Administrator may approve such a request.

IV. Procedures for withdrawal of request

Registrants who choose to withdraw a request for use termination must submit such withdrawal in writing to the person listed under **FOR FURTHER INFORMATION CONTACT**, postmarked before July 10, 2015, for the requests that the registrants requested to waive the 180-day comment period. This written withdrawal of the request for use termination will apply only to the applicable FIFRA section 6(f)(1) request listed in this notice. If the products have been subject to a previous use termination action, the effective date of termination and all other provisions of any earlier termination action are controlling.

Diclofop-methyl; Product Cancellation Order for Certain Pesticide Registrations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's order for the cancellation, voluntarily requested by the registrants and accepted by the Agency, of products containing the pesticide listed in Table 1 of Unit II., pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This cancellation order

follows a February 11, 2015 **Federal Register** Notice of Receipt of Request from the registrants listed in Table 1 to voluntarily cancel all these product registrations. These are the last products containing these pesticides registered for use in the United States. In the February 11, 2015 Notice, EPA indicated that it would issue an order implementing the cancellation, unless the Agency received substantive comments within the 30-day comment period that would merit its further review of these requests, or unless the registrants withdrew their request within this period. The Agency did not receive any comments on the notice. Further, the registrants did not withdraw their request. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

DATES: The cancellations are effective January 1, 2018.

IV. Cancellation Order

Pursuant to FIFRA section 6(f) (7 U.S.C. 136d(f)), EPA hereby approves the requested cancellations of diclofop-methyl registrations identified in Table 1 of Unit II. Accordingly, the Agency orders that the product registrations identified in Table 1 are hereby canceled. VI. Provisions for Disposition of Existing Stocks

EPA's existing stocks policy published in the **Federal Register** of June 26, 1991 (56 FR 29362) (FRL-3846-4) provides that: "If a registrant requests to voluntarily cancel a registration where the Agency has identified no particular risk concerns, the registrant has complied with all applicable conditions of reregistration, conditional registration, and data call ins, and the registration is not subject to a Registration Standard, Label Improvement Program, or reregistration decision, the Agency will generally permit a registrant to sell or distribute existing stocks for 1-year after the cancellation request was received. Persons other than registrants will generally be allowed to sell, distribute, or use existing stocks until such stocks are exhausted."

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The effective date of this cancellation is January 1, 2018. The cancellation order that is the subject of this notice includes the following existing stock provisions:

The registrant may sell and distribute existing stocks of products listed in Table 1 of Unit II. until January 1, 2018. Persons other than the registrant may sell and distribute existing stocks of products listed in Table 1 of Unit II. until exhausted. Use of the products listed in Table 1 of Unit II. may continue until existing stocks are exhausted, provided that such use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.
