Title: Advance of Loan Funds and Budgetary Control and Other Related Burdens.

OMB Control Number: 0572-0015.

Type of Request: Revision of a currently approved collection.

Abstract: The Rural Utilities Service administers the electric loan and loan guarantee program authorized under the Rural Electrification Act of 1936 (7 U.S.C. 901 *et seq.*) In order to protect and ensure the Government's security interest in loans, and in exercise of due diligence, electric borrowers furnish information to RUS regarding the condition, financial or otherwise, related to expenditure of loan funds. This Information Collection is necessary to comply with applicable provisions of the RUS loan contract. RUS Borrowers submit requisitions to RUS for funds for project costs incurred. Insured loan funds will be advanced only for projects which are included in the RUS approved borrowers workplan or approved amendment and in an approved loan, as amended. The process of loan advances establishes the beginning of the audit trail of the use of loan funds which is required to subsequent RUS compliance audits.

The RUS Form 595 is used as a requisition for advances of funds. The form helps to assure that loan funds are advanced only for the budget purposes and amount approved by RUS. According to the applicable provisions of the RUS loan contract, borrowers must certify with each request for funds to be approved for advance, which such funds are for projects previously approved.

When a prospective borrower requests and is granted a RUS loan, a loan contract is established between the Federal government, acting through the RUS Administrator, and the borrower. At the time this contract is entered into, the borrower must provide RUS with a list of projects for which loan funds will be spent, along with an itemized list of the estimated costs of these projects. Thus, the borrower receives a loan based upon estimated cost figures.

RUS Form 219, Inventory of Work Orders, is one of the documents the borrower submits to RUS to support actual expenditures and an advance of loan funds. The form also serves as a connecting link and provides an audit trail that originates with the advance of funds and terminates with evidence supporting the propriety of expenditures for construction or retirement projects.

Estimate of Burden: The Public reporting burden for this collection of

information is estimated to average 1.57 hours per response.

Respondents: Not-for-profit institutions; Business or other for profit.

Estimated Number of Respondents: 600.

Estimated Number of Responses per Respondent: 15.42.

Estimated Total Annual Burden on Respondents: 14,526 hours.

Copies of this information collection can be obtained from Rebecca Hunt, Program Development and Regulatory Analysis, at (202) 205-3660, Fax: (202) 720-8435 or email: Rebecca.hunt@wdc.usda.gov.
