Fresh Garlic From the People's Republic of China: Final Results and Partial Rescission of the 19th Antidumping Duty Administrative Review; 2012-2013

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On December 8, 2014, the Department of Commerce (the Department) published its preliminary results of the 2012-2013 administrative review of the antidumping duty order on fresh garlic from the People's Republic of China (PRC).¹ The period of review is November 1, 2012, through October 31, 2013. The mandatory respondents in this review are: Hebei Golden Bird Trading Co., Ltd. (Golden Bird) and Jinxiang Hejia Co., Ltd. (Hejia). Following the *Preliminary Results*, we invited interested parties to comment. We have made no changes for these final results of the antidumping duty administrative review.

As discussed below, the Department is relying on total adverse facts available with respect to the PRC-wide entity, which includes Golden Bird and Hejia, because both failed to cooperate to the best of their ability in this administrative review. The Department is also finding 16 companies had no shipments during the period of review. These determinations and the final dumping margins are discussed below in the "Final Results" section of this notice.

DATES: *Effective Date:* June 15, 2015.

FOR FURTHER INFORMATION CONTACT: Nicholas Czajkowski, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-1395.

Background

Since the Department published the preliminary results of this administrative review,² Golden Bird and Shenzhen Xinboda Industrial Co. Ltd. (Xinboda) submitted case briefs on January 19 and 20, 2015, respectively.

On January 29, 2015, Petitioners³ submitted a rebuttal brief.

Scope of the Order

The products subject to this antidumping duty order are all grades of garlic, whole or separated into constituent cloves, whether or not peeled, fresh, chilled, frozen, provisionally preserved, or packed in water or other neutral substance, but not prepared or preserved by the addition of other ingredients or heat processing. Fresh garlic that are subject to the order are currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) 0703.20.0010, 0703.200020, 0703.20.0090, 0710.80.7060, 0710.80.9750, 0711.90.6000, and 2005.90.9700. Although the HTSUS numbers are provided for convenience and customs purposes, the written product description remains dispositive. A full description of the scope of the order is contained in the Issues and Decision memorandum dated concurrently with and hereby adopted by this notice.⁴

Analysis of Comments Received

All issues raised in the case and rebuttal briefs are addressed in the Issues and Decision Memorandum, which is dated concurrently and is hereby adopted by this notice. A list of the issues that are raised in the briefs and addressed in the Issues and Decision Memorandum is in Appendix III of this notice. The Issues and Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>, and is available to all parties in the Department's Central Records Unit, located in Room 7046 of the main Department of Commerce building. In addition, a complete version of the Decision Memorandum can be found at <http://enforcement.trade.gov/frn/>. The signed and the electronic versions of the

Changes Since the Preliminary Results

For the final results, based on analysis of the comments received and our review of the record, the Department has made no changes to the *Preliminary Results*. Detailed discussions of the issues raised by parties can be found in the Decision Memorandum.

Final Determination of No Shipments

As discussed in the *Preliminary Results*, 16 companies timely certified that they had no shipments during the period of review. After reviewing these certifications with U.S. Customs and Border Protection (CBP) and examining CBP shipment data, the Department preliminarily found that these companies did not have reviewable transactions during the POR.⁵ Since the *Preliminary Results*, the Department has not received comments or information that would warrant a review of this preliminary finding. As such, for these final results, the Department finds that the 16 companies listed in Appendix I had no shipments during the POR.

PRC-Wide Entity

As discussed in the *Preliminary Results*, the Department preliminarily determined that 124 companies are part of the PRC-wide entity.⁶ In addition to the two mandatory respondents who failed to cooperate to the best of their ability to comply with requested information, the Department also found that 92 of the companies whose review requests were withdrawn had not been assigned a separate rate from a prior segment of the proceeding, and thus were considered part of the PRC-wide entity. Further, an additional 30 companies, for which a review was requested, and not withdrawn, did not file a separate rate application or certification, nor did they file a no shipments certification. Accordingly, the Department preliminarily determined these companies to be part of the PRC-wide entity. As discussed in detail in the Decision Memorandum, the Department continues to find Golden Bird to be part of the PRC-wide entity. Other than from Golden Bird, the Department has not received comments or information that would warrant a review of the preliminary decision to consider these companies part of the PRC-wide entity. Thus, for these final results, the Department continues to find all 124 companies to be part of the PRC-wide entity. A full list of

⁵ See *Preliminary Results* at 72627.

companies determined to be part of the PRC-wide entity can be found in Appendix II.

Separate Rates

In the *Preliminary Results*, the Department found that non-selected companies Chengwu County Yuanxiang Industry & Commerce Co., Ltd.; Jinxiang Richfar Fruits and Vegetables Co., Ltd.; Qingdao Lianghe International Trade Co., Ltd.; Shandong Chenhe International Trading Co., Ltd.; Xinboda; Weifang Hongqiao International Logistics Co., Ltd. and XuZhou Simple Garlic Industry Co., Ltd. demonstrated their eligibility for separate rates.⁷ Since the *Preliminary Results*, the Department has not received any comments that would warrant a review of these preliminary findings. Therefore, we continue to find that these companies are eligible for separate rates.

Neither the Tariff Act of 1930, as amended (the Act), nor the Department's regulations address the establishment of the rate applied to individual companies not selected for examination where the Department limited its examination in an administrative review pursuant to section 777A(c)(2) of the Act. The Department's practice in cases involving limited selection based on exporters accounting for the largest volumes of exports has been to look to section 735(c)(5) of the Act for guidance, which provides instructions for calculating the all-others rate in an investigation. Section 735(c)(5)(A) of the Act instructs the Department to avoid calculating an all-others rate using any rates that are zero, *de minimis*, or based entirely on facts available. Section 735(c)(5)(B) of the Act provides that, where all rates are zero, *de minimis*, or based entirely on facts available, the Department may use "any reasonable method" for assigning an all-others rate.

We determine that, consistent with our *Preliminary Results*, the rate for non-selected companies eligible for separate rates should be based on the rate used for non-selected separate rate companies in the most recently completed administrative review under this order. This is consistent with precedent and is a reasonable method to determine this rate in the instant review. Pursuant to this method, we are assigning the rate of \$1.82 per kilogram to non-selected companies eligible for separate rates, which is from the most

recently completed administrative review under this order.⁸

Final Results of Review

The Department determines that the following dumping margins exist for the period November 1, 2012, through October 31, 2013.

Exporter	Weighted-average margin (dollars per kilogram)
Chengwu County Yuanxiang Industry & Commerce Co., Ltd ..	1.82
Jinxiang Richfar Fruits & Vegetables Co., Ltd ..	1.82
Qingdao Lianghe International Trade Co., Ltd ..	1.82
Shandong Chenhe International Trading Co., Ltd ..	1.82
Shenzhen Xinboda Industrial Co., Ltd ..	1.82
Weifang Hongqiao International Logistics Co., Ltd ..	1.82
XuZhou Simple Garlic Industry Co., Ltd ..	1.82
PRC-Wide Rate ⁹ ..	4.71

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b), the Department has determined, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise, where applicable, in accordance with the final results of this review. The Department intends to issue appropriate assessment instructions for such producers/exporters directly to CBP 15 days after the date of publication of this notice in the **Federal Register**.

The Department will direct CBP to assess importer-specific assessment rates based on the resulting per-unit (*i.e.*, per kilogram) amount on each entry of the subject merchandise during the POR. For entries that were not reported in the U.S. sales database submitted by an exporter individually examined during this review, the Department will instruct CBP to liquidate such entries at the PRC-wide rate. Additionally, if the Department determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter's case

⁹ Includes Golden Bird and Hejia.

number (*i.e.*, at the exporter's rate) will be liquidated at the PRC-wide rate.¹⁰

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this review for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) For the companies listed above, the cash deposit rate will be the weighted-average dumping margins indicated above (except, if the rate is zero or *de minimis*, then zero cash deposit will be required); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of \$4.71 per kilogram; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

This notice also serves as a reminder to parties subject to an Administrative Protective Order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of proceeding. Timely written notification of the return/destruction of

APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

These final results are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).

Determination of Overfishing or an Overfished Condition

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: This action serves as a notice that NMFS, on behalf of the Secretary of Commerce (Secretary), has found that the following stocks are subject to overfishing or are in an overfished condition: Gulf of Maine/Northern Georges Bank red hake, which is managed by the New England Fishery Management Council, is now subject to overfishing, but is not overfished; and Southeast Florida hogfish, which is jointly managed by the Gulf of Mexico and South Atlantic Fishery Management Councils, is now subject to overfishing and is in an overfished condition. NMFS, on behalf of the Secretary, notifies the appropriate fishery management council (Council) whenever it determines that overfishing is occurring, a stock is in an overfished condition, a stock is approaching an overfished condition, or when a rebuilding plan has not resulted in adequate progress toward ending overfishing and rebuilding affected fish stocks.

FOR FURTHER INFORMATION CONTACT: Regina Spallone, (301) 427-8568.

SUPPLEMENTARY INFORMATION: Pursuant to sections 304(e)(2) and (e)(7) of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act), 16 U.S.C. 1854(e)(2) and (e)(7), and implementing regulations at 50 CFR 600.310(e)(2), NMFS, on behalf of the Secretary, must notify Councils whenever it determines that a stock or stock complex is overfished or approaching an overfished

condition; or if an existing rebuilding plan has not ended overfishing or resulted in adequate rebuilding progress. NMFS also notifies Councils when it determines a stock or stock complex is subject to overfishing. Section 304(e)(2) further requires NMFS to publish these notices in the **Federal Register**.

NMFS has determined that the Gulf of Maine/Northern Georges Bank stock of red hake is now subject to overfishing. The New England Fishery Management Council has been informed that they must end overfishing on this stock.

NMFS has determined that the Southeast Florida stock of hogfish is now subject to overfishing and in an overfished condition. The Southeast Florida stock of hogfish was recently identified as a separate stock among a total of three hogfish stocks. The Gulf of Mexico Fishery Management Council and the South Atlantic Fishery Management Council have been informed that they must end overfishing and rebuild the Southeast Florida stock of hogfish.

ACTION: Notice of SEDAR 41 pre Data Workshop II webinar.

SUMMARY: The SEDAR 41 assessments of the South Atlantic stocks of red snapper and gray triggerfish will consist of a series of workshops and webinars: Data Workshops; an Assessment Process; and a Review Workshop. This notice is for a webinar associated with the Data portion of the SEDAR process. See **SUPPLEMENTARY INFORMATION**.

DATES: A SEDAR 41 pre Data Workshop II webinar will be held on Wednesday, July 1, 2015, from 9 a.m. until 12 p.m. The established times may be adjusted as necessary to accommodate the timely completion of discussion relevant to the

assessment process. Such adjustments may result in the meeting being extended from, or completed prior to the time established by this notice.

ADDRESSES:

Meeting address: The meeting will be held via webinar. The webinar is open to members of the public. Those interested in participating should contact Julia Byrd at SEDAR (see **FOR FURTHER INFORMATION CONTACT** below) to request an invitation providing webinar access information. Please request webinar invitations at least 24 hours in advance of each webinar.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions, have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a three-step process including: (1) Data Workshop(s); (2) Assessment Process; and (3) Review Workshop. The product of the Data Workshop(s) is a data report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment Process is a stock assessment report which describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, Highly Migratory Species Management Division, and Southeast Fisheries Science Center. Participants include: Data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and non-governmental organizations (NGOs); international experts; and staff of
