DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[Docket No. USCG-2015-0479]

Drawbridge Operation Regulation; Pearl River, LA/MS

AGENCY: Coast Guard, DHS.

ACTION: Notice of deviation from drawbridge regulations.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the operation of the US 90 highway bridge (East Pearl River Bridge), a swing span bridge across the Pearl River, mile 8.8 between Slidell, St. Tammany Parish, Louisiana and Pearlinton, Hancock County, Mississippi. The deviation is necessary in order to conduct electrical and structural repairs to the bridge. This deviation will allow the bridge to remain in the closed-to-navigation position for four consecutive days.

DATES: This deviation is effective from 7 a.m. on Monday, July 20, 2015, through 7 p.m. on Friday, July 24, 2015.

ADDRESSES: Documents mentioned in this preamble are part of docket [USCG-2015-0479]. To view documents

mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type the docket number (USCG-2015-0479) in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary deviation, call or email Mr. Jim Wetherington, Bridge Administration Branch, Coast Guard; telephone 504-671-2128, email d8dpball@uscg.mil. If you have questions on viewing the docket, call Cheryl Collins, Program Manager, Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION: Boh Bros. Construction Company, on behalf of the Louisiana Department of Transportation and Development, requested a temporary deviation from the operating schedule on the US 90 highway bridge (East Pearl River Bridge), a swing span bridge across the Pearl River, mile 8.8 between Slidell, St. Tammany Parish, Louisiana and Pearlinton, Hancock County, Mississippi. The bridge has a vertical clearance of 10 feet above mean high water in the closed-to-navigation position and unlimited clearance in the open-to-navigation position.

Navigation at the site of the bridge consists mainly of small tows with barges, some commercial sightseeing boats, and some recreational pleasure craft. Based on prior experience, as well as coordination with waterway users, it has been determined that this closure will not have a significant effect on these vessels. No alternate routes are available.

In accordance with 33 CFR 117.486(b), the draw of the US 90 highway bridge shall open on signal; except that, from 7 p.m. to 7 a.m. the draw shall open on signal if at least four hours notice is given. Vessels that do not require an opening will be allowed to pass at the slowest safe speed. The bridge will be unable to open in the event of an emergency.

The closure is necessary for the replacement of structural and electrical components of the draw span and two submarine cables. These operations will continue until completed and will not allow the normal operation of the bridge. Normal operations of the bridge will commence upon completion of the

work. Notices will be published in the Eighth Coast Guard District Local Notice to Mariners and will be broadcast via the Coast Guard Broadcast Notice to Mariners System.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: June 11, 2015.

David M. Frank,

Bridge Administrator, Eighth Coast Guard District.

33 CFR Part 117

[Docket No. USCG-2015-0534]

Drawbridge Operation Regulation; Bayou Sara, Near Saraland, Mobile County, AL

AGENCY: Coast Guard, DHS.

ACTION: Notice of deviation from drawbridge regulations.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the CSX Railway Company swing span bridge across Bayou Sara, mile 0.1, near Saraland, Mobile County, Alabama. The deviation is necessary to complete scheduled core borings behind the fender system of the bridge. This deviation will allow the bridge to remain in the closed-to-navigation position for 24 consecutive hours.

DATES: This deviation is effective from 6 a.m. on June 29, 2015 until 6 a.m. on June 30, 2015.

ADDRESSES: Documents mentioned in this preamble are part of docket [USCG-2015-0534]. To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type the docket number (USCG-2015-0534) in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m.,

Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary deviation, call or email Mr. Jim Wetherington, Bridge Administration Branch, Coast Guard; telephone 504-671-2128, email d8dpball@uscg.mil. If you have questions on viewing the docket, call Cheryl Collins, Program Manager, Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION: The CSX Railway Company has requested a temporary deviation from the operating schedule of the swing span railroad bridge across Bayou Sara, mile 0.1, near Saraland, Mobile County, Alabama. The bridge provides three feet of vertical clearance in the closed-to-navigation position. Due to the core boring operations within the bridge footprint and safety concerns, vessels will not be allowed to pass through the bridge while the work is ongoing. The bridge will be unable to open in the event of an emergency.

In accordance with 33 CFR 117.105, the bridge currently opens on signal for the passage of vessels except that between the hours of 6 p.m. and 10 a.m. daily, it opens on signal if at least eight hours notice is given. This deviation allows the swing span of the bridge to remain in the closed-to-navigation position from 6 a.m. on June 29, 2015 until 6 a.m. on June 30, 2015.

Navigation on the waterway consists of fishing vessels and recreational craft. An alternate route is not available. Based on prior experience of minimal traffic and the current regulation requiring eight hours notice between 6 p.m. and 10 a.m. each day, it has been determined that this closure will not have a significant effect on these vessels.

The closure is necessary for core boring operations within the footprint of the bridge. These operations will continue until completed and will not allow the normal operation of the bridge. Normal operations will commence upon completion of the work. Notices will be published in the Eighth Coast Guard District Local Notice to Mariners and will be broadcast via the Coast Guard Broadcast Notice to Mariners System.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: June 10, 2015.

David M. Frank,

Bridge Administrator, Eighth Coast Guard District.

RIN 1625-AA00

Safety Zone, Indian River Bay; Millsboro, Delaware

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone on the waters of Indian River Bay adjacent to Millsboro, Delaware. The safety zone will restrict vessel traffic in Indian River Bay within a 200 foot radius of a fireworks barge. This safety zone is necessary to protect the surrounding public and vessels from the hazards associated with a fireworks display. **DATES:** This safety zone is effective without actual notice from June 16, 2015, until July 5, 2015. For the purposes of enforcement, actual notice will be used from May 23, 2015 until June 16, 2015. It will be enforced on May 23 and July 4, 2015 with rain dates of May 24 and July 5, respectively, from 8:45 p.m. (EST) to 10:15 p.m. (EST), unless cancelled earlier by the Captain of the Port.

ADDRESSES: Documents mentioned in this preamble are part of docket [USCG-2015-0317]. To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type the docket number in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email. If you have questions on this temporary rule, call or email Lieutenant Brennan Dougherty, U.S. Coast Guard, Sector Delaware Bay, Chief Waterways Management Division, Coast Guard;

telephone (215) 271-4851, email Brennan.P.Dougherty@uscg.mil. If you have questions on viewing or submitting material to the docket, call Cheryl Collins, Program Manager, Docket Operations, telephone (202) 366-9826.

SUPPLEMENTARY INFORMATION:

Table of Acronyms

DHS Department of Homeland Security
FR Federal Register
NPRM Notice of Proposed Rulemaking

A. Regulatory History and Information

The Coast Guard is issuing this final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest."

Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because a safety zone is in the public interest in that the final details for this event were not received by the Coast Guard until April 20, 2015, and the first event is scheduled for May 23, 2015. Further, allowing this event to go forward without a safety zone in place would expose mariners and the public to unnecessary dangers associated with fireworks displays.

For similar reasons, under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**.

B. Basis and Purpose

The legal basis for the rule is the Coast Guard's authority to establish safety zones: 33 U.S.C. 1231; 33 CFR 1.05-1, 160.5; Department of Homeland Security Delegation No. 0170.1.

On May 23 and July 4, 2015, with rain dates of May 24 and July 5, 2015, fireworks will be launched from a barge with a fall out zone that covers part of Indian River Bay near Millsboro, Delaware. The purpose of the rule is to promote public and maritime safety during a fireworks display, and to protect mariners transiting the area from the potential hazards associated with a fireworks display, such as accidental discharge of fireworks, dangerous projectiles, and falling hot embers or other debris.
