

targeted to an activity or program listed below, please check ‘These data are not available in my state.’”

To ensure that the *State Survey* obtains the necessary data while minimizing the burden on the states, SAMHSA has conducted a lengthy and comprehensive planning process. It has sought advice from key stakeholders (as mandated by the STOP Act) including hosting an all-day stakeholders meeting, conducting two field tests with state officials likely to be responsible for completing the *State Survey*, and investigating and testing various *State*

Survey formats, online delivery systems, and data collection methodologies.

Based on these investigations, SAMHSA collects the required data using an online survey data collection platform (SurveyMonkey). Links to the four sections of the survey are distributed to states via email. The *State Survey* is sent to each state governor’s office and the Office of the Mayor of the District of Columbia. Based on the experience from the last four years of administering the *State Survey*, it is anticipated that the state governors will designate staff from state agencies that have access to the requested data

(typically state Alcohol Beverage Control [ABC] agencies and state Substance Abuse Program agencies). SAMHSA provides both telephone and electronic technical support to state agency staff and emphasizes that the states are only expected to provide data that is readily available and are not required to provide data that has not already been collected. The burden estimate below takes into account these assumptions.

The estimated annual response burden to collect this information is as follows:

Instrument	Number of respondents	Responses/respondent	Burden/response (hrs)	Annual burden (hrs)
State Questionnaire	51	1	17.7	902.7

Send comments to Summer King, SAMHSA Reports Clearance Officer, Room 2–1057, One Choke Cherry Road, Rockville, MD 20857 or email her a copy at summer.king@samhsa.hhs.gov. Written comments should be received by August 17, 2015.

Summer King,
Statistician.

DEPARTMENT OF HOMELAND SECURITY

[Docket No. DHS–2015–0019]

National Infrastructure Advisory Council

AGENCY: National Protection and Programs Directorate, DHS.

ACTION: Committee Management; Notice of an Open Federal Advisory Committee Meeting.

SUMMARY: The National Infrastructure Advisory Council will meet on Tuesday, June 30, 2015, at The Auditorium, 2451 Crystal Drive (first floor), Arlington, VA 22202. This meeting will be open to the public.

DATES: The National Infrastructure Advisory Council will meet on June 30, 2015 from 1:30 p.m.–4:30 p.m. EDT. The meeting may close early if the committee has completed its business. For additional information, please consult the National Infrastructure Advisory Council Web site, www.dhs.gov/NIAC, or contact the National Infrastructure Advisory Council Secretariat by phone at (703)

235–2888 or by email at NIAC@hq.dhs.gov.

ADDRESSES: The Auditorium, 2451 Crystal Drive, First Floor, Arlington, VA 22202. Members of the public will register at the table at the door to the meeting room. For information on facilities or services for individuals with disabilities, or to request special assistance at the meeting, contact the person listed under **FOR FURTHER INFORMATION CONTACT** below as soon as possible. To facilitate public participation, we are inviting public comment on the issues to be considered by the Council as listed in the ‘‘Summary’’ section below. Comments must be submitted in writing no later than 12:00 p.m. on June 30, 2015, in order to be considered by the Council in its meeting. The comments must be identified by ‘‘DHS–2015–0019,’’ and may be submitted by any *one* of the following methods:

- **Federal eRulemaking Portal:** www.regulations.gov. Follow the instructions for submitting written comments.
- **Email:** NIAC@hq.dhs.gov. Include the docket number in the subject line of the message.
- **Fax:** (703) 603–5098.
- **Mail:** Nancy Wong, National Protection and Programs Directorate, Department of Homeland Security, 245 Murray Lane SW., Mail Stop 0607, Arlington, VA 20598–0607.

Instructions: All written submissions received must include the words ‘‘Department of Homeland Security’’ and the docket number for this action. Written comments received will be posted without alteration at www.regulations.gov, including any personal information provided.

Docket: For access to the docket to read background documents or comments received by the National Infrastructure Advisory Council, go to www.regulations.gov. Enter ‘‘NIAC 2015’’ in the search line and the Web site will list all relevant documents for your review. Members of the public will have an opportunity to provide oral comments on the topics on the meeting agenda below, and on any previous studies issued by the National Infrastructure Advisory Council. We request that comments be limited to the issues and studies listed in the meeting agenda and previous National Infrastructure Advisory Council studies. All previous National Infrastructure Advisory Council studies can be located at www.dhs.gov/NIAC. Public comments may be submitted in writing or presented in person for the Council to consider. Comments received by Nancy Wong after 12:00 p.m. on June 29, 2015, will still be accepted and reviewed by the members, but not necessarily by the time of the meeting. In-person presentations will be limited to three minutes per speaker, with no more than 15 minutes for all speakers. Parties interested in making in-person comments should register on the Public Comment Registration list available at the meeting location no later than 15 minutes prior to the beginning of the meeting.

FOR FURTHER INFORMATION CONTACT: Nancy Wong, National Infrastructure Advisory Council, Designated Federal Officer, Department of Homeland Security, (703) 235–2888.

SUPPLEMENTARY INFORMATION: Notice of this meeting is given under the Federal Advisory Committee Act, 5 U.S.C.

Appendix. The National Infrastructure Advisory Council shall provide the President, through the Secretary of Homeland Security, with advice on the security and resilience of the Nation's critical infrastructure sectors. The NIAC will meet to discuss issues relevant to critical infrastructure security and resilience as directed by the President.

The meeting will commence at 1:30 p.m. EDT. At this meeting, the Council will receive an unclassified briefing from government officials on the implementation progress of recommendations in the Council's 2012 report on "Intelligence Information Sharing." The Council will receive and deliberate on the Transportation Resiliency Working Group draft report and recommendations. A government official will provide the Council a briefing on climate impacts to infrastructure systems to support the development of the council's new study (to be presented by senior Federal government representatives following the presentation) to provide recommendations on improving infrastructure security and resilience to climate-related hazards. Finally, the Administration will provide the Council with additional new taskings for the coming year. All presentations and the draft transportation resilience report will be posted no later than one week prior to the meeting on the Council's public Web page—www.dhs.gov/NIAC, in the section titled, "Meeting Resources".

Public Meeting Agenda

- I. Opening of Meeting
- II. Roll Call of Members
- III. Opening Remarks and Introductions
- IV. Approval of March 20, 2015 Meeting Minutes
- V. Government Progress Report on 2012 Intelligence Information Sharing Recommendations
- VI. Working Group Presentation on Transportation Resilience Report and Recommendations
- VII. Public Comment: Topics Limited to Agenda Topics and Previously Issued National Infrastructure Advisory Council Studies and Recommendations
- VIII. Discussion and Deliberation on the Transportation Resilience Report and Recommendations
- IX. Government Presentation on Climate Impacts to Infrastructure Systems
- X. Discussion and Recommendations on Scope of Climate Impact Topic of Study
- XI. Discussion of Additional Administration-Identified Taskings for Coming Year

XII. Closing Remarks

Nancy J. Wong,

Designated Federal Officer for the National Infrastructure Advisory Council.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

**[FWS-R2-R-2015-N042;
FXRS12610200000-156-FF02R06000]**

Brazoria National Wildlife Refuge, Brazoria County, TX; Notice of Intent To Prepare an Environmental Assessment or an Environmental Impact Statement on a Proposed Right-of-Way Permit Application for Pipelines Crossing the Refuge

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of intent; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), are in the process of considering an application from Praxair, Inc. (Praxair) for a right-of-way (ROW) permit to construct, operate, and maintain two pipelines within an existing maintained pipeline corridor crossing the Brazoria National Wildlife Refuge (NWR) in Brazoria County, Texas. The Service requests comments on environmental issues and announces the opening of the scoping process, which will inform the decision to prepare either an environmental assessment (EA) or environmental impact statement (EIS) pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended. This notice provides an opportunity for input from other Federal and State agencies, local government, Native American Tribes, nongovernmental organizations, the public, and other interested parties on the scope of the NEPA analysis, pertinent issues which should be addressed, and the alternatives to be analyzed.

DATES: To ensure consideration of written comments on the issues and possible alternatives to be addressed in the documents, they must be received no later than July 16, 2015.

ADDRESSES: Comments, questions, and requests for further information may be submitted by U.S. mail to Project Leader, Texas Mid-coast NWR Complex, U.S. Fish and Wildlife Service, 2547 County Road 316, Brazoria, TX 77422; by email at jennifer_sanchez@fws.gov; by phone at (979) 964-4011; or by fax to (979) 964-4021.

SUPPLEMENTARY INFORMATION: We are in the process of considering an application from Praxair, Inc. (Praxair) for a right-of-way (ROW) permit to construct, operate, and maintain a 24-inch carbon steel pipeline for transport of nitrogen, and a 14-inch carbon steel pipeline for transport of hydrogen, within an existing maintained 4.25-mile pipeline corridor crossing the Brazoria National Wildlife Refuge (NWR) in Brazoria County, Texas. We request comments on environmental issues and announce the opening of the scoping process, which will inform our decision to prepare either an environmental assessment (EA) or environmental impact statement (EIS) pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended, in conjunction with preparation of a plan of operations for the proposed new pipelines. The decision to initially prepare an EA or EIS will be, in part, contingent on the complexity of issues identified during, and following, the scoping phase of the NEPA process.

This notice provides an opportunity for input from other Federal and State agencies, local government, Native American Tribes, nongovernmental organizations, the public, and other interested parties on the scope of the NEPA analysis, pertinent issues which should be addressed, and the alternatives to be analyzed. The NEPA document will include an analysis of environmental consequences of the proposed action and alternatives, including direct and indirect impacts, as well as an assessment of the overall cumulative effects resulting from the incremental impact of the proposed action when added to other past, present, and reasonably foreseeable future actions. The NEPA document will also include proposed measures for avoiding or minimizing adverse impacts to refuge resources during construction and operations, as well as a proposal for compensatory mitigation for replacement of lost habitat values through land conservation and protection as part of the NWR. We will use this NEPA document in our decision-making process to determine whether the proposed new pipelines are an appropriate and compatible use of lands in the National Wildlife Refuge System (NWRS), as well as whether processing of the application for a Pipeline ROW Permit should proceed to the next step. The public will also have a chance to review and comment on the draft EA or EIS when it is available (a notice of availability will be published in the **Federal Register**).
