

We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review where an importer-specific assessment rate is not zero or *de minimis*. We will instruct CBP to liquidate without regard to antidumping duties any entries for which the importer-specific assessment rate is zero or *de minimis*.

Cash Deposit Requirements

Since the *Final Results*, the Department completed a subsequent administrative review of, and established a new cash deposit rate for, New-Tec. Therefore, New-Tec’s cash deposit rate does not need to be updated as a result of these amended final results. Rather, New-Tec’s cash deposit rate will continue to be 0.00 percent, the rate established in that review.⁴

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred, and the subsequent assessment of double antidumping duties.

We are issuing this determination and publishing these amended final results and notice in accordance with 19 U.S.C. 1516(e).

Dated: June 9, 2015.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

determination in the less-than-fair-value investigation of certain steel nails from Malaysia, to correct a ministerial error.

DATES: *Effective Date:* June 16, 2015.

FOR FURTHER INFORMATION CONTACT: Edythe Artman or Steve Bezirgian, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–3931 or (202) 482–1131, respectively.

SUPPLEMENTARY INFORMATION:

Background

On May 20, 2015, the Department published the final determination of the less-than-fair-value investigation of certain steel nails from Malaysia.¹ On May 22, 2015, Mid Continent Steel & Wire, Inc., (Petitioner), submitted a ministerial error allegation.² No other party commented on this allegation.

Based on our analysis of this allegation, we revised the margin calculation for Region System Sdn. Bhd. and Region International Co., Ltd. (collectively, Region), and assigned a new All Others rate, as discussed below.³

Scope of the Investigation

The scope of the investigation appears in Appendix I of the *Final Determination*.

Ministerial Error

Section 751(h) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.224(f) define a “ministerial error” as an error “in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any other similar type of unintentional error which the Secretary considers ministerial.”

Petitioner noted that in the *Final Determination*, we recalculated the U.S. warranty expense field such that it was denominated in U.S. dollars per kilogram, but then applied currency exchange conversions to the U.S. warranty expenses in the U.S. margin calculation as if they were denominated

¹ See *Certain Steel Nails From Malaysia; Final Determination of Sales at Less Than Fair Value*, 80 FR 28969 (May 20, 2015) (*Final Determination*).

² See Letter from Petitioner to the Department, “Certain Steel Nails from Malaysia: Petitioner’s Ministerial Error Allegation,” dated May 22, 2015.

³ See also the memorandum entitled “Amended Final Determination of the Less-Than-Fair-Value Investigation of Certain Steel Nails from Malaysia: Allegation of Ministerial Error,” dated concurrently with this determination and hereby adopted by this notice.

in Malaysian currency per kilogram. No other party commented on this allegation. We agree with Petitioner that we made a ministerial error within the meaning of 19 CFR 351.224(f) with respect to the recalculated U.S. warranty expense field. Therefore, we are amending the final determination in accordance with section 751(h) of the Act and 19 CFR 351.224(e).

Amended Final Determination

The Department determines that the following amended weighted-average dumping margins exist for the period April 1, 2013 through March 31, 2014, as discussed above:⁴

Exporter or producer	Weighted-average dumping margin (percent)
Region System Sdn. Bhd. and Region International Co., Ltd ..	2.66
All Others	2.66

Continuation of Suspension of Liquidation

The following cash deposit requirements will be effective upon publication of this notice for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication of this amended final determination, as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for Region will be the rate we determined in this amended final determination (*i.e.*, 2.66 percent); (2) the cash deposit rates for Inmax and Tag will continue to be those identified in the *Final Determination* (*i.e.*, 39.35 percent) (3) if the exporter is not a firm identified in this investigation but the producer is, the rate will be the rate established for the producer of the subject merchandise; and (4) the rate for all other producers or exporters will be 2.66 percent, as indicated above. These suspension of liquidation instructions will remain in effect until further notice.

U.S. International Trade Commission Notification

In accordance with section 735(d) of the Act, we notified the U.S. International Trade Commission (ITC) of the *Final Determination* and our amended final determination. As the *Final Determination* and our preliminary determination were both affirmative, in accordance with section

⁴ Note that the weighted-average dumping margins of 39.35 percent identified in the *Final Determination* for Inmax Sdn. Bhd. (“Inmax”) and Tag Fasteners Sdn. Bhd. (“Tag”) remain unchanged. See *Final Determination* at 28970.

735(b)(3) of the Act, the ITC will determine within 45 days of the *Final Determination* whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports or sales (or the likelihood of sales) for importation of the subject merchandise. If the ITC determines that such injury exists, the Department will issue an antidumping duty order directing CBP to assess, upon further instruction by the Department, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

This amended final determination notice is published in accordance with section 735(e) of the Act and 19 CFR 351.224(e).

Dated: June 10, 2015.

SUPPLEMENTARY INFORMATION:

Background

On May 16, 2013, the Department of Commerce (the Department) published the final results of its administrative review of the antidumping duty order on hand trucks and certain parts thereof from People's Republic of China.¹ The

¹ See *Hand Trucks and Certain Parts Thereof from the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2010-2011*, 78 FR 28801 (May 16, 2013) (*Final Results*).

period of review (POR) is December 1, 2010, through November 30, 2011.

The administrative review covered four companies, New-Tec Integration (Xiamen) Co., Ltd. (New-Tec), WelCom Products, Inc. (WelCom), Yuhuan Tongsheng Industry Company (Tongsheng), and Yangjiang Shunhe Industrial Co., Ltd. and Yangjiang Shunhe Industrial & Trade Co., Ltd. (collectively, Shunhe). In the *Final Results*, the Department rescinded the administrative review with respect to WelCom, Tongsheng, and Shunhe, and assigned to New-Tec, an exporter of hand trucks and certain parts thereof from the People's Republic of China to the United States, a rate of 9.21 percent for the 2010-2011 period of review.

Following the publication of the *Final Results*, Gleason Industrial Products, Inc. and Precision Products, Inc. (collectively, Gleason), domestic interested parties, and Cosco Home and Office Products (Cosco), a U.S. importer, filed lawsuits with the United States Court of International Trade (CIT) challenging various aspects of the Department's final results of administrative review.

The United States, Gleason, and Cosco have entered into an agreement to settle this dispute. Pursuant to the terms of settlement and the stipulation for entry of judgment, the amended final weighted-average dumping margin for New-Tec is 5.38 percent. The Court issued its Order of Judgment by Stipulation on May 29, 2015.²

Assessment Rates

The Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review. The Department intends to issue assessment instructions to CBP within 15 days after the date of publication of these amended final results of review in the **Federal Register**.

We have calculated importer-specific per-unit antidumping duty assessment rates by aggregating the total amount of dumping calculated for the examined sales of each importer and dividing each of these amounts by the total entered quantity associated with those sales.³ We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review where an importer-specific assessment rate is not
