Department of Energy

Unified Agenda

DEPARTMENT OF ENERGY

10 CFR Chs. II, III, and X

48 CFR Ch. 9

Unified Agenda of Federal Regulatory and Deregulatory Actions

AGENCY: Department of Energy.

ACTION: Semiannual regulatory agenda.

SUMMARY: The Department of Energy (DOE) has prepared and is making available its portion of the semiannual Unified Agenda of Federal Regulatory and Deregulatory Actions (Agenda) pursuant to Executive Order 12866, “Regulatory Planning and Review,” and the Regulatory Flexibility Act.

SUPPLEMENTARY INFORMATION: The Agenda is a government-wide

compilation of upcoming and ongoing regulatory activity, including a brief description of each rulemaking and a timetable for action. The Agenda also includes a list of regulatory actions completed since publication of the last Agenda. The Department of Energy’s portion of the Agenda includes regulatory actions called for by the Energy Independence and Security Act of 2007, the American Energy Manufacturing Technical Corrections Act and programmatic needs of DOE offices.

The Internet is the basic means for disseminating the Agenda and providing users the ability to obtain information from the Agenda database. DOE’s Spring 2015 Agenda can be accessed online by going to www.reginfo.gov. Agenda entries reflect

the status of activities as of approximately May 31, 2015.

Publication in the **Federal Register** is mandated by the Regulatory Flexibility Act (5 U.S.C. 602) only for Agenda entries that require either a regulatory flexibility analysis or periodic review under section 610 of that Act. DOE’s regulatory flexibility agenda is made up of five rulemakings setting energy efficiency standards for the following products:

- Automatic Commercial Ice Makers
- Hearth Products
- Commercial Packaged Boilers
- Commercial Warm Air Furnaces
- Single Package Vertical Air Conditioners and Heat Pumps

Steven P. Croley,
General Counsel.

ENERGY EFFICIENCY AND RENEWABLE ENERGY—PROPOSED RULE STAGE

Sequence No.	Title	Regulation Identifier No.
94	Energy Conservation Standards for Commercial Packaged Boilers	1904-AD01
95	Energy Conservation Standards for Hearth Products	1904-AD35

ENERGY EFFICIENCY AND RENEWABLE ENERGY—FINAL RULE STAGE

Sequence No.	Title	Regulation Identifier No.
96	Energy Conservation Standards for Single Package Vertical Air Conditioners and Single Package Vertical Heat Pumps.	1904-AC85
97	Energy Conservation Standards for Commercial Warm Air Furnaces	1904-AD11

ENERGY EFFICIENCY AND RENEWABLE ENERGY—COMPLETED ACTIONS

Sequence No.	Title	Regulation Identifier No.
98	Energy Efficiency Standards for Automatic Commercial Ice Makers	1904-AC39

DEPARTMENT OF ENERGY (DOE)

Energy Efficiency and Renewable Energy (EE)

94. Energy Conservation Standards for Commercial Packaged Boilers

Legal Authority: 42 U.S.C. 6313(a)(6)(C)

Abstract: EPCA, as amended by AEMTCA, requires the Secretary to determine whether updating the statutory energy conservation standards for commercial packaged boilers is technically feasible and economically justified and would save a significant amount of energy. If justified, the Secretary will issue amended energy conservation standards for such equipment.

95. Energy Conservation Standards for Hearth Products

Legal Authority: 42 U.S.C. 6292(a)(20) and (b); 42 U.S.C. 6295(l)(1)

Abstract: DOE is conducting a rulemaking to analyze potential energy conservation standards for hearth products. DOE is developing this rulemaking concurrent with its coverage determination for these products.

Energy Efficiency and Renewable Energy (EE)

96. Energy Conservation Standards for Single Package Vertical Air Conditioners and Single Package Vertical Heat Pumps

Legal Authority: 42 U.S.C. 6313(a)(6) and (10)

Abstract: This rulemaking amends energy conservation standards for single package vertical air conditioners (SPVAC) and single package vertical heat pumps (SPVHP). The Energy Policy and Conservation Act of 1975 (EPCA), as amended, prescribes energy conservation standards for SPVAC and SPVHP and directs DOE to review those standards in light of the latest industry standards for that equipment. DOE must adopt the latest industry standard unless DOE determines that there is clear and convincing evidence supporting the adoption of more stringent levels.

97. Energy Conservation Standards for Commercial Warm Air Furnaces

Legal Authority: 42 U.S.C. 6313(a)(6)(C)(i) and (vi)

Abstract: EPCA, as amended by AEMTCA, requires the Secretary to determine whether updating the statutory energy conservation standards for commercial warm air furnaces is technically feasible and economically justified and would save a significant amount of energy. If justified, the Secretary will issue amended energy conservation standards for this type of equipment.

98. Energy Efficiency Standards for Automatic Commercial Ice Makers

Legal Authority: 42 U.S.C. 6313(d)(2) and (3).

Abstract: EPCA, as amended by EPACT 2005, requires the Secretary to determine whether updating the statutory standards for automatic commercial ice makers is technologically feasible and economically justified. Such a determination was made and a rule was issued for automatic ice makers.
