Accordingly, EDA has initiated investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each of these firms contributed importantly to the total or partial separation of the firm's workers, or threat thereof, and to a decrease in sales or production of each petitioning firm.

Foreign-Trade Zones Board
[B-41-2015]
Notification of Proposed Production Activity, BMW Manufacturing Co., LLC, Subzone 38A, (Motor Vehicles), Spartanburg, South Carolina

BMW Manufacturing Co., LLC (BMWMC), operator of Subzone 38A, submitted a notification of proposed production activity to the FTZ Board for its facility in Spartanburg, South Carolina. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on June 3, 2015.

BMWMC already has authority to produce passenger sedans, coupes, and sport utility vehicles. The current request would add a new finished product (passenger vehicle bodies) and foreign-status materials and components to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status materials and components and

specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt BMWMC from customs duty payments on the foreign status materials and components used in export production. On its domestic sales, BMWMC would be able to choose the duty rate during customs entry procedures that applies to passenger motor vehicles and related bodies (duty rate 2.5%) for the foreign status materials and components noted below and in the existing scope of authority. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

The materials and components sourced from abroad include: first-aid kits; acrylic/vinyl paints; trunk lid adhesives; acoustic absorber foams; tire sealants; rubber assembly gaskets; tires; felt strips (HTSUS Subheadings 5602.10, 5602.90); damping strips (Subheading 5602.90); tufted floor coverings; carpet sets; velcro straps; glass; windshields; steel flanges; iron/
