

recently completed segment of this proceeding for the manufacturer of the subject merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 22.00 percent, the all-others rate established in the antidumping investigation.⁷ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers Regarding the Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these amended final results in accordance with section 751(h) of the Act and 19 CFR 351.224(f).

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for revision of an existing information collection.

The purpose of this collection is for each sector in the Bering Sea and Aleutian Islands Management Area (BSAI) groundfish fisheries to inform the North Pacific Fisheries Management Council (Council) of their progress on voluntary, non-regulatory methods they are using within their fishery cooperatives to reduce halibut mortality and to report the effectiveness of those actions in absolute reductions in halibut mortality.

At the June 2015 meeting, the Council requested that, in addition to providing the BSAI Halibut Prohibited Species Catch (PSC) Progress Report, Amendment 80 cooperatives provide their 2016 Halibut PSC Management Plans at the December 2015 Council meeting. Since 2011, all vessels and companies participating in the Amendment 80 sector have been affiliated with one of two Amendment 80 cooperatives, the Alaska Seafood Cooperative or the Alaska Groundfish

Cooperative. The plans should be designed not just to accommodate the revised hard caps, but to bring savings to levels below the hard cap.
