General Services Administration Acquisition Regulation; GSAR Case 2006–G506; Environmental, Conservation, Occupational Safety and Drug-Free Workplace

AGENCY: Office of Acquisition Policy,
General Services Administration (GSA).

ACTION: Final rule.

SUMMARY: The General Services Administration (GSA) is issuing a final rule to amend the General Services Administration Acquisition Regulation (GSAR) to update the text and clauses regarding Hazardous Materials Identification and Material Safety Data.

DATES: *Effective:* June 24, 2015.

FOR FURTHER INFORMATION CONTACT: Mr. Kevin Funk, Procurement Analyst, at 215–446–4860, for clarification of content. For information pertaining to status or publication schedules, contact the Regulatory Secretariat Division at 202–501–4755. Please cite GSAR Case 2006–G506.

SUPPLEMENTARY INFORMATION:

I. Background

GSA published a proposed rule in 2009 to update the text and clauses regarding Hazardous Materials Identification and Material Safety Data. A second proposed rule was issued in the **Federal Register** at 80 FR 8278, on February 17, 2015, due to the length of time since the original proposed rule was published in 2009 and updates to the regulations referenced in GSAM Subpart 523.3. No public comments were received on the proposed rule. One change was made for this final rule, which clarifies that the new GSAR clause 552.223–73 is only required in solicitations and contracts for packaged items containing hazardous materials.

II. Discussion and Analysis

The final rule changes the title of Part 523 to “Environment, Energy and Water Efficiency, Renewable Energy Technologies, Occupational Safety, and Drug-Free Workplace,” to correspond to the title in FAR Part 23. The title for Subpart 523.3 is changed to “Hazardous Material Identification and Material Safety Data” to be consistent with the corresponding FAR subpart.

In addition, this final rule adds a new hazardous materials clause, GSAR

clause 552.223–73. GSAR clause 552.223–73 Preservation, Packaging, Packing, Marking and Labeling of Hazardous Materials (HAZMAT) For Shipments is added to require compliance by contractors regarding preservation, packaging, packing, marking, and labeling of hazardous materials. This clause is also added to the Provision and Clause Matrixes.

The GSAR provision at 552.212–72, Contract Terms and Conditions Required to Implement Statutes or Executive Orders Applicable to GSA Acquisition of Commercial Items, is updated to include the new hazardous material clause 552.223–73.

III. Executive Order 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

IV. Regulatory Flexibility Act

The General Services Administration certifies that this final rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because these changes will not substantively change the reporting, recordkeeping, or compliance requirements for contractors.

V. Paperwork Reduction Act

This final rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35).

RIN 0648–XE002

Snapper-Grouper Fishery of the South Atlantic; 2015 Commercial Accountability Measure and Closure for Atlantic Dolphin

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS implements accountability measures (AMs) for the commercial sector for Atlantic dolphin (dolphin) in the exclusive economic zone (EEZ) off the Atlantic states (Maine through the east coast of Florida) for the 2015 fishing year through this temporary rule. Commercial landings for dolphin, as estimated by the Science and Research Director, are projected to reach the commercial annual catch limit (ACL) by June 24, 2015. Therefore, NMFS closes the commercial sector for dolphin on June 24, 2015, through the remainder of the fishing year in the exclusive economic zone (EEZ) of the Atlantic. This closure is necessary to protect the dolphin resource.

DATES: This rule is effective 12:01 a.m., local time, June 24, 2015, until 12:01 a.m., local time, January 1, 2016.

FOR FURTHER INFORMATION CONTACT: Catherine Hayslip, NMFS Southeast Regional Office, telephone: 727–824–5305, email: catherine.hayslip@noaa.gov.

SUPPLEMENTARY INFORMATION: The dolphin and wahoo fishery off the Atlantic states is managed under the Fishery Management Plan for the Dolphin and Wahoo Fishery of the Atlantic (FMP). The FMP was prepared by the South Atlantic Fishery

Management Council, in cooperation with the Mid-Atlantic and New England Fishery Management Councils, and is implemented under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) by regulations at 50 CFR part 622.

The commercial ACL for dolphin is 1,157,001 lb (524,807 kg), round weight. Under 50 CFR 622.280(a)(1)(i), NMFS is required to close the commercial sector for dolphin when the commercial ACL has been reached, or is projected to be reached, by filing a notification to that effect with the Office of the Federal Register. NMFS has determined that the commercial ACL has been reached and that the commercial sector for dolphin should close on June 24, 2015. Therefore, this temporary rule implements an AM to close the commercial sector for dolphin in the EEZ off the Atlantic states (Maine through the east coast of Florida), effective 12:01 a.m., local time June 24, 2015.

The operator of a vessel with a valid commercial vessel permit for dolphin on board must have landed and bartered, traded, or sold such species prior to 12:01 a.m., local time, June 24, 2015. During the closure, the bag and possession limits specified in 50 CFR 622.277(a)(1) apply to all harvest or possession of dolphin in or from the Atlantic EEZ. Additionally, these bag and possession limits apply in the Atlantic EEZ (Maine through the east coast of Florida) on board a vessel for which a valid Federal commercial or charter vessel/headboat permit for dolphin and wahoo has been issued, without regard to where such species were harvested, *i.e.*, in state or Federal waters. During the closure, the sale or purchase of dolphin taken from the EEZ is prohibited.

Classification

The Regional Administrator, Southeast Region, NMFS, has determined this temporary rule is necessary for the conservation and management of dolphin off the Atlantic states and is consistent with the Magnuson-Stevens Act and other applicable laws.

This action is taken under 50 CFR 622.280(a)(1)(i) and is exempt from review under Executive Order 12866.

These measures are exempt from the procedures of the Regulatory Flexibility Act because the temporary rule is issued without opportunity for prior notice and comment.

This action responds to the best scientific information available. The Assistant Administrator for Fisheries,
