

ACTION: Notice; extension of registration period.

SUMMARY: On November 21, 2014, the Secretary of Homeland Security (Secretary) published three notices in the **Federal Register** designating Guinea, Liberia, and Sierra Leone for Temporary Protected Status (TPS), each for a period of 18 months. The designations took effect on November 21, 2014 and are valid through May 21, 2016. The Department of Homeland Security (DHS) established a 180-day registration period from November 21, 2014 through May 20, 2015.

Through this Notice, the Secretary is extending the initial registration period for each of the designations to provide an additional 90 days for individuals who may be eligible for TPS under the Guinea, Liberia, or Sierra Leone designation to prepare and submit their applications. The initial registration period for all three countries has been extended from May 21, 2015 through August 18, 2015. Complete applications must be received with the appropriate fee or with a fee waiver request by August 18, 2015. The extension of the initial registration period does not extend the period of the TPS designation. To be eligible for TPS under the Guinea, Liberia, or Sierra Leone designations, applicants must demonstrate that they have been continuously physically present in the United States since November 21, 2014, and have continuously resided in the United States since November 20, 2014.

DATES: On November 21, 2014, DHS published notices in the **Federal Register** designating Guinea, Liberia, and Sierra Leone for TPS for a period of 18 months effective from November 21, 2014 through May 21, 2016. The original initial registration period, that was to expire on May 20, 2015, will be extended with a new filing deadline of August 18, 2015, for all three countries.

Eligible applicants have until August 18, 2015, to submit an initial application. Additionally, an individual who previously submitted an application for TPS under the Guinea, Liberia, or Sierra Leone designations and to whom USCIS previously returned the application based on the prior May 20, 2015 filing deadline may now resubmit his or her complete application by August 18, 2015.

Background

The Act (16 U.S.C. 1531 *et seq.*) prohibits certain activities with endangered and threatened species unless authorized by a Federal permit. Along with our implementing regulations at 50 CFR 17, the Act

provides for permits and requires that we invite public comment before issuing permits for endangered species.

A permit granted by us under section 10(a)(1)(A) of the Act authorizes the permittees to conduct activities with U.S. endangered or threatened species for scientific purposes, enhancement of propagation or survival, or interstate commerce (the latter only in the event that it facilitates scientific purposes or enhancement of propagation or survival). Our regulations implementing section 10(a)(1)(A) for these permits are found at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.
