

the most recent 4 quarters determined by HUD to be 60 miles or more from the PHA headquarters address using tenant address data as reported to HUD on Form 50058 divided by the total number of vouchers under lease during the same time period as reported to HUD on Form 50058 times \$1.01.

This variable is both theoretically and statistically very strong and is reflected in the statutory language as a recommended variable.

Specific issues for comment: The research is clear that PHAs that serve voucher holders over a very large area have higher costs. The researchers have used as a proxy for this the average distance from the main office of over 60 miles. HUD recognizes that this could be problematic if an agency primarily serves households in a relatively small geography, but that small geography is more than 60 miles from its "main" office. HUD is exploring different ways to implement this finding such that it does not have this problem. HUD encourages comment on approaches to implementing the research finding most effectively without providing more funding than is appropriate.

B. Inflation Factor

The study also recommends a blended inflation factor. HUD is seeking comment on the data to be used for each inflation factor as well as how to weight the different inflation factors.

Specific issues for comment: HUD is soliciting comment on the value of using the following three data sources:

(i) The change between the average over the most recent 4 quarters and 2013 in the Consumer Price Index for all Urban Consumers in the U.S. as published by the Bureau of Labor Statistics;

(ii) The change between the average over the most recent 4 quarters and 2013 in the Bureau of Labor Statistics QCEW data on local government employees for the U.S.; and

(iii) The change between the average over the most recent 4 quarters and 2013 in health insurance costs from the U.S. Department of Health and Human Services Medical Expenditure Panel Survey for the U.S.

C. Fee Floor

The fee floor is projected at \$42 per unit month. Can PHAs operate for less than this fee floor amount per month? If so, what would the proposed amount be and what are the supporting data that might be available?

D. Fee Floor for U.S. Territories

The fee floor for U.S. Territories is projected at \$54 per unit month. What

data that might be available for U.S. Territories that might support a lower or higher rate?

E. Maximum Funding

Among the 60 study sites, the highest calculated per unit month rate was \$108.87. Should HUD set a maximum funding amount per unit month? If so, what should the maximum funding amount per unit month be?

F. Adjusting Fees for Future Program Changes

Where, in the future, there are reductions in cost associated with program changes such as less frequent reexaminations or inspections, how should HUD account for those reductions in the administrative fee formula? Should HUD review and revise the fee on a set schedule? How much advance notice do PHAs need?

G. Reducing Funding Disruptions

How might HUD reduce funding disruptions for the small number of PHAs likely to have a decrease in funding under the proposed formula relative to recent year funding levels? The research shows that even if Congress funded the proposed formula at 100 percent, there would still be a small number of PHAs (8 percent) with a funding reduction relative to their 2013 and 2014 funding levels.

H. Additional Cost Factors for Consideration

While the study team had no additional recommendations on the formula other than what has been described above, the team did note that they expected HUD to consider modifications to the formula or supplemental fees to support PHAs in addressing program priorities, strategic goals, and policy objectives at both the local and the national level. (See section 7.7 of the draft final report.) The findings from the study suggested four specific areas for further analysis and consideration:

- (1) Special voucher programs;
- (2) serving homeless households;
- (3) performance incentives; and
- (4) expanding housing opportunities.

HUD also requests feedback on inclusion of a factor for enforcement actions, specifically an incentive for PHAs to investigate potential fraud or errors and how such a formula factor might be constructed with the data currently reported by PHAs to HUD.

HUD is specifically seeking comment on whether additional compensation should be provided to address any or all of these areas. In addition, what other areas should be considered for

additional compensation? What would be the appropriate amount of compensation for these areas or any other areas, and what data would support the proposed amounts? What form should the compensation take—should it be built into the fee formula as a cost driver or should it be provided outside of the administrative fee formula as a separate supplemental fee?

Dated: June 22, 2015.

Katherine M. O'Regan,
Assistant Secretary for Policy Development
and Research.

BILLING CODE 4210-67-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5828-N-26]

Federal Property Suitable as Facilities To Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for use to assist the homeless.

FOR FURTHER INFORMATION CONTACT:

Juanita Perry, Department of Housing and Urban Development, 451 Seventh Street SW., Room 7266, Washington, DC 20410; telephone (202) 402-3970; TTY number for the hearing- and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following

categories: Suitable/available, suitable/unavailable, and suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Where property is described as for "off-site use only" recipients of the property will be required to relocate the building to their own site at their own expense. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to: Ms. Theresa M. Ritta, Chief Real Property Branch, the Department of Health and Human Services, Room 5B-17, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857, (301)-443-2265 (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Ann

Marie Oliva at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.

For more information regarding particular properties identified in this Notice (*i.e.*, acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: *Army*: Ms. Veronica Rines, Office of the Assistant Chief of Staff for Installation Management, Department of Army, Room 5A128, 600 Army Pentagon, Washington, DC 20310, (571)-256-8145; (This is not a toll-free number).

Dated: June 18, 2015.

Brian P. Fitzmaurice,

Director, Division of Community Assistance, Office of Special Needs Assistance Programs.
