SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To

comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Extension of a currently approved collection; *Title of Information Collection:* Medicaid State Plan Base Plan Pages; *Use:* State Medicaid agencies complete the plan pages while we review the information to determine if the state has met all of the requirements of the provisions the states choose to implement. If the requirements are met, we will approve the amendments to the state's Medicaid plan giving the state the authority to implement the flexibilities. For a state to receive Medicaid Title XIX funding, there must be an approved Title XIX state plan. *Form Number:* CMS-179 (OMB control number 0938-0193); *Frequency:* Occasionally; *Affected Public:* State, Local, and Tribal Governments; *Number of Respondents:* 56; *Total Annual Responses:* 1,120; *Total Annual Hours:* 22,400. (For policy questions regarding this collection contact Annette Pearson at 410-786-6958).

2. *Type of Information Collection Request:* Extension of a currently approved collection; *Title of Information Collection:* Medicaid Program Eligibility Changes under the Affordable Care Act of 2010; *Use:* The eligibility systems are essential to the goal of increasing coverage in insurance affordability programs while reducing administrative burden on states and consumers. The electronic transmission and automation of data transfers are key elements in managing the expected insurance affordability program caseload that started in 2014. Accomplishing the same work without these information collection requirements would not be feasible. *Form Number:* CMS-10410 (OMB control number 0938-1147); *Frequency:* Occasionally; *Affected Public:* Individuals or Households, and State, Local, and Tribal Governments; *Number of Respondents:* 25,500,096; *Total Annual Responses:* 76,500,149; *Total Annual Hours:* 21,278,142. (For policy questions regarding this collection contact Brenda Sheppard at 410-786-8534).

3. *Type of Information Collection Request:* Revision of a currently approved collection; *Title of Information Collection:* Cooperative Agreement to Support Navigators in Federally-facilitated and State Partnership Exchanges; *Use:* Section 1311(i) of the Affordable Care Act requires Exchanges (Marketplaces) to establish a Navigator grant program as

part of its function to provide consumers with assistance when they need it. Navigators will assist consumers by providing education about and facilitating selection of qualified health plans (QHPs) within Marketplaces, as well as other required duties. Section 1311(i) requires that a Marketplace operating as of January 1, 2014, must establish a Navigator Program under which it awards grants to eligible individuals or entities who satisfy the requirements to be Exchange Navigators. For Federally-facilitated Marketplaces (FFMs) and State Partnership Marketplaces (SPMs), CMS will be awarding these grants. Navigator awardees must provide weekly, monthly, quarterly, and annual progress reports to CMS on the activities performed during the grant period and any sub-awardees receiving funds. We have modified the data collection requirements for the weekly, monthly, quarterly, and annual reports that were provided in 80 FR 16687 (May 30, 2015). *Form Number:* CMS-10463 (OMB control number: 0938-1215); *Frequency:* Annually; Quarterly; Monthly; Weekly; and Quarterly; *Affected Public:* Private sector (Businesses or other For-profit and Not-for-profit institutions); *Number of Respondents:* 102; *Total Annual Responses:* 7,446; *Total Annual Hours:* 29,251. (For policy questions regarding this collection, contact Gian Johnson at 301-492-4323.)

4. *Type of Information Collection Request:* Extension of a currently approved collection; *Title of Information Collection:* Income and Eligibility Verification System Reporting and Supporting Regulations; *Use:* A state Medicaid agency that currently obtains and uses information from certain sources, or with more frequency than specified, could continue to do so to the extent that the verifications are useful and not redundant. An agency that has found it effective to verify all wage or benefit information with another agency or with the recipient is encouraged to continue these practices if it chooses. On the other hand, the agency may implement an approved targeting plan under 42 CFR 435.953. The agency's experience should guide its decision whether to exceed these regulatory requirements on income and eligibility verification. While states may target resources when verifying income of course, agencies are still held accountable for their accuracy in eligibility determinations. *Form Number:* CMS-R-74 (OMB control number 0938-0467); *Frequency:* Occasionally; *Affected Public:* State, Local, or Tribal Governments; *Number*

of Respondents: 50; Total Annual Responses: 71; Total Annual Hours: 134,865. (For policy questions regarding this collection contact Brenda Sheppard at 410-786-8534).

5. *Type of Information Collection Request:* New collection (Request for a new OMB control number); *Title of Information Collection:* Information Collection for Machine Readable Data for Provider Network and Prescription Formulary Content for FFM QHPs; *Use:* We are requiring for plan years beginning on or after January 1, 2016, qualified health plan (QHP) issuers to submit provider and formulary data in a machine-readable format to HHS. As required by the Patient Protection and Affordable Care Act; HHS Notice of Benefit and Payment Parameter for 2016 (CMS-9944-P), which went on display on, November 26, 2014, QHPs in the Federally-facilitated marketplace (FFMs) are required to publish information regarding the formulary drug list and provider directory on its Web site in an HHS-specified format, in a format and at times determined by HHS. *Form Number:* CMS-10558 (0938-New); *Frequency:* Monthly; *Affected Public:* Private Sector; *Number of Respondents:* 475; *Number of Responses:* 36; *Total Annual Hours:* 79,800. (For questions regarding this collection, contact Lisa-Ann Bailey at (301) 492-4169.)

Dated: June 23, 2015.

CMS-10575 Generic Clearance for the Health Care Payment Learning and Action Network

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collection

1. *Type of Information Collection Request:* New collection (Request for a new OMB control number); *Title of Information Collection:* Generic Clearance for the Health Care Payment Learning and Action Network; *Use:* The Center for Medicare and Medicaid Services (CMS), through the Center for Medicare and Medicaid Innovation, develops and tests innovative new payment and service delivery models in accordance with the requirements of section 1115A and in consideration of the opportunities and factors set forth in section 1115A(b)(2) of the Act. To date, CMS has built a portfolio of 26 models (in operation or already announced) that have attracted participation from a broad array of health care providers, states, payers, and other stakeholders. During the development of models, CMS builds on ideas received from stakeholders—consulting with clinical and analytical experts, as well as with representatives of relevant federal and state agencies.

On January 26, 2015, Secretary Burwell announced the ambitious goal to have 30% of Medicare Fee-For-Service payments tied to alternative payment models (such as Pioneer ACOs or bundled payment arrangements) by the end of 2016, and 50% of payments by the end of 2018. To reach this goal, CMS will continue to partner with stakeholders across the health care system to catalyze transformation
