

*ICR Status:* This ICR is scheduled to expire on June 30, 2015. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

*Abstract:* EPA's Voluntary Aluminum Industrial Partnership (VAIP) was initiated in 1995 and is an important voluntary program contributing to the overall reduction in emissions of greenhouse gases. This program focuses on reducing direct greenhouse gas emissions including perfluorocarbon (PFC) and carbon dioxide (CO<sub>2</sub>) emissions from the production of primary aluminum. PFCs are very potent greenhouse gases with global warming potentials several thousand times that of carbon dioxide, and they persist in the atmosphere for thousands of years. CO<sub>2</sub> is emitted from consumption of the carbon anode. The Partnership effectively promotes the adoption of emission reduction technologies and practices associated with decreasing the frequency and duration of anode effects. Participants voluntarily agree to designate a VAIP liaison, and to undertake and share information on technically feasible and cost-effective actions to reduce PFC and direct CO<sub>2</sub> emissions. The information contained in the annual reports of VAIP members is used by EPA to assess the success of the program in achieving its goals and to advance Partner efforts to reduce greenhouse gas emissions.

*Burden Statement:* The annual public reporting and recordkeeping burden for this collection of information is estimated to average 40 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the

existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

*Respondents/Affected Entities:* Primary Production of Aluminum.

*Estimated Number of Respondents:* 6.

*Frequency of Response:* Annual.

*Estimated Total Annual Hour Burden:* 240.

*Estimated Total Annual Cost:* \$22,668, includes \$0 annualized capital or O&M costs.

*Changes in the Estimates:* There is no change in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens.

**Courtney Kerwin,**

## ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OECA-2014-0104; FRL-9929-79-OEI]

### Information Collection Request Submitted to OMB for Review and Approval; Comment Request; NESHAP for Polyvinyl Chloride and Copolymer Production Area Sources (Renewal)

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The Environmental Protection Agency has submitted an information collection request (ICR), "NESHAP for Polyvinyl Chloride and Copolymer Production Area Sources (40 CFR part 63, subpart DDDDDD) (Renewal)" (EPA ICR No. 2454.02, OMB Control No. 2060-0684) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). This is a proposed extension of the ICR, which is currently approved through June 30, 2015. Public comments were previously requested via the **Federal Register** (79 FR 30117) on May 27, 2014 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An Agency may not conduct or sponsor and a person is not required to respond

to a collection of information unless it displays a currently valid OMB control number.

**DATES:** Additional comments may be submitted on or before July 30, 2015.

**ADDRESSES:** Submit your comments, referencing Docket ID Number EPA-HQ-OECA-2014-0104, to (1) EPA online using [www.regulations.gov](http://www.regulations.gov) (our preferred method), by email to [docket.oeca@epa.gov](mailto:docket.oeca@epa.gov), or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460, and (2) OMB via email to [oira\\_submission@omb.eop.gov](mailto:oira_submission@omb.eop.gov). Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

#### FOR FURTHER INFORMATION CONTACT:

Patrick Yellin, Monitoring, Assistance, and Media Programs Division, Office of Compliance, Mail Code 2227A, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460; telephone number: (202) 564-2970; fax number: (202) 564-0050; email address: [yellin.patrick@epa.gov](mailto:yellin.patrick@epa.gov).

#### SUPPLEMENTARY INFORMATION:

Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at [www.regulations.gov](http://www.regulations.gov) or in person at the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

*Abstract:* The affected entities are subject to the General Provisions of the NESHAP at 40 CFR part 63, subpart A, and any changes, or additions to the General Provisions specified at 40 CFR part 63, subpart DDDDDD. Owners or operators of the affected facilities must submit a one-time-only of any physical or operational changes, initial performance tests, and periodic reports and results. Owners or operators are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. Reports are also required semiannually.

*Form Numbers:* None.

*Respondents/affected entities:*

Polyvinyl chloride and copolymer production area source facilities.

*Respondent's obligation to respond:* Mandatory (40 CFR part 63, subpart DDDDDDD).

*Estimated number of respondents:* 3 (total).

*Frequency of response:* Initially, semiannually and annually.

*Total estimated burden:* 69,200 hours (per year). Burden is defined at 5 CFR 1320.3(b).

*Total estimated cost:* \$7,770,000 (per year), includes \$806,000 annualized capital or operation & maintenance costs.

*Changes in the Estimates:* There is an adjustment increase in the estimated burden as currently identified in the OMB Inventory of Approved Burdens. In consulting with the Vinyl Institute during the renewal of this ICR, EPA received comprehensive comments on the burden associated with specific reporting and recordkeeping requirements, including, but not limited to, performance test, monitor installation, resin and wastewater sampling, equipment leak and process vent monitoring. We have updated the burden items to more accurately reflect the costs incurred by the industry. The update results in a substantial increase in the respondent labor hours, labor costs, and capital/O&M costs. There is also a small increase in the number of responses as we have updated the number of subject area sources from two to three based on data provided by the Vinyl Institute.

## ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OECA-2014-0098; FRL-9929-18-OEI]

### Information Collection Request Submitted to OMB for Review and Approval; Comment Request; NESHP for Nine Metal Fabrication and Finishing Sources (Renewal)

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The Environmental Protection Agency has submitted an information collection request (ICR), "NESHP for Nine Metal Fabrication and Finishing

Sources (40 CFR part 63, subpart XXXXXX) (Renewal)" (EPA ICR No. 2298.04, OMB Control No. 2060-0622), to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). This is a proposed extension of the ICR, which is currently approved through June 30, 2015. Public comments were previously requested via the **Federal Register** (79 FR 30117) on May 27, 2014 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An Agency may neither conduct nor sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

**DATES:** Additional comments may be submitted on or before July 30, 2015.

**ADDRESSES:** Submit your comments, referencing Docket ID Number EPA-HQ-OECA-2014-0098, to: (1) EPA online using [www.regulations.gov](http://www.regulations.gov) (our preferred method), by email to [docket.oeca@epa.gov](mailto:docket.oeca@epa.gov), or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460; and (2) OMB via email to [oira\\_submission@omb.eop.gov](mailto:oira_submission@omb.eop.gov). Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI), or other information whose disclosure is restricted by statute.

**FOR FURTHER INFORMATION CONTACT:**

Patrick Yellin, Monitoring, Assistance, and Media Programs Division, Office of Compliance, Mail Code 2227A, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460; telephone number: (202) 564-2970; fax number: (202) 564-0050; email address: [yellin.patrick@epa.gov](mailto:yellin.patrick@epa.gov).

**SUPPLEMENTARY INFORMATION:**

Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at [www.regulations.gov](http://www.regulations.gov) or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's

public docket, visit: <http://www.epa.gov/dockets>.

*Abstract:* The regulation applies to nine metal fabrication and finishing area source categories: (1) Electrical and Electronic Equipment Finishing Operations; (2) Fabricated Metal Products; (3) Fabricated Plate Work (Boiler Shops); (4) Fabricated Structural Metal Manufacturing; (5) Heating Equipment, except Electric; (6) Industrial Machinery and Equipment Finishing Operations; (7) Iron and Steel Forging; (8) Primary Metal Products Manufacturing; and (9) Valves and Pipe Fittings. The final rule establishes emission standards in the form of management practices and equipment standards for new and existing operations of dry abrasive blasting, machining, dry grinding and dry polishing with machines, spray painting and other spray coating, and welding operations. These standards reflect EPA's determination regarding the generally achievable control technology and/or management practices for the nine area source categories.

*Form Numbers:* None.

*Respondents/affected entities:*

Owners and operators of facilities in the nine metal fabrication and finishing source categories.

*Respondent's obligation to respond:* Mandatory (40 CFR part 63, subpart XXXXXX).

*Estimated number of respondents:* 5,800 (total).

*Frequency of response:* Initially, occasionally and annually.

*Total estimated burden:* 35,700 hours (per year). Burden is defined at 5 CFR 1320.3(b).

*Total estimated cost:* \$3,600,000 (per year), which includes \$0 for both annualized capital and operation & maintenance costs.

*Changes in the Estimates:* There is an adjustment increase in the estimated burden as currently identified in the OMB Inventory of Approved Burdens. The previous ICR incorrectly carried over burdens and costs from initial activities and divided the total number of respondents by three. This ICR is corrected to reflect the annual, on-going burden and costs for existing facilities. In addition, the use of more updated labor rates results in an increase in total labor costs. The overall result is an increase in burden hours and costs.
