Telephone number: 202-693-3010 (this is not a toll-free number). Individuals with hearing or speech impairments may access the telephone number above via TTY by calling the toll-free Federal Information Relay Service at 1-877-889-5627 (TTY/TDD). Fax: 202-693-2768. Email: ETA.OFLC.Forms@dol.gov subject line: ETA-9142B. A copy of the proposed information collection request (ICR) can be obtained free of charge by contacting the office listed above.

SUPPLEMENTARY INFORMATION:

I. Background

The information collection is required by sections 101(a)(15)(H)(ii)(b) and 214(c) of the Immigration and Nationality Act (INA) (8 U.S.C. 1011(a)(15)(H)(ii)(b) and 1184(c)) and 8 CFR 214.2(h)(6). Before an employer may petition for any temporary skilled or unskilled foreign workers, it must submit a request for certification to the Secretary of Labor containing the elements prescribed by the INA and the Department of Labor's (Department) implementing regulations, which differ depending on the visa program under which the foreign workers are sought.

The H-2B visa program enables employers to bring nonimmigrant foreign workers to the U.S. to perform nonagricultural work of a temporary or seasonal nature as defined in 8 U.S.C. 1101(a)(15)(H)(ii)(b). For purposes of the H-2B program, the INA and governing federal regulations require the Secretary of Labor to certify, among other things, that any foreign worker seeking to enter the United States on a temporary basis for the purpose of performing non-agricultural services or labor will not, by doing so, adversely affect wages and working conditions of U.S. workers who are similarly employed. In addition, the Secretary must certify that qualified U.S. workers are not available to perform such temporary labor or services. (8 CFR 214.2(h)(6)(i)(A), (iii)(A).)

The Form ETA-9142B *H-2B Application for Temporary Employment Certification* is used to collect information to permit the Department to meet its statutory responsibilities for administering the H-2B nonimmigrant temporary non-agricultural employment-based visa program. Appendix B of the Form ETA-9142B is used by employers to attest that they

will comply with all of the terms, conditions, and obligations of the H-2B program.

The Form ETA-9155 *H-2B Registration* is a new form required by the regulations that went into effect April 29, 2015. Once its use is fully implemented, it will allow the Department to make a preliminary determination with respect to an employer's temporary need, and issue to the employer an *H-2B Registration* to be used in connection with subsequent labor certification applications for a period of up to three consecutive years. Once the ETA-9155 registration form is implemented, an H-2B employer will have to register with the Department prior to submitting its request for labor certification.

The *Seafood Industry Attestation* is an attestation used specifically by employers in the seafood industry who would like to avail themselves of the staggered entry provision for H-2B workers recently enacted by Congress in the Consolidated and Further Continuing Appropriations Act of 2015, Public Law 113-235.

II. Review Focus

DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- enhance the quality, utility, and clarity of the information to be collected; and
- minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

The agenda for the NAC TI&E Committee meeting includes the following topics:

- Space Technology Mission Directorate Update
- Remarks by Jet Propulsion Laboratory Center Director
- Briefing on Impacts of Space Technology Mission Directorate Budget Reductions on Major Projects
- Update on Low Density Supersonic Decelerator Project
- Update on Deep Space Atomic Clock Project
- Update on Deep Space Optical Communications Project
- Office of the Chief Technologist Update

The joint session with the NAC HEO Committee includes the following topics:

- Overview of Space Technology Program
- Briefing of Evolvable Mars Strategy and HEO Technology Development Efforts
- Overview of Hydrocarbon Engine Activities
- Overview of NASA Launch Services

Attendees will be required sign a register and to comply with Jet Propulsion Laboratory (JPL) security requirements including presentation of a valid picture ID (such as a driver's license for U.S. Citizens; Permanent Resident green card; or passport/visa for non-U.S. Citizens) before receiving admittance to JPL. Due to the Real ID Act, Public Law 109-13, any attendees

with driver's licenses issued from non-compliant states/territories must present a second form of identification: [Federal employee badge; passport; active military identification card; enhanced driver's license; U.S. Coast Guard Merchant Mariner card; Native American tribal document; school identification accompanied by an item from LIST C (documents that establish employment authorization) from the "List of the Acceptable Documents" on Form I-9]. Non-compliant states/territories are: American Samoa, Arizona, Idaho, Louisiana, Maine, Minnesota, New Hampshire, and New York. Individuals without proper identification will not be admitted to the JPL. Members of the public interested in attending this meeting must contact Ms. Helen N. Paley of JPL at phone number 818-354-6427 or helen.n.paley@jpl.nasa.gov to receive a listing of the information required prior to admittance to JPL. Completed information spreadsheet must be emailed to Ms. Paley by no later than Friday, July 17, 2015. It is imperative that this meeting be held on these dates to accommodate the scheduling priorities of the key participants.
