

Matters To Be Considered: The August 3, 2015 meeting will be the first in a series of NTIA-convened multistakeholder discussions concerning privacy, transparency, and accountability issues regarding commercial and private use of UAS. Subsequent meetings will follow on September 24, 2015; October 21, 2015; and November 20, 2015. Additional meetings will be scheduled as needed. Stakeholders will engage in an open, transparent, consensus-driven process to develop best practices for privacy, accountability, and transparency issues regarding commercial and private UAS use in the NAS.

The objectives of the August 3, 2015, meeting are to: (1) Briefly review the current regulatory environment for commercial UAS operation; (2) briefly discuss the range of commercial uses of UAS; (3) engage stakeholders in a discussion of high-priority substantive issues stakeholders believe should be addressed by best practices for privacy, transparency, and accountability for UAS operation; and (4) engage stakeholders in a discussion of logistical issues, including the potential establishment of working groups and identification of concrete goals and stakeholder work between the August and September meetings. This first meeting is intended to provide stakeholders with factual background regarding how UAS technology is currently used by businesses and individuals, how the technology might be employed in the near future, and what privacy, transparency, and accountability issues might be raised by the technology. NTIA will publish an agenda in advance of the August 3, 2015 meeting.

The main objective of the September 24, 2015; October 21, 2015; and November 20, 2015 meetings is to encourage and facilitate continued discussion among stakeholders concerning a best practices document that sets forth privacy, transparency, and accountability practices for commercial and individual UAS operation. This discussion may include

circulation of stakeholder-developed straw-man drafts and discussion of the appropriate scope of best practices. Stakeholders may also agree on procedural work plans for the group, including additional meetings or modified logistics for future meetings.

NTIA suggests that stakeholders consider “freezing” the draft code of conduct after the November 20, 2015 meeting in order to facilitate external review of the draft. Stakeholders would then likely reconvene the group in December 2015 or January 2016 to take account of external feedback. More information about stakeholders’ work will be available at: <http://www.ntia.doc.gov/other-publication/2015/multistakeholder-process-unmanned-aircraft-systems>.

Time and Date: NTIA will convene meetings of the multistakeholder process regarding unmanned aircraft systems on August 3, 2015; September 24, 2015; October 21, 2015; and November 20, 2015, from 1:00 p.m. to 5:00 p.m., Eastern Time. The meeting dates and times are subject to change. The meetings are subject to cancellation if stakeholders complete their work developing a code of conduct. Please refer to NTIA’s Web site, <http://www.ntia.doc.gov/other-publication/2015/multistakeholder-process-unmanned-aircraft-systems>, for the most current information.

Place: The meeting will be held in the Boardroom at the American Institute of Architects, 1735 New York Avenue NW., Washington, DC 20006. The location of the meetings is subject to change. Please refer to NTIA’s Web site, <http://www.ntia.doc.gov/other-publication/2015/multistakeholder-process-unmanned-aircraft-systems>, for the most current information.

Other Information: The meetings are open to the public and the press. The meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to John Verdi at (202) 482–8238 or jverdi@ntia.doc.gov at least seven (7) business days prior to each meeting. The meetings will also be webcast. Requests

for real-time captioning of the webcast or other auxiliary aids should be directed to John Verdi at (202) 482–8238 or jverdi@ntia.doc.gov at least seven (7) business days prior to each meeting. There will be an opportunity for stakeholders viewing the webcast to participate remotely in the meetings through a moderated conference bridge, including polling functionality. Access details for the meetings are subject to change. Please refer to NTIA’s Web site, <http://www.ntia.doc.gov/other-publication/2015/multistakeholder-process-unmanned-aircraft-systems>, for the most current information.

JUL 07 2015

Dear Mr. Speaker:

Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding a revised Transmittal No. 15-25 concerning the Department of the Air Force's proposed Letter(s) of Offer and Acceptance to Egypt for defense articles and services estimated to cost \$100 million. The original Transmittal was delivered on June 04, 2015, and it erroneously identified principal contractors in the Policy Justification. In fact, the principal contractor has not been determined and will be determined during contract negotiations. This submission corrects this discrepancy and makes no other changes. After this letter is delivered to your office, we plan to issue a press statement to notify the public of this proposed sale.

Sincerely,

J. W. Rixey
Vice Admiral, USN
Director

POLICY JUSTIFICATION

Egypt—Border Security Mobile Surveillance Sensor Security System

The Government of Egypt has requested a possible sale for procurement and construction of one (1) commercial off-the-shelf border security mobile surveillance sensor security system that will include the following sub-systems: mobile surveillance sensor towers, mobile command and control (C2) systems, a regional C2 system, voice/data communications equipment, spare parts, support equipment, personnel training, training equipment, publications and technical documentation, U.S. Government and contractor technical and logistics support services, and other related elements of logistics and program support. The estimated cost is \$100 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country that has been and continues to be an important force for political stability and economic progress in the Middle East.

This mobile surveillance sensor security system will provide Egypt with advanced capabilities intended to bolster its border surveillance capabilities along its border with Libya and elsewhere. This procurement is intended for Egyptian Border Guard Forces, which currently lack any remote detection capability along unpatrolled areas of Egypt's borders. This system would provide an early warning capability to allow for faster response times to mitigate threats to the border guards and the civilian population. Egypt should have no difficulty absorbing these systems into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor is undetermined at this time and will be determined during negotiations. There are no known offset arrangements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Egypt. However, the proposed sale will require periodic travel to Egypt by multiple U.S. Government and contractor representatives' for program and technical review meetings, testing, and training for a period of up to 5 years.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

DEPARTMENT OF EDUCATION

[Docket No.: ED-2015-ICCD-0056]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; An Impact Evaluation of Training in Multi-Tiered Systems of Support for Behavior (MTSS-B)

AGENCY: Institute of Education Sciences/ National Center for Education Evaluation (IES/NCEE), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 3501 *et seq.*), ED is proposing a new information collection.

DATES: Interested persons are invited to submit comments on or before August 13, 2015.

ADDRESSES: Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting Docket ID number ED-2015-ICCD-0056 or via postal mail, commercial delivery, or hand delivery. If the www.regulations.gov site is not available to the public for any reason, ED will temporarily accept comments at ICDocketMgr@ed.gov. Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted; ED will ONLY accept comments during the comment period in this mailbox when the www.regulations.gov site is not available. Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Mailstop L-OM-2-2E319, Room 2E103, Washington, DC 20202.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Lauren Angelo, 202-219-2180.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an

opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: An Impact Evaluation of Training in Multi-Tiered Systems of Support for Behavior (MTSS-B).

OMB Control Number: 1850-NEW.

Type of Review: A new information collection.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Responses: 12,343.

Total Estimated Number of Annual Burden Hours: 5,909.

Abstract: This submission requests approval of data collection activities that will be used to support An Impact Evaluation of Training in Multi-Tiered Systems of Support for Behavior (MTSS-B). The evaluation will estimate the impact on school staff practices, school climate, and student outcomes of providing training and support in the MTSS-B framework plus universal (Tier I) positive behavior supports and targeted (Tier II) interventions.
