

be inimical to the common defense and security or to the health and safety of the public; and the issuance of the proposed amendment will be in accordance with 10 CFR part 51 of the Commission's regulations and all applicable requirements have been satisfied. The findings set forth above are supported by a safety evaluation dated July 6, 2015.

III

Accordingly, pursuant to Sections 161b, 161i, 161.o, and 184 of the Atomic Energy Act of 1954, as amended (the Act), 42 U.S.C. Sections 2201(b), 2201(i), 2201(o), and 2234; and 10 CFR 50.80, IT IS HEREBY ORDERED that the application regarding the proposed direct license transfer is approved, subject to the following condition:

1. Duke Energy shall provide satisfactory documentary evidence to the Director of the Office of Nuclear Reactor Regulation that it has obtained the appropriate amount of insurance required of a licensee under 10 CFR part 140 within 30 days of the transfer.

IT IS FURTHER ORDERED that consistent with 10 CFR 2.1315(b), the license amendment that make changes, as indicated in Enclosure 5 to the cover letter forwarding this order, to reflect the subject direct transfer, is approved. The amendment shall be issued and made effective at the time the proposed direct transfer action is completed.

IT IS FURTHER ORDERED that after receipt of all required regulatory approvals of the proposed direct transfer action, Duke Energy shall inform the Director of the Office of Nuclear Reactor Regulation in writing of such receipt no later than 2 business days prior to the date of the closing of the direct transfer. Should the proposed direct transfer not be completed within 1 year of this order's date of issue, this order shall become null and void. However, upon written application and good cause shown, such date may be extended by order.

This order is effective upon issuance.

For further details with respect to this order, see the initial application dated December 22, 2014 (ADAMS Accession No. ML14358A253), as supplemented by letters dated March 4, 2015 (ADAMS Accession No. ML15075A102); June 1, 2015 (ADAMS Accession No. ML15152A205); June 10, 2015 (ADAMS Accession No. ML15161A289); and June 24, 2015 (ML15175A036), and the safety evaluation dated July 6, 2015 (ADAMS Accession No. ML15159A632), which are available for public inspection at the NRC's Public Document Room (PDR), located at One White Flint North, Room O1-F21, 11555 Rockville Pike, Rockville, Maryland 20852. You may obtain publicly-available documents online in the ADAMS Public Documents collection at <http://www.nrc.gov/reading-rm/adams.html>. Persons who do not have access to ADAMS or who encounter problems in accessing the documents located in ADAMS, should contact the NRC's PDR reference staff at 1-800-397-4209 or 301-415-4737 or by email to pdr.resource@nrc.gov.

Dated at Rockville, Maryland, this 6th day of July 2015.

For the Nuclear Regulatory Commission.
William M. Dean,
Director, Office of Nuclear Reactor Regulation.

RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

Summary: In accordance with the requirement of Section 3506 (c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of

the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Title and purpose of information collection: Employer's Quarterly Report of Contributions under the Railroad Unemployment Insurance Act; OMB 3220-0012.

Under Section 8 of the Railroad Unemployment Insurance Act (RUIA), as amended by the Railroad Unemployment Improvement Act of 1988 (Pub. L. 100-647), the RRB determines the amount of an employer's contribution, primarily on the basis of the RUIA benefits paid, both unemployment and sickness, to the employees of the railroad employer. These experienced-based contributions take into account the frequency, volume, and duration of the employees' unemployment and sickness benefits. Each employer's contribution rate includes a component for administrative expenses as well as a component to cover costs shared by all employers. The regulations prescribing the manner and conditions for remitting the contributions and for adjusting overpayments or underpayments of contributions are contained in 20 CFR 345.

RRB Form DC-1, Employer's Quarterly Report of Contributions under the Railroad Unemployment Insurance Act, is used by railroad employers to report and remit their quarterly contributions to the RRB. Employers can use either the manual version of the form or its Internet equivalent. One response is requested quarterly of each respondent and completion is mandatory. The RRB proposes no changes to Form DC-1.

ESTIMATE OF ANNUAL RESPONDENT BURDEN

Form No.	Annual responses	Time (minutes)	Burden (hours)
DC-1 (Manual)	1,235	25	515
DC-1 (Internet)	1,365	25	569
Total	2,600	1,084

Additional Information or Comments: To request more information or to obtain a copy of the information collection justification, forms, and/or

supporting material, contact Dana Hickman at (312) 751-4981 or Dana.Hickman@RRB.GOV. Comments regarding the information collection

should be addressed to Charles Mierzwa, Railroad Retirement Board, 844 North Rush Street, Chicago, Illinois 60611-2092 or emailed to

Charles.Mierzwa@RRB.GOV. Written comments should be received within 60 days of this notice.

Charles Mierzwa,
Chief of Information Resources Management.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-75391; File No. SR-NASDAQ-2015-061]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to the Volume-Based and Multi-Trigger Thresholds

July 8, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 23, 2015, The NASDAQ Stock Market LLC ("NASDAQ" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by NASDAQ. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

NASDAQ proposes to amend Chapter VII, Section 6, entitled "Market Maker Quotations," of the rules governing the NASDAQ Options Market ("NOM" or "Exchange"). The Exchange proposes to adopt two new NOM Market Maker³ optional risk protections, a volume-based threshold and a multi-trigger threshold.⁴

The text of the proposed rule change is available on the Exchange's Web site at <http://www.nasdaq.cchwallstreet.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the filing is to adopt two new risk protections for NOM Market Maker's to monitor marketplace risk. These protections are intended to assist NOM Market Makers to control their trading risks.⁵ Quoting across many series in an option creates the possibility of "rapid fire" executions

³ The term "NOM Market Maker" means a Participant that has registered as a Market Maker on NOM pursuant to Chapter VII, Section 2, and must also remain in good standing pursuant to Chapter VII, Section 4.

⁴ Market Makers will be required to continue to utilize the Risk Monitor Mechanism in Chapter VI, Section 19, as is the case today.

⁵ Pursuant to NOM Rules at Chapter VII, Section 5, entitled "Obligations of Market Makers", in registering as a market maker, an Options Participant commits himself to various obligations. Transactions of a NOM Market Maker must constitute a course of dealings reasonably calculated to contribute to the maintenance of a fair and orderly market, and Market Makers should not make bids or offers or enter into transactions that are inconsistent with such course of dealings. Further, all Market Makers are designated as specialists on NOM for all purposes under the Act or rules thereunder. See Chapter VII, Section 2.

that can create large, unintended principal positions that expose NOM Market Makers, who are required to continuously quote in assigned options, to potentially significant market risk. Today, the Exchange's rules permit NOM Market Makers to monitor risk arising from multiple executions across multiple options series of a single underlying security.⁶

The Exchange is proposing to offer a new volume-based and multi-trigger threshold protection to NOM Market Makers. The Exchange proposes to amend NOM's Rules at Chapter VII, Section 6(f) to establish: (1) A threshold used to calculate each NOM Market Maker's total volume executed in all series of a given underlying security within a specified time period and compares that to a pre-determined threshold ("Volume-Based Threshold"), and (2) a threshold which measures the number of times the System has triggered⁷ based on the Risk Monitor Mechanism ("Percentage-Based Threshold") pursuant to Chapter VI, Section 19 and Volume-Based Thresholds within a specified time period and compares that total to a pre-determined threshold ("Multi-Trigger Threshold").

Volume-Based Threshold

In connection with offering these two new threshold protections, a NOM Market Maker would provide a specified time period and volume threshold by which the Exchange's System would automatically remove the NOM Market Maker's quotes and orders in an options class, depending on the threshold utilized, submitted through designated NOM protocols, as specified by the Exchange. The Exchange counts Specialized Quote Feed ("SQF")⁸ quotes and OTTO⁹ orders only in determining the number of contracts traded and removed by the System.¹⁰

The Volume-Based Threshold will determine, during a specified time period established by the NOM Market

⁶ See NOM Chapter VI, Section 19, "Risk Monitor Mechanism."

⁷ A trigger is defined as the event which causes the System to automatically remove all quotes and orders in all options series in an underlying issue.

⁸ SQF permits the receipt of quotes. SQF Auction Responses and market sweeps are also not included.

⁹ OTTO immediate or cancel orders will not be included. OTTO provides a method for subscribers to send orders and receive status updates on those orders. OTTO accepts limit orders from System subscribers, and if there is a matching order, the orders will execute. Non-matching orders are added to the limit order book, a database of available limit orders, where they are matched.

¹⁰ Financial Information Exchange ("FIX") Orders are not counted in determining the number of contracts traded and removed by the System.
