

support equipment, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor logistics and technical support services, and other related elements of logistics and program support. The estimated cost is \$146 million.

This proposed sale will enhance the foreign policy and national security of the United States by helping to improve the security of a strategic partner. This proposed sale directly supports the Government of Lebanon and serves the interests of the people of Lebanon and the United States.

The proposed sale will improve Lebanon's capability to meet current and future threats. Lebanon will use the enhanced capability to strengthen its homeland defense and to replenish existing stock levels. Lebanon will have no difficulty absorbing these Hellfire missiles into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be Lockheed Martin Missile and Fire Control in Dallas, Texas. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require any additional U.S. Government or contractor representatives to Lebanon.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 15-29

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as amended  
Annex

Item No. vii

(vii) *Sensitivity of Technology:*

1. The AGM-114 Hellfire II missile is an air-to-ground missile used against light armored targets, thin-skinned vehicles, urban structures, bunkers, caves and personnel. The highest level of release for the Hellfire missile is Secret, based upon the software. The highest level of classified information that could be disclosed by a proposed sale or by testing of the end item is Secret; the highest level that must be disclosed for production, maintenance, or training is Confidential. Reverse engineering could reveal confidential information. Vulnerability data, countermeasures, vulnerability/susceptibility analyses, and threat definitions are classified Secret or Confidential.

2. If a technologically advanced adversary were to obtain knowledge of

the specific hardware and software elements, the information could be used to develop countermeasures which might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

3. A determination has been made that the Government of Lebanon can provide substantially the same degree of protection for the technology being released as the US Government. The sale is necessary in furtherance of the US foreign policy and notional security objectives as outlined in the policy justification of the notification.

4. All defense articles and services listed in this transmittal have been authorized for release and export to Lebanon.

## DEPARTMENT OF DEFENSE

### Department of the Army Corps of Engineers

#### Notice of Intent To Prepare an Environmental Impact Statement for Commercial Dredging of Construction Aggregate From the Kansas River in the State of Kansas

**AGENCY:** U.S. Army Corps of Engineers, DoD.

**ACTION:** Notice of intent.

**SUMMARY:** The U.S. Army Corps of Engineers (COE) is preparing an Environmental Impact Statement (EIS) to analyze the direct, indirect, and cumulative effects of commercial dredging of sand and gravel from the Kansas River in the State of Kansas. The proposed dredging will occur within portions of the river between the mouth of the Kansas River and river mile 170 at the confluence of the Kansas, Republican and Smokey Hill Rivers. Department of the Army (DA) authorization under Section 10 of the River and Harbors Act is required for the work to obtain sand and gravel materials from the Kansas River by hydraulic suction dredging operations. Commercial dredging in the Kansas River has occurred for more than 100 years but the quantity of sand and gravel materials annually withdrawn from the river has increased over time. The existing permits for dredging, last issued in 2007, allowed for a potential annual total of 3,150,000 tons of materials to be extracted from the Kansas River. The current DA permits originally scheduled to expire on December 31, 2012 were indefinitely extended until after

completion of an EIS. Five applicants are currently requesting to extract 1,900,000 tons of material per year from the river at eight locations.

**DATES:** A scoping meeting will be held: August 4, 2015, 4:00 to 7:00 p.m. in Lawrence, Kansas.

**ADDRESSES:** The scoping meeting location is: Lawrence Public Library Auditorium, 707 Vermont Street, Lawrence, Kansas.

**FOR FURTHER INFORMATION CONTACT:**

Questions and comments regarding the proposed action and EIS should be addressed to Mr. Brian Donahue, Regulatory Project Manager, U.S. Army Corps of Engineers, 601 East 12th Street, Room 402, Kansas City, MO 64106; (816) 389-3703; [brian.t.donahue@usace.army.mil](mailto:brian.t.donahue@usace.army.mil). For special needs (visual or hearing impaired, Spanish translation, etc.) requests during the scoping meetings, please call Brian Donahue by July 20, 2015.

**SUPPLEMENTARY INFORMATION:** The COE will be conducting a public scoping meeting at the location above to describe the proposed activity, preliminary alternatives, the National Environmental Policy Act process and to solicit input on the issues and alternatives to be evaluated and other related matters. Written comments for scoping will be accepted until September 15, 2015. The COE has prepared a scoping announcement to familiarize agencies, the public and interested organizations with the proposed Project and potential environmental issues that may be involved. The scoping announcement includes a list of the dredgers' requested annual extraction tonnage and the requested dredging reaches. Copies of the scoping announcement will be available at the public scoping meetings or can be requested by mail.

The permit applicants include the four following currently authorized dredgers: Holliday Sand and Gravel Company, LLC, (Lenexa, Kansas); Masters Dredging, (Lawrence, Kansas); Kaw Valley Companies, Inc. (Kansas City, Kansas); and Builders Choice Aggregates, (Topeka, Kansas). One permit applicant not currently authorized to dredge but seeking a permit is LBB, LLC (Topeka, Kansas). The final EIS would also apply to future applications for similar dredging operations on the Kansas River.

The COE has documented degradation or down-cutting of the river bed in some areas where dredging activity has been concentrated. Bed degradation may affect water intake structures, initiate tributary head cuts, promote bank erosion or levee instability, undermine

pipelines and bridge piers, increase encroachment of the high bank, affect aquatic habitat and create navigation hazards.

The EIS will be prepared according to the COE's procedures for implementing the National Environmental Policy Act of 1969, as amended, 42 U.S.C. 4332(2)(c), and consistent with the COE's policy to facilitate public understanding and review of agency proposals. As part of the EIS process, a full range of reasonable alternatives including the proposed dredging and no dredging will be evaluated.

The COE will invite the U.S. Environmental Protection Agency, the U.S. Fish and Wildlife Service, the U.S. Geologic Survey, the Kansas Department of Health and Environment, the Kansas State Historical Society, the Kansas Department of Wildlife, Parks and Tourism and the Kansas Geologic Survey to be contributing agencies in the formulation of the EIS.

### Department of the Navy

#### Notice of Intent To Grant Exclusive Patent License; GoXtudio, LLC

**AGENCY:** DoD Department of the Navy, DoD.

**ACTION:** Notice.

**SUMMARY:** The invention listed below is assigned to the United States Government as represented by the Secretary of the Navy. The Department of the Navy hereby gives notice of its intent to grant to GoXtudio, LLC, a revocable, nonassignable, exclusive license to practice in the United States, the Government-owned invention described below: U.S. Patent 8,744,783 (Navy Case 99838): Issued June 3, 2014, entitled "SYSTEM AND METHOD FOR MEASURING POWER GENERATED DURING LEGGED LOCOMOTION."

**DATES:** Anyone wishing to object to the grant of this license has fifteen (15) days from the date of this notice to file written objections along with supporting evidence, if any.

**ADDRESSES:** Written objections are to be filed with Naval Surface Warfare Center, Crane Div, Code OOL, Bldg. 2, 300 Highway 361, Crane, IN 47522-5001.

**FOR FURTHER INFORMATION CONTACT:** Mr. Christopher Monsey, Naval Surface

Warfare Center, Crane Div, Code OOL, Bldg. 2, 300 Highway 361, Crane, IN 47522-5001, telephone 812-854-4100.

**Authority:** 35 U.S.C. 207, 37 CFR part 404.

Dated: July 8, 2015.

**N.A. Hagerty-Ford,**

*Commander, Judge Advocate General's Corps, U.S. Navy, Federal Register Liaison Officer.*

## DEFENSE NUCLEAR FACILITIES SAFETY BOARD

### Sunshine Act Notice

**AGENCY:** Defense Nuclear Facilities Safety Board.

**ACTION:** Notice of closed meeting.

**SUMMARY:** Pursuant to the provisions of the Government in the Sunshine Act 5 U.S.C. 552b, and the Defense Nuclear Facilities Safety Board's (Board) regulations implementing the Government in the Sunshine Act, notice is hereby given of the Board's closed meeting described below.

**DATES:** 1:00 p.m.-2:00 p.m., July 29, 2015.

**ADDRESSES:** Defense Nuclear Facilities Safety Board, 625 Indiana Avenue NW., Room 425, Washington, DC 20004.

**FOR FURTHER INFORMATION CONTACT:** Mark Welch, General Manager, Defense Nuclear Facilities Safety Board, 625 Indiana Avenue NW., Suite 700, Washington, DC 20004-2901, (800) 788-4016. This is a toll-free number.

**SUPPLEMENTARY INFORMATION:** The meeting will be closed to the public. No participation from the public will be considered during the meeting.

### Status

Closed. During the closed meeting, the Board Members will discuss issues dealing with potential Recommendations to the Secretary of Energy. The Board is invoking the exemption to close a meeting described in 5 U.S.C. 552b(c)(3) and 10 CFR 1704.4(c). The Board has determined that it is necessary to close the meeting since conducting an open meeting is likely to disclose matters that are specifically exempted from disclosure by statute. In this case, the deliberations will pertain to potential Board Recommendations which, under 42 U.S.C. 2286d(b) and (h)(3), may not be made publicly available until after they have been received by the Secretary of Energy or the President, respectively.

### Matters To Be Considered

The meeting will proceed in accordance with the closed meeting agenda which is posted on the Board's public Web site at [www.dnfsb.gov](http://www.dnfsb.gov). Technical staff may present information to the Board. The Board Members are expected to conduct deliberations regarding potential Recommendations to the Secretary of Energy.
