

U.S. to perform nonagricultural work of a temporary or seasonal nature as defined in 8 U.S.C. 1101(a)(15)(H)(ii)(b). For purposes of the H-2B program, the INA and governing federal regulations require the Secretary of Labor to certify, among other things, that any foreign worker seeking to enter the United States (U.S.) temporarily for the purpose of performing certain unskilled labor will not, by doing so, adversely affect wages and working conditions of U.S. workers similarly employed. The Secretary must also certify that there are not sufficient U.S. workers available to perform such labor. (8 CFR 214.2(h)(6)(i)(A), (iii)(A).)

Prior to submitting labor certification applications to the Secretary of Labor, employers must obtain a prevailing wage for the occupation in the area of intended employment in order to ensure that wages are not being adversely affected by paying foreign workers less than a prevailing wage. Under the regulations, employers may choose to submit an employer-provided survey as long as they meet the criteria set forth in the regulations at 20 CFR 655.10(f). In addition, ETA has codified the standards it uses to assess employer provided surveys that may be relied on to set the prevailing wage. The Department has established a new information collection, the Form ETA-9165, *Employer-Provided Survey Attestations to Accompany H-2B Prevailing Wage Determination Request Based on a Non-OES Survey*, in order to increase compliance with the new standards applicable to employer-provided surveys and to assist the Department in reviewing those surveys. The Department uses the information collected to determine the adequacy of the data provided and validity of the methodology used in conducting the survey submitted by an employer in the H-2B program.

II. Review Focus

DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- enhance the quality, utility, and clarity of the information to be collected; and
- minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

SUPPLEMENTARY INFORMATION:

I. *Background:* The Office of Federal Contract Compliance Programs (OFCCP) administers three nondiscrimination and equal employment opportunity laws. These authorities prohibit employment discrimination and require affirmative action to ensure that equal employment opportunities are made available by Federal contractors regardless of race, sex, sexual orientation, gender identity, color, national origin, religion, status as a qualified individual with a disability, or protected veteran status:

- Executive Order 11246, as amended (E.O. 11246);
- Section 503 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. 793; and
- The affirmative action provisions of the Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended, 38 U.S.C. 4212.

For purpose of this clearance, the regulations permit Federal supply and service contractors to develop affirmative action programs (AAPs) that are based on business function or
