2. OMB Control Number: 2900-0764.

Type of Review: Extension of a currently approved collection.

Abstracts: The mission of the Veterans Health Administration (VHA) is to provide high quality medical and dental care to eligible veterans. Executive Order 12862, dated September 11, 1993, calls for the establishment and implementation of customer service standards, and for agencies to "survey customers to determine the kind and quality of services they want and their level of satisfaction with current services". At present, VA does not specifically evaluate patient satisfaction for over 400,000 veterans receiving dental services each year.

The Dental Patient satisfaction survey is comprised primarily of questions taken from two validated and extensively tested surveys. The first survey is the VA Nation-wide Customer Satisfaction Survey: Survey of Health Experience of Patients (SHEP); this has OMB approval under clearance number 2900-0712. The second survey, Dental Consumer Assessment of Healthcare Provider and Systems (DCAHPS), was developed by the Agency for Healthcare Research and Quality (AHRQ). The psychometric properties of this survey are well documented and the survey has been used extensively in measuring patient satisfaction for TRICARE dental services.
