

indoor location, The test bed is necessary for the compliance certification framework adopted in the Fourth Report and Order.

Section 20.18(i)(3)(ii) requires that beginning 18 months from effective date of rules, nationwide CMRS providers providing service in any of the six Test Cities identified by ATIS (Atlanta, Denver/Front Range, San Francisco, Philadelphia, Chicago, and Manhattan Borough of New York City) must collect and report aggregate data on the location technologies used for live 911 calls. This reporting requirement is necessary to validate and verify the compliance certifications made by CMRS providers.

Section 20.18(i)(3)(iii) requires that CMRS providers shall retain testing and live call data gathered pursuant to this section for a period of 2 years.

Section 20.18(i)(4)(i) and (ii) require that no later than 18 months from the effective date, each CMRS provider shall submit to the Commission its plan for implementing improved indoor location accuracy and a report on its progress toward doing so. Non-nationwide CMRS providers will have an additional 6 months to submit their progress reports. All CMRS providers shall provide an additional progress report no later than 36 months from the effective date of the adoption of this rule. The 36-month reports shall indicate what progress the provider has made consistent with its implementation plan.

Section 20.18(i)(4)(iii) requires that prior to activation of the NEAD but no later than 18 months from the effective date of the adoption of this rule, the nationwide CMRS providers shall file with the Commission and request approval for a security and privacy plan for the administration and operation of the NEAD. This requirement is necessary to ensure that the four nationwide CMRS providers are building in privacy and security measures to the NEAD from its inception.

Section 20.18(i)(4)(iv) requires that before use of the NEAD or any information contained therein, CMRS providers must certify that they will not use the NEAD or associated data for any non-911 purpose, except as otherwise required by law. This requirement is necessary to ensure the privacy and security of any personally identifiable information that may be collected by the NEAD.

Section 20.18(j) requires CMRS providers to provide standardized confidence and uncertainty (C/U) data for all wireless 911 calls, whether from outdoor or indoor locations, on a per-call basis upon the request of a PSAP.

This requirement will serve to make the use of C/U data easier for PSAPs

Section 20.18(k) requires that CMRS providers must record information on all live 911 calls, including, but not limited to, the positioning source method used to provide a location fix associated with the call, as well as confidence and uncertainty data. This information must be made available to PSAPs upon request, as a measure to promote transparency and accountability for this set of rules.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 63

[IB Docket No. 12-299; FCC 14-48]

Reform of Rules and Policies on Foreign Carrier Entry Into the U.S. Telecommunications Market; Correction

AGENCY: Federal Communications Commission.

ACTION: Correcting amendment.

SUMMARY: This document contains a correction to a final regulation, which was published in the Federal Register on Tuesday, June 3, 2014 (79 FR 31877). The regulation relates to the contents of applications for international common carriers.

DATES: Effective August 3, 2015.

FOR FURTHER INFORMATION CONTACT: Veronica Garcia-Ulloa, Policy Division, International Bureau at 202-418-0481; David Krech, Policy Division, International Bureau at 202-418-7443; Susan O'Connell, Policy Division, International Bureau at 202-418-1484.

SUPPLEMENTARY INFORMATION: In a final rule published on Tuesday, June 3, 2014 (79 FR 31877), the revision description of § 63.18(k) incorrectly states that "Section 63.18 is amended by revising paragraph (k) introductory text," instead of correctly stating that "Section 63.18 is amended by revising paragraph (k)," leading the published final regulation § 63.18(k) to incorrectly keep subparagraphs (1)-(3), which should be removed. This correcting amendment document removes subparagraphs (1)-(3) of § 63.18(k).

List of Subjects in 47 CFR Part 63

Communications common carriers.

Accordingly, 47 CFR part 63 is corrected by making the following correcting amendment:

PART 63—EXTENSION OF LINES, NEW LINES, AND DISCONTINUANCE, REDUCTION, OUTAGE AND IMPAIRMENT OF SERVICE BY COMMON CARRIERS; AND GRANTS OF RECOGNIZED PRIVATE OPERATING AGENCY STATUS

1. The authority citation for part 63 continues to read as follows:

Authority: Sections 1, 4(i), 4(j), 10, 11, 201-205, 214, 218, 403 and 651 of the Communications Act of 1934, as amended, 47 U.S.C. 151, 154(i), 154(j), 160, 201-205, 214, 218, 403, and 571, unless otherwise noted.

2. Section 63.18 is amended by revising paragraph (k) to read as follows:

§ 63.18 Contents of applications for international common carriers.

* * * * *

(k) For any country that the applicant has listed in response to paragraph (j) of this section that is not a member of the World Trade Organization, the applicant shall make a demonstration as to whether the foreign carrier has market power, or lacks market power, with reference to the criteria in § 63.10(a).

NOTE TO PARAGRAPH (k): Under § 63.10(a), the Commission presumes, subject to rebuttal, that a foreign carrier lacks market power in a particular foreign country if the applicant demonstrates that the foreign carrier lacks 50 percent market share in international transport facilities or services, including cable landing station access and backhaul facilities, intercity facilities or services, and local access facilities or services on the foreign end of a particular route.
